REASON FOR THE REPORT:

The proposed contract renewal requires approval of Council because the contract period commits future year's funds.

HISTORY:

The Corps of Commissionaires (the Corps) is a not for profit organization that has provided parking patrol services to the City since 1955. These services include the enforcement of Parking Meter and Traffic By-laws and the service of court documents.

In 1978 Council adopted a recommendation of the Committee on Finance that future contracts be negotiated with the Corps and not tendered. Since that time this policy has been reviewed on a number of occasions. Most recently, on April 8, 2002 the Police Service submitted a report to the Standing Policy Committee on Protection and Community Services dealing with the rationale for a sole source award of contract. At its meeting on May 6, 2002 the Committee considered the report and recommended it be received as information with no further action required.

DISCUSSION:

The proposed contract costs are outlined in Appendix "A". The increase of 2.7% is higher than the general CPI forecast; this is due to general wage increases in the security industry. The Corps has agreed to renew this contract under the terms and conditions contained in this report. It is the Police Service's opinion the proposed contractor has the necessary skills and resources to provide the services.
