Item No. 6 Subdivision and Rezoning – 901 and 903 Day Street (Transcona Ward) File DASZ 29/2019 [c/r DAV 165316/2019D]

STANDING COMMITTEE RECOMMENDATION:

On March 10, 2020, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Property and Development, Heritage and Downtown Development and submitted the following to Council:

1. That the subdivision under Development Application No. DASZ 29/2019 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor in accordance with the map dated January 20, 2020, and attached as Schedule "A" to this report, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office, subject to the following conditions:

    A. That the Developer enter into a Development Agreement with the City pursuant to subsection 259(1) of the City of Winnipeg Charter in accordance with the following:

        i. The Developer shall either install or pay for trees to be installed along the boulevards of Whittier Avenue and/or Day Street as determined by and to the satisfaction of the Director of Public Works.

        ii. The Developer shall provide, at no cost to the City, lighting at the northeast corner of Whittier Avenue and the public lane behind the site, as determined by and to the satisfaction of the Director of Public Works.

2. *Deleted*.

3. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land to a "RMF-M" Residential Multi-Family (Medium) District as shown on the map dated January 20, 2020, and attached as Schedule "A" to this report, subject to the following conditions:

    A. That the developer enter into, a Zoning Agreement with the City pursuant to Section 240 (1) of The City of Winnipeg Charter in accordance with the following:

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – March 2, 2020

STANDING COMMITTEE RECOMMENDATION (continued):

i. The owner must submit plans showing the location and design of any and all proposed:

a. principal buildings
b. accessory parking areas
c. driveways
d. walkways
e. garbage enclosures
f. in-ground garbage and recycling containers
g. fencing
h. landscaping
i. free-standing signage

on the Owner's Land ("Works) to the City's Director of Planning, Property and Development ("Director") and the East Kildonan-Transcona Community Committee for approval prior to the issuance of any building or development permit, and thereafter must construct the Works in substantial conformance with the approved plans and maintain the Works to the satisfaction of the Director.

ii. No more than 12 dwelling units shall be permitted on the Owner's Land.

iii. The maximum height of any building on the Owner's land shall be 35 feet.

B. That the City enter into, execute and deliver with the developer a Zoning Agreement in accordance with recommendation 2.A. and such other agreements as determined necessary by the Director of Legal Services and City Solicitor to implement the intent of the foregoing (the "Ancillary Agreements").

C. That authority be delegated to the City's Director of Planning, Property and Development (the "Director") to negotiate and approve the terms and conditions of the Zoning Agreement, and any Ancillary Agreements, in accordance with this report and such other terms and conditions determined necessary by the Director of Legal Services and City Solicitor to protect the interests of the City.

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – March 2, 2020

STANDING COMMITTEE RECOMMENDATION (continued):

4. That in lieu of the dedication of land, the developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of Development Application No. DASZ 29/2019, as determined by the City's Director of Planning, Property and Development.

5. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

6. That upon instruction from the Director of Planning, Property and Development, the Director of Legal Services and City Solicitor prepare and bring it directly to Council for enactment the By-law in accordance with the above.

7. That the subdivision section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

8. That the zoning section of the By-law will come into force when the Zoning Agreement is registered in the Winnipeg Land Titles Office by way of caveat against the lands described therein.

9. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan and the Zoning Agreement are not registered in accordance with recommendations 6 and 7 unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approval signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

11. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

~~***10***~~***11***. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Note: The wording in bold and italics denotes amendments made by the Community Committee.

The East Kildonan-Transcona Community Committee provided the following supporting reasons for its recommendation:

1. This building in question has been empty for a long period of time in our community. What's being proposed is dense, but I think it makes maximum use of the available space while at the same time minimizing the injurious effect of the area. I think if everything goes according to the way it is being designed it will be a wonderful addition to our community and I appreciate it.

RECOMMENDATIONS

1. That the subdivision under Development Application No. DASZ 29/2019 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor in accordance with the map dated January 31, 2020, and attached as Schedule "A" to this report, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office.

2. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land to a "RMF-M" Residential Multi-Family (Medium) District as shown on the map dated January 31, 2020, and attached as Schedule "A" to this report, subject to the following conditions:

   A. That the developer enter into, a Zoning Agreement with the City pursuant to Section 240 (1) of *The City of Winnipeg Charter* in accordance with the following:

      i. The owner must submit plans showing the location and design of any and all proposed:

         a) principal buildings;
         b) accessory parking areas;
         c) driveways;
         d) walkways;
         e) garbage enclosures;
         f) in-ground garbage and recycling containers;

g) fencing;
h) landscaping; and
i) free-standing signage

on the Owner's Land ("Works) to the City's Director of Planning, Property and Development ("Director") and the East Kildonan – Transcona Community Committee for approval prior to the issuance of any building or development permit, and thereafter must construct the Works in substantial conformance with the approved plans and maintain the Works to the satisfaction of the Director.

ii. No more than 12 dwelling units shall be permitted on the Owner's Land.

iii. The maximum height of any building on the Owner's land shall be 35 feet.

B. That the City enter into, execute and deliver with the developer a Zoning Agreement in accordance with recommendation 2.A. and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

C. That authority be delegated to the City's Director of Planning, Property and Development (the "Director") to negotiate and approve the terms and conditions of the Zoning Agreement, and any Ancillary Agreements, in accordance with this report and such other terms and conditions determined necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

3. That, in lieu of the dedication of land, the developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of Development Application No. DASZ 29/2019, as determined by the City's Director of Planning, Property and Development.

4. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

5. That, upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare and bring it directly to Council for enactment the By-law in accordance with the above.

6. That the subdivision section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

7. That the zoning section of the By-law will come into force when the Zoning Agreement is registered in the Winnipeg Land Titles Office by way of caveat against the lands described therein.

8. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan and the Zoning Agreement are not registered in accordance with recommendations 6 and 7 unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

9. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approval signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the

developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASONS FOR REPORT

This report is required because a proposed plan of subdivision and rezoning requires a public hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of the Urban Planning and Design Division are concurred in, the proposed plan of subdivision and rezoning can proceed.

CONSULTATION

The City's Administrative Coordinating Group was consulted in the preparation of this report.

OURWINNIPEG POLICY ALIGNMENT

The proposed plan of subdivision and rezoning, and the proposed development align with *OurWinnipeg* because they are consistent with the Key Direction of *OurWinnipeg* that applies to the site. This Key Direction states:

Enhance the quality, diversity, completeness and sustainability of stable neighbourhoods and expand housing options for Winnipeg's changing population.

The proposed plan of subdivision and rezoning application, and the proposed development are consistent with the aforementioned Key Direction because:

- the site has access to the full-range of municipal infrastructure and is not in use;
- public transit stops are near the site; and
- the proposed development would add 12 new dwelling units to the neighbourhood.

WINNIPEG CLIMATE ACTION PLAN ALIGNMENT

The *Winnipeg Climate Action Plan* states:

Facilitate compact, complete development and increase density.

Support the redevelopment of former commercial and industrial lands into active use

The proposal aligns with the *Winnipeg Climate Action Plan* because:

- 12 dwelling units would be added to the neighbourhood; and
- the site is a commercial property that is not in use.

RECOMMENDATION:	Approval Subject to Conditions

SITE DESCRIPTION

The subject site, identified on Figures 1, 2 and 3:

- is at the northwest corner of Day Street and Whittier Avenue West, and is fronting Day Street;
- is abutting a public lane (to the west);
- is in the Victoria Avenue West Neighbourhood and the Transcona Ward;
- is 9156 square feet and 91.5 feet wide;
- contains a vacant building;
- is mostly zoned “C1” Commercial Neighbourhood District and partly zoned “R1-M” Residential Single-Family (Medium) District;
- is in the Urban Infill Area 2 Planning Development Overlay; and
- is in a Mature Communities Policy Area of *OurWinnipeg* and *Complete Communities*.

Figure 2: Looking North, Image Derived from 2018 Aerial Photography

SURROUNDING LAND USE AND ZONING

The area in which the site is located is shown on Figures 1, 2 and 3.

