RE: Amendment to Building Exterior Grant Program By-law No. 109/2018

Please find enclosed a draft by-law that, if enacted by Council, would amend the Building Exterior Grant Program By-law to increase the maximum subsidy for eligible hard costs from “50% of eligible hard costs or $10,000, whichever is less, for each side of the building on which an eligible lighting project has been installed” to “90% of the eligible hard costs or $10,000, whichever is less, for each side of the building on which an eligible lighting project has been installed”.

This amending by-law complies with the direction given by Council in January 30, 2020 when concurring in Recommendations 4 and 5 of Item No. 3 of the Report of the Executive Policy Committee dated January 21, 2020.

As set out in those Recommendations, this draft by-law is to be brought directly to Council for approval.
