REASON FOR THE REPORT:

Council approval is required to extend the timelines to provide for the enactment of a rezoning by-law.

HISTORY:

On February 23, 2000 Council adopted Clause 2 of the report of the Standing Committee on Property and Development dated February 1, 2000 which clause recommended approval of the subject rezoning to "C2" COMMERCIAL DISTRICT as shown on attached Schedule "A" to allow for the construction of a Personal Care Home, subject to the execution of a Zoning Agreement and a Servicing Agreement.

RECOMMENDATION IV contained in the report stipulates:

"That in the event this application is not proceeded with expeditiously and the By-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time. The By-law has not been enacted and an Extension of Time previously granted to January 30, 2004 has now expired.

DISCUSSION:

Mr. Alf Horn, #5-1696 St. Mary's Road, Winnipeg, Manitoba, R2N 1L8 on behalf of Faith Lutheran Church is requesting a two-year extension of time in order to complete the necessary rezoning requirements. An extension of time had previously been granted to January 30, 2004 but this time has now expired.

The delay had been caused by Manitoba Health not providing funding for the above mentioned project; however the church has now received permission from Manitoba Health to proceed and are anxious to finalize all the requirements necessary to bring to subject rezoning into effect.

The Administration has reviewed the applicant's request and is of the opinion that approval for an extension of time would be acceptable in view of the fact that the City's interests remain secured and circumstances leading to the original approval remain unchanged.

Financial Impact Statement **Date:** 13-Feb-04

COMMENTS:

The financial impact to the City of the recommended extension of time is that revenues and costs to the City will be delayed by over two years, and there will be a similar delay in new realty taxes. However, given that the applicant will not be ready to proceed with the project until 2006, it is considered that these delays are unavoidable, and without the extension of time, the project would not be viable at all. There are no financial impacts to budgeted revenues and costs.
