Winnipeg Art Gallery – Vision Exchange Community Projects

a. Organization description

Charitable Number: 105260525 RR0001; The Winnipeg Art Gallery is a non-profit charitable organization. (1967/01/01)

Incorporated: 105260525 MC0001. The Winnipeg Art Gallery is provincially incorporated. (1963/05/06)

Vision: The Winnipeg Art Gallery is a cultural advocate using art to connect, inspire, and inform.

Mission Statement: Playing a dynamic role in the community and engaging people of all ages and backgrounds, the WAG thrives as a creative and accessible place for learning, dialogue, and enjoyment through art, with a particular focus on Inuit art and culture.

Since becoming Canada's first civic art gallery in 1912, the Winnipeg Art Gallery has developed and maintained Manitoba's visual arts heritage to ensure the preservation of this legacy for future generations. Today, the WAG maintains a vast collection of works by a variety of Canadian and international artists, representing artists from countries and cultures around the globe, including the world's largest public collection of contemporary Inuit art.

Winnipeg is known as the "cultural cradle of Canada" for the variety of artistic venues and opportunities – however, this term could equally apply to the diverse and multicultural residents who call it home. New contemporary exhibitions featured at the WAG aim to reflect the many cultures and histories living here in Winnipeg.

b. Project description

What: The Winnipeg Art Gallery will be presenting *Vision Exchange: Perspectives from India to Canada*, a travelling exhibition organized by the National Gallery of Canada and the Art Gallery of Alberta. *Vision Exchange* will be the first exhibition at the WAG to showcase artworks exclusively by contemporary artists from India and artists of Indian heritage living in Canada. It is the largest exhibit of its kind to be presented in Manitoba.

The works in this timely and critical exhibition address issues of shifting histories and borders, relationships to the land, and the complex themes of migration, immigration, and diaspora.

The exhibition will open with a public celebration of art and the artists – some of whom will be in attendance for this event.

The Winnipeg Art Gallery is seeking financial support for this exhibition. The budget outlines all costs associated with the exhibition from creating the built environment inside the Gallery to ongoing special programming to engage all ages. **We are requesting financial support in the amount of $50,000.**

Throughout the run of *Vision Exchange*, events and programs will link the exhibition's material to life in Winnipeg, Canada, and India. Programs will be presented in partnership with the local Indo-Canadian community, including **Family Sunday** – an immersive gallery experience that invites children and their families to consider the content of the show through tours, art-making, performances, and interactives celebrating the art and culture, **Feast** – a themed dinner highlighting local restaurants that includes a guided exhibition tour, **film screenings with panels and talks** – featuring the artists, educators, and others, and **community tours** – led by members of the public, sharing personal stories and experiences that relate to the art.

These programs will be integral in facilitating a learning experience, connection, and understanding between our visitors of all ages, the artwork within *Vision Exchange*, and the issues presented by the artists.

The Winnipeg Art Gallery has established a group of local advisors from the Indo-Canadian community to ensure the exhibition engages the public in an inclusive and accessible manner.

Where: Programs will take place at the Winnipeg Art Gallery in communal areas, such as galleries, entrance halls, the rooftop, and the auditorium.

Why: Winnipeg has long been a cultural hub – where immigrants of varying cultures and heritage meet and choose to make their homes. In 2006, 17.7% of Winnipeg residents were immigrants. In 2016, this percentage climbed to 25.5% - and continues to grow. 60% of immigrants were from Asian provinces alone, with over 25,000 immigrants coming from the six nations of the Indian subcontinent (India, Pakistan, Bangladesh, Sri Lanka, Nepal, and Bhutan).

Vision Exchange will be an opportunity for Winnipeggers to celebrate art and artists with roots in India, and a chance to explore ideas and issues relevant to Canadian audiences and experiences. The themes presented in this exhibition – diaspora, shifting histories, relationships to the land, (im)migration, and more – are especially pertinent to

Winnipeg's immigrant community, many of whom recall moving to Canada to take advantage of better economic opportunities, or to escape wars and other civil strife.

The exhibition title is inspired by Akbar Padamsee's "Vision Exchange Workshop" (VIEW), initiated in Delhi and Bombay from 1969 to 1972 to promote interdisciplinary collaboration amongst painters, sculptors, photographers, writers, and filmmakers, and to engage with the international avant-garde. In the original spirit of VIEW, artist perspectives are offered to foster a multifaceted dialogue, international in scope, around histories of place, as these continue to resonate sharply in the present. As such, over 100 artworks will be on view, ranging from video and photography to painting and sculpture, including significant loans from Delhi, Mumbai, and the National Gallery of Canada.

