EXECUTIVE SUMMARY

On September 30, 1987 Council approved the subdivision and rezoning of land located north of Inkster Boulevard and east of Brookside Boulevard under File DASZ 56/1985 which allowed for the development and servicing of Phase I of the Inksbrook Industrial Park.

Pursuant to the above-referenced approval, the Developer entered into Development Agreement AG 56/85 with the City of Winnipeg. Section II of AG 56/85 requires the Developer to provide 6.16 acres of land to the City for park purposes in a future phase of Inksbrook Industrial Park located on lands owned by the Developer to the north of the planned area; the 6.16 acres of land is to be dedicated in addition to the lands required to be dedicated in respect of that future subdivision.

The Developer has submitted a request to amend AG 56/85 to allow for a cash payment in lieu of land to satisfy the 6.16 acre land dedication; the Public Service supports the request.

RECOMMENDATIONS

1. That Section II of Development Agreement AG 56/85 be deleted in its entirety and replaced with the following:

   Section II – Land Dedication

   1. The Developer shall provide a cash payment in lieu of land dedication to the City for 6.16 acres of land as determined by the Director of Property and Development.

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council approval is required to amend a Development Agreement.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendation is concurred in, the Developer will provide a cash payment in lieu of land dedication for park purposes.

HISTORY/DISCUSSION

On September 30, 1987 Council approved the subdivision and rezoning of land located north of Inkster Boulevard and east of Brookside Boulevard under File DASZ 56/1985 to allow for the development and servicing of Phase I of the Inksbrook Industrial Park.

One condition of approval for this application required the Developer to dedicate to the City a 6.16 acre parcel of land for park purposes. The location of the park was deferred to Developer owned lands to the north of the planned area when those lands were to be developed by way of subdivision. It was understood and agreed that said 6.16 acres of public open space would be dedicated in addition to the lands required to be dedicated in respect of that future subdivision.

The Developer has requested that the Development Agreement be amended to allow the Developer to provide a cash payment in lieu of dedicating 6.16 acres of land.

The Urban Planning and Design Division have advised that cash in lieu of land dedication is preferred in this instance.

The Winnipeg Public Service recommends approval of this request.
