Minute No. 252
From the City Solicitor, Manager of Legal Services
Advising that at its meeting held January 24, 1996, Council adopted the recommendation contained in the January 6, 1996 Report of the Committee on Planning and Community Services that the proposed opening be undertaken by the City and instructed that the administration take necessary steps to ensure that the widening was completed. The Planning Property and Development Department commenced preparation of the relevant plan of survey but then discovered that the survey fabric in the immediate vicinity had deteriorated to such condition that it first had to be restored. The restoration has been done and the opening plan prepared. Accordingly, the draft by-law may now be submitted for all three readings.