When: Vision Exchange runs at the WAG from May 11 to September 8, 2019.

Additional Information:

The attached budget has been created by identifying historical trends through attendance, supply costs, shipping, and other categories. As an institution that runs roughly ten exhibitions per calendar year, there is a plethora of historical data on which we can base these estimates. In some cases, such as *Vision Exchange*, our exhibition partners (i.e. the Art Gallery of Alberta - AGA) identify costs as part of moving the exhibition to Manitoba. These numbers have been locked into the budget, as seen in the attached AGA exhibition contract.

We provide program estimates in this application the same way we provide revenue estimates in our annual funding. As a charitable non-profit, revenue must equal expenses. In instances where more money is raised than needed, this money goes into running more programs for the community. Revenue numbers are never a guarantee – expenditures, whether they be programs or exhibitions, are added or removed as needed to ensure the Gallery remains on budget.

There are a number of variables that determine whether or not a program is able to run, namely decided by the budget. During ideal scenarios programs sell out, and the program is able to function. In other cases, programs do not sell out, and the program is cancelled. If the programs included in this budget are not on target to meet the required attendance, they will be cancelled to preserve the budget.

Scope of Work:

The exhibition *Vision Exchange: Perspectives from India to Canada* will open at the Winnipeg Art Gallery on May 11, and remain on view until September 8.

This exhibition will include over 100 artworks that will engage the public in conversations about diaspora, shifting histories, the land, (im)migration, and more.

To facilitate engagement with the exhibition, the WAG has planned the following programs:

A **Public Opening** on **May 11** will invite and feature members from the local Indo-Canadian communities, including artists featured in the exhibition, local restaurants, dance groups, and more.

Art for Lunch Tours will take place with a WAG Curator on **May 15 & May 29**. These Wednesday afternoon programs invite visitors to the WAG to engage with the exhibition through tours, films, lectures, and more, during the lunch hour.

FEAST, the WAG's signature dinner and tour event, will be in partnership with local Indian restaurants. FEAST will take place on **June 27, July 11, July 25*, August 8, and August 22*.**
*these dates will be added based on public interest and booking.

Community Tours through *Vision Exchange* will be led by members of Winnipeg's community on **June 21, July 19, and August 16**, merging personal perspectives and experiences with the exhibition's material.

Weekend Drop-in Tours will occur each weekend during the run of the exhibition. Drop-In Tours are included with gallery admission, and provide a directed learning experience for visitors to the Gallery who wish to engage with the work via a museum professional.

A **Film Festival & Panel** will take place on five Friday nights throughout the summer. **May 31**: *Today's Special*, **June 7:** *Bombay Summer*, **July 12:** *New York*, **August 9:** *Soma Girls*, **& August 23:** *Counterbalance.* These highly engaging screenings and panels will invite the public to view the films and reflect on their content with filmmakers, artists, and local experts.

Artist Divya Mehra of Winnipeg will be giving an **Artist Talk** on **May 12.** Artist Talks are left up to the discretion of the artist, and often include discussions of their art-making practices, histories, inspiration, and the meaning behind their works.

The **Vision Exchange Cartography Workshop** on **July 21** will encourage participants to draw their own maps, understand their own histories, and the histories of artists within the exhibition.

The WAG's popular **Summer Rooftop Pop-Up Parties** will be transformed by local Indo-Canadian restaurants and entertainers. On **July 4, August 22, and August 29**, restauranteurs will cater **Cocktail & Sampler Parties** on the rooftop; on **July 25**, the rooftop will be transformed into a dance party hosted by an Indo-Canadian DJ.

Hatha Yoga 101 will take place on the rooftop **August 29**: Hatha Yoga was introduced by Yogi Swatmarama, a sage of 15th century India. Traditional Hatha yoga is a holistic yogic path, including disciplines, physical postures, purification procedures, poses, breathing, and meditation. Combined with the WAG's rooftop atmosphere, these pop-ups create a perfect evening experience.

The WAG's **Family Sunday** will return on **July 14** to take over the entire Gallery space with workshops, artists, interactives, snacks, tours, and more. Family Sunday offers reduced family admission plus fun and educational activities.

Free interactives will be available within the exhibition space, including a **Visitor Response Family Lounge** and a **Mini-Tour Activity.** The Visitor Response Family Lounge will encourage the public to create a small artwork in response to their experience at *Vision Exchange*. Printed self-guided tour sheets will be available for families and youth to look for themes and information within the exhibition, including small interactives and activities.

