Agenda – Executive Policy Committee – July 15, 2020

Report – Standing Policy Committee on Water and Waste, Riverbank Management and the Environment – July 8, 2020

Moved by Councillor

That Rule 10(3) of The Procedure By-law No. 50/2007 be suspended in order that the following item, which was received less than four business days preceding the committee meeting, be considered by Committee.

Item No. 3 Herbicides and Weed Removal in Storm Water Retention Ponds

STANDING COMMITTEE RECOMMENDATION:

On July 8, the Standing Policy Committee on Water and Waste, Riverbank Management and the Environment submitted the following to Council:

1. That the Winnipeg Public Service be directed to re-open the fountains in storm water retention ponds which are not currently operational, utilizing funds from vacancy management, and utility savings from non-operational pools, including wading pools.

2. That the continued operational costs for fountains in storm water retention ponds be referred to the 2021 Budget Review Process.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the forgoing.

Report – Standing Policy Committee on Water and Waste, Riverbank Management and the Environment – July 8, 2020

DECISION MAKING HISTORY:

STANDING COMMITTEE RECOMMENDATION:

On July 8, the Standing Policy Committee on Water and Waste, Riverbank Management and the Environment submitted the following to the Executive Policy and Council:

1. That the Winnipeg Public Service be directed to re-open the fountains in storm water retention ponds which are not currently operational, utilizing funds from vacancy management, and utility savings from non-operational pools, including wading pools.

2. That the continued operational costs for fountains in storm water retention ponds be referred to the 2021 Budget Review Process.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the forgoing.

The following persons submitted communications in support of the matter:

- Myrna Dobson submitted a communication dated July 1, 2020
- Calla Lofvendahl submitted a communication dated July 7, 2020
- Councillor Lukes, Waverley West Ward, submitted a communication

COMMUNITY COMMITTEE RECOMMENDATION:

On June 22, 2020, the Assiniboia Community Committee passed the following motion:

BE IT RESOLVED that the Standing Policy Committee on Water and Waste, Riverbank Management and the Environment be requested to direct the Winnipeg Public Service to prepare a financial and environmental summary on the additional costs during the 2020 season of herbicides and weed removal in storm water retention ponds which are no longer being aerated due to fountain closures, and include the following:

1. The type of herbicide used in ponds and the environmental impact;

2. The increase in volume of herbicide used on ponds which are no longer being aeriated due to fountain closures;

Report – Standing Policy Committee on Water and Waste, Riverbank Management and the Environment – July 8, 2020

DECISION MAKING HISTORY (continued):

COMMUNITY COMMITTEE RECOMMENDATION (continued):

3. The financial increase incurred by using more herbicides on ponds which are no longer being aeriated due to fountain closures;

4. The number of times weed removal equipment has been used during the 2020 season to mow ponds which are no longer being aeriated due to fountain closures;

5. The financial increase of using the weed removal equipment to mow ponds which are no longer being aeriated due to fountain closures;

6. The projected cost to reopening the fountains in retention ponds after a four year closure, including repairs and maintenance.