North: single-family dwellings zoned “R1-M” Residential Single-Family (Medium) District.

East: a wide private approach to the site, and Day Street, then single-family dwellings zoned “R1-M” Residential Singlei-Family (Medium) District.

South: Whittier Avenue West then single-family dwellings zoned “R1-M.”

West: public lane then single-family dwellings zoned “R1-M.”

Also of note are:

- that the site is less than a 200 metre walk from public transit stops of four bus routes; and
- that multi-family dwellings are near the site (along Kildare Avenue East).

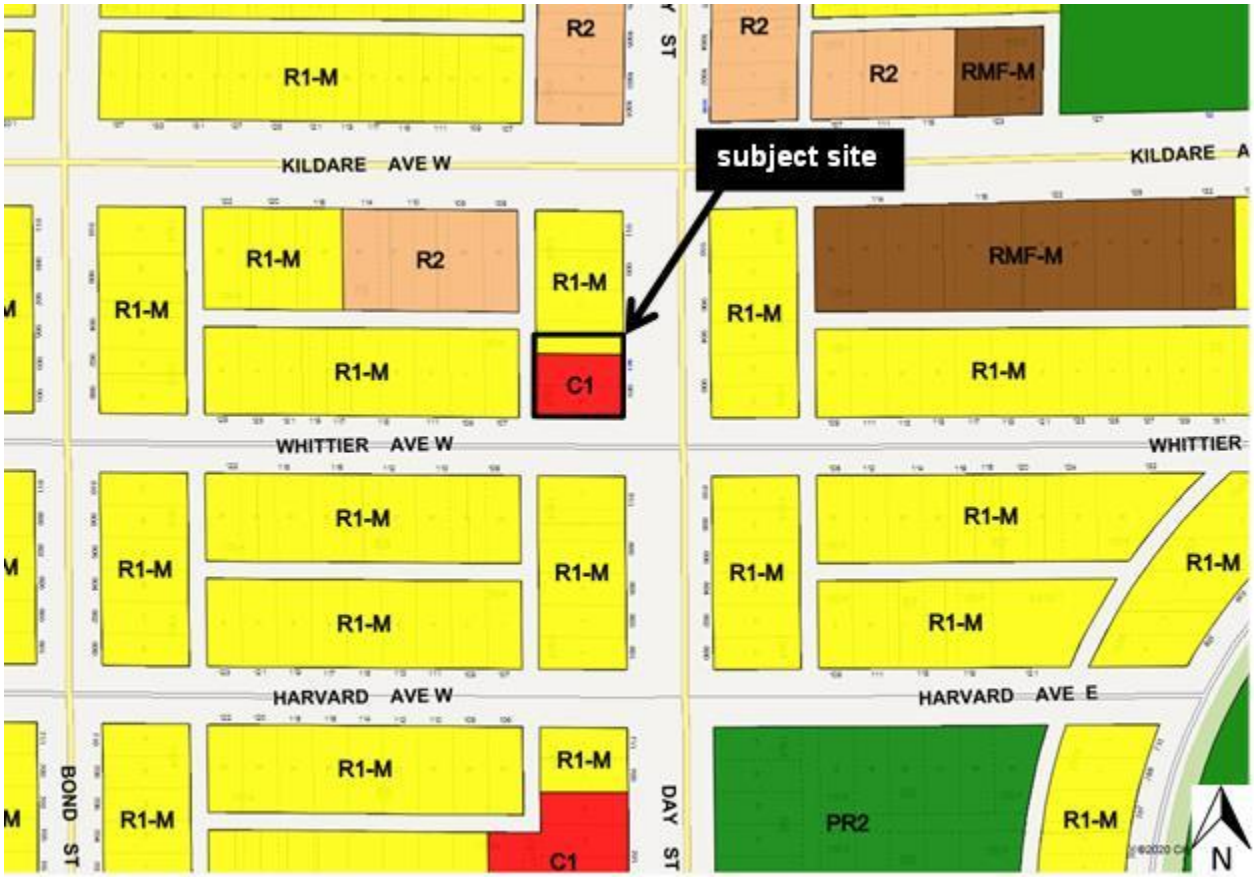

Figure 3: Existing Zoning

DESCRIPTION OF THE PROPOSED DEVELOPMENT

The proposal includes:

- creating a plan of subdivision that would consolidate the site into one lot;
- rezoning the proposed lot to “RMF-M” Residential Multi-Family (Medium) District;
- constructing a three-storey, twelve unit, multi-family dwelling that would be 34 feet in height;
- constructing an accessory parking area containing fourteen parking spaces;
- establishing trees and shrubs on the site; and
- providing a weather protected and secure bicycle parking area.

