Audit Recommendations Implementation Status

Once an Audit is complete, the next step is implementation of the recommendations. The Public Service prepares an action plan and target for completion date. The implementation of the audit recommendations is the responsibility of the Public Service.

Status updates are provided to the Audit Department on a quarterly basis; after presentation to Council these are posted at: https://winnipeg.ca/audit/reports.stm. An explanation is provided for any recommendations that will not be implemented; a targeted completion date is noted for implementation in progress. Documentation supporting implementation is reviewed by the Audit Department for confirmation.