School tours will run weekly during *Vision Exchange*, and include **curriculum-based thematic tours and workshops**, from **May 11 – Sept 8.** Students in all grades and age groups can visit the gallery and experience tours and workshops created specifically for their studies. School outreach will be extensive and accelerated for the first few weeks of the exhibition, which take place during the school year.

To provide our valued educators with information about *Vision Exchange*, a **Teacher PD Day** will take place on **May 30.** PD days provide teacher's with the materials and information to lead self-guided tours with their classrooms and to apply what they've learned at the WAG back in their schools.

A.1.0 • Guiding Principles

Recognizing the size of a museum or gallery

The Minimum Exhibition Royalties schedule reflects the fact that there are institutions of different sizes and means in Canada.

Operating budgets are a matter of public record, and provide a convenient indicator of the size of an exhibiting institution.

Calculation of a gallery's operating budget would include such items as salaries, expenses related to organizing exhibitions such as shipping, insurance, crating and framing; exhibition-related education programs; rent; utilities; research expenses; publication programs; revenue-generating programs like boutiques, restaurants and parking lots.

An operating budget is related to the operation of the museum or gallery only – if the museum or gallery is part of larger institution like a city administration, university or multi-purpose cultural center, only the operating expenses of the museum or gallery need be counted to determine the royalty category. Acquisition funds or capital funds raised for say, a new building, are not counted either.

Beginning in 2018, we include in our tables two categories assigned to the National Gallery of Canada (V) and to the national museums of Quebec (IV), namely the National Museum of Fine Arts of Quebec, the Montreal Museum of Fine Arts, the Montreal Museum of Contemporary Art and the Quebec Museum of Civilization.

For museums with operating budgets over $ 1 million, a new category (III) has been added. Although this category is still subject to discussion, we recommend that the institutions that can do so pay the minimums in this new category

- **Category V Musée des beaux-arts du Canada** (Mandatory minimum rates following the scale agreement signed between CARFAC-RAAV and the NGC in 2015)
- **Category IV Musées nationaux du Québec** (Tariffs with reproduction rights packages if full payment of minimum exhibition royalties, following an agreement with RAAV and endorsed by CARFAC in 2016)
- **Category III** For galleries with operating budgets of more than $ 1M
- **Category II** For galleries with operating budgets of 500K to $ 1M
- **Category I** For galleries with operating budgets of less than 500 K

International Exhibitions

This category is reserved for international exhibitions that are funded by multiple major funding bodies and/or sponsors, which may or may not include museums. The International category includes two sections:

- **International II :** Multiple funders. This category includes major international exhibitions, such as international biennials and surveys, or other exhibitions where the artist is selected to represent Canada and which are funded by several funding bodies and/or sponsors.
- **International I :** Embassies, etc. This category includes exhibitions held in cultural centres, embassies or other locations under the auspices of a federal agency.

Recognizing the scope of an exhibition

The basis of the exhibition royalties schedule is the solo exhibition. Many types of exhibitions vary from this norm. Retrospectives, group shows, small projects, or installations, for example, have different parameters and costs. A percentage calculation has been adopted for these different types of exhibitions.

-A **solo exhibition**, for the purposes of the royalty schedule, is defined as an exhibition that features a body of work by a single artist that spans less than 10 years of his or her production.

-For **retrospectives**, or solo exhibitions that feature more than 10 years of an artist's production, the rate is the listed solo rate plus 15%.

-For **projects, small exhibitions, or installations** - exhibitions with a very narrow focus on a small body of work and occupying one room or a single space - the rate is the listed solo rate minus 15% for all categories.

-The **single works** category applies to specific cases of exhibition of single works, such as very small sites associated with artist-run galleries or the like, i.e.: windows or foyers. It also serves as a benchmark for calculating permanent collection exhibition royalties, and performance presentations. The rate for such exhibitions is 20% of the appropriate solo rate.

-For **group exhibitions**, the total rate for an exhibition including 2-5 artists must not be less than the solo exhibition rate. To determine the amount each artist is to receive the solo exhibition rate is divided by the number of artists. For group exhibitions with 6 to 10 artists the royalty is 19% of the solo rate for each artist. For group exhibitions with 11 or more artists, the royalty for each artist is 17% of the solo rate.

-For **touring exhibitions**, the originating gallery and each venue pay 100% of the appropriate exhibition rate, determined by the Exhibiting Institution Category of each gallery and the scope of the particular exhibition (solo, retrospective, group, etc.). The artist is thus paid each time the exhibition is shown.