Variances are also required to accommodate this proposal. A variance application was submitted. It is File DAV 19-165316D. The report on this application has been provided in conjunction with this report.

The image below is one of the drawings submitted as part of the subject variance application. It is a conceptual illustration of the proposed development, as seen from the southeast. (Also submitted are dimensioned drawings that the proposed variances are based on.)

Figure 4: Conceptual Illustration of the Proposed Development, as seen from the Southeast

COLLABORATION

The applicant consulted the Urban Planning and Design Division and the Water and Waste Department. Before finalizing his proposal, he modified it in accordance with the feedback from the Division and from Water and Waste.

PUBLIC ENGAGEMENT

In September 2019, the applicant placed an advertisement in the Transcona BIZ newsletter that described and illustrated the proposed development.

In January 2020, the applicant distributed more than one-hundred flyers to properties in the vicinity of the site that described and illustrated the proposed development. Also in January, the applicant visited people in the neighbourhood and described the proposed development to them.

The applicant said that the majority of the neighbours said they are in support or the development.

The applicant also said that some neighbours mentioned that “there are a lot of older people in the area and that they would seriously consider selling their houses and moving into the new building when they will be ready to downsize, as they would like to stay in the area and it is getting harder and harder for them to maintain a private house.”

ANALYSIS AND ISSUES

OURWINNIPEG AND COMPLETE COMMUNITIES

OurWinnipeg is the City's development plan and Complete Communities is a "Direction Strategy" of OurWinnipeg that provides additional directions and policies on land use and development in the city.

The Areas of Stability sections of *OurWinnipeg* and *Complete Communities* contain the Key Direction that applies to the Mature Communities policy area. It states:

> *Enhance the quality, diversity, completeness and sustainability of stable neighbourhoods and expand housing options for Winnipeg's changing population.*

Direction 1 of Section 04 of *Complete Communities* contains several policies that pertain to the proposal. They state:

> *Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complementary to the existing scale, character and built form.*
>
> *Promote the form of buildings and spaces that are sensitive to the community context and address the transition between new and existing developments.*
>
> *Focus housing growth to areas that have municipal service capacity to support intensification, in addition to commercial and recreational amenities.*
>
> *Support Complete Communities by ensuring diverse and high quality housing stock.*
>
> *In order to meet the full life-cycle of housing needs within the community, promote a mix of housing type and tenure, such as duplexes, low rise apartments, secondary suites, semi-detached homes, townhouses.*

The proposed plan of subdivision and rezoning application is consistent with the aforementioned Key Direction and policies, and with *OurWinnipeg* and *Complete Communities* in general, because:

- the proposed development would add twelve new dwelling units (apartment suites) to the neighbourhood;
- the proposed multi-family dwelling would be only thirty-four feet in height;
- a zoning agreement, limiting the number of dwelling units to twelve and building height to just over thirty-four feet (to provide some flexibility), and requiring plan approval, can be a condition of approval of the subject application;
- the site is in an area with the full-range of municipal infrastructure;
- the site is near transit stops of four bus routes;
- the site is next to a collector road; and
- multi-family dwellings are near the site (along Kildare Avenue East).

REASONS FOR THE RECOMMENDATIONS

The Urban Planning and Design Division recommends approval, and for said approval to require a zoning agreement be entered into:

- that limits the number of dwelling units to twelve and building height to thirty-five feet; and
- that requires plan approval.

With this condition the proposed plan of subdivision and rezoning, and the proposed development,, would comply with *OurWinnipeg* and *Complete Communities*.