Duration

As for the duration of exhibitions, all exhibition rates generally apply to exhibitions of up to three months duration. For longer exhibitions, the royalties are pro-rated on a monthly basis – the royalty for each month an exhibition is extended is therefore 1/3 of the rate determined for the three-month period.

A.1.4 • Permanent Collection Exhibitions

Permanent Collection Exhibition Royalties are calculated using the Single Work rate as a base for works under $10,000 in value. For works above $10,000 in value, the royalty is calculated as a percentage of the purchase price.

Rates apply to both purchased and donated works created after June 7, 1988. Royalties are one-time for a ten-year license.

Royalties are for exhibition at the owner's premises only. Temporary exhibition royalties apply to any touring exhibition or loan for exhibition.

Where a large number of works are purchased at one time from the same artist, a percentage reduction of the total royalties may be considered.

Where a portfolio or series of prints is purchased, one print can be licensed provided that only one print is exhibited at any one time at the owner's location. When more than one is exhibited, Temporary Exhibition Royalties at the appropriate rate applies to each extra print exhibited.

If it is decided that a Permanent Collection License is not desirable, temporary exhibition royalties apply to any exhibition of the work on the owner's premises.

TAX is charged on the royalties.

When a work is created in public, the organizer of the event must include in the amount of compensation to the artist:

- Relevant exhibition royalties.
- An appropriate professional royalty that considers time and other requirements such as materials or travel. See Other Professional Royalties, Section 4.

• A.1.9 • Film and Video Festivals

Film festivals should develop policies related to payment of copyright royalties for public presentation. They should decide in the context of their activity to either pay exhibition royalty (either solo or group, as applicable), or the rates recommended in Section 2 - A.2.2.2 Projection of Video, Film or Electronic Art. The exhibition royalty option allows the payment of the same rate to all participants, while the tariffs in Section 2 are calculated according to the number of performances and the duration of the work.

Hi Nicole,

Sorry I used the wrong number for the shipment from Toronto when I was on the phone with you. I was also
able to confirm that the amount being covered by the Canada council grant. These are the correct numbers
(these are all before GST)

Incoming shipping costs:

U of T to WAG = $13 370.54 + GST
AGA to WAG = $568.23 + GST
Ottawa to WAG = $4950.65 + GST
NGC paying = - $1936.74 + GST
Canada Council coverage = - $3277

Total Incoming shipping = $13 675.14 +GST

For the final dispersal, The Canada Council grant will be covering up to $25 000 towards the return of works
within Canada, so that should be sufficient. Based on what it cost to get the work to the AGA, the return Cost
will be approximate $38 000, split between 4 venues it still be approximately $9 500.00 each.

Let me know if you need any more information.

HERE. THERE. EVERYWHERE.

Storm Catering is a locally grown company that you can trust to provide fresh and delicious food and beverages at a fair price within Manitoba. With decades of experience in catering, event planning and venue management, Storm has the expertise to guide you through the planning process.

Here are some important things to know :

- Because each event is unique, we provide specific pricing on a case-by-case basis. Charges can vary due to many things, such as timeline, location, menu, staff needs, venue-provided equipment and supplies, etc. The following pages include our basic menu and beverage options, however please note that additional charges may apply depending on the specific requirements of your event.

- We can cater events for different group sizes... whether it's a large and lavish banquet of 1600 or a small and casual breakfast for 20.

- We can cater to different venues... from large venues in the City to small farms throughout Manitoba. Please check with your venue to ensure you are permitted to an outside vendor.

- We can service our catering differently depending on what you need... from elaborate 5-course dinners with servers to a lunch-time drop off of sandwich platters.

- We can help you find a venue if you need one... currently we are the exclusive caterers of the Winnipeg Art Gallery and the Pembina Curling Club, and also manage Le Garage Cafe on Provencher Blvd which also hosts events.

- We can provide alcoholic beverages and bar service in your venue using our LGA catering license (see page 22 for more information).

- We can provide tables, chairs, linens, tableware, etc. if you need them (charges may apply).

- We can customize our menus. If you would like something that is not listed in our package, we would be happy to price it out for you.

Hi Gerry,

This might be easier for you rather than coming to the location for a quote.

Attached is the drawing for two walls that we need.
I would need quote ASAP for grant purposes. I will need only red walls built. (Two L walls in total)
Lined with OSB top to bottom.
The walls would have recessed platforms (kick space) which will be provided and installed by us.
Please let me know if you have any questions.

Let me know as soon as you can.

Many thanks,

Radovan
