EXECUTIVE SUMMARY

At this time, Council approval is required to adjust the fees and charges (above the rate of inflation) for property, products and services offered by City of Winnipeg Cemeteries. This applies to adjustments to existing fees as well as the establishment of new fees, which are required when introducing new products and services. Council is also responsible for setting an administrative fee, which is applied in instances where a fee is refunded.

The Public Service recommends that the authority to set cemetery fees and charges, including the administrative fee for refunds, be delegated to the Chief Financial Officer. This will allow for the Branch to respond to market conditions and consumer preferences more quickly and provide increased opportunities to generate incremental revenue, moving operations closer to self-sufficiency and reducing mill rate support.

To enable this change, an amendment to the Cemetery By-law No. 130/2007 is required.

RECOMMENDATIONS

1. That the authority to set Cemetery Branch fees and charges for property, products and services be delegated to the Chief Financial Officer.

2. That a By-law (draft attached) which amends the Cemetery By-law No. 130/2007 to reflect the change in delegation of authority outlined in Recommendation 1, be enacted.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

The City Organization By-law No. 7100/97 states that the authority to make final decisions on the fixing of prices, rates, fees and charges for all civic services shall remain with Council, unless specifically delegated. The Public Service is seeking Council approval to delegate authority to the Chief Financial Officer to set cemetery fees and charges.

Council approval is also required to amend the Cemetery By-law No. 130/2007.

IMPLICATIONS OF THE RECOMMENDATIONS

Should the recommendations be concurred in, the authority to set cemetery fees and charges would be delegated to the Chief Financial Officer which will allow the Cemeteries Branch to respond more quickly to market conditions and consumer preferences. This will provide increased opportunities for the generation of incremental revenue, moving operations closer to self-sufficiency and reducing mill rate support.

The Public Service will continue to publish the Cemeteries fees and charges as part of the annual City Fees and Charges Schedule posted on the City's website.

The budget impact of any fee increases will be incorporated in future budgets. Any requested FTEs or additional operating costs will be addressed as part of the annual budget process.

HISTORY/DISCUSSION

The City of Winnipeg currently owns and operates three cemeteries: Brookside, St. Vital and Transcona. Within Winnipeg and the surrounding region, there are a number of private cemeteries operating for profit in addition to cemeteries that are owned by religious denominations and others operated by Rural Municipalities just beyond Winnipeg's borders. These cemeteries are all competing for market share and the City of Winnipeg has been losing ground over the last few decades in the face of a rising market.

At present, more than 100 different fees and charges currently exist for property, products and services currently offered at City of Winnipeg Cemeteries (see Appendix B). Any changes to these fees (other than annual inflationary increases) require approval from Council; the Cemetery By-law No. 130/2007 states:

3(1) The purchase price of lots, plots, cremated remains lots/plots, cremorials and niches and other goods or services including interment fees, disinterment fees, foundations fees and other fees will be as determined by Council from time to time.

Further, an administrative fee is charged for fee refunds. Any changes to this fee (other than annual inflationary increases) also require approval from Council; the Cemetery By-law No. 130/2007 states:

4(2) Where payment in full is not received within one year, ownership of the respective lot, plot, cremated remains lot/plot, cremorial, or niche will revert to the City and the purchaser or their estate is entitled to a refund of all monies paid less any administrative fee as determined by Council from time to time and without interest, on submitting, where necessary, Letters of Probate or Administration and a Death Certificate.

The inability to regularly introduce new products and services places City of Winnipeg Cemeteries at a competitive disadvantage. At present, if an opportunity arises to introduce a new product or service, an update to the Fees and Charges Schedule, which requires approval from Council, is needed. As a result, the Cemeteries Branch is not able to expeditiously respond to consumer demands. For example, customers may be interested in purchasing a unique or one-off product or service, such as a family estate (small, private area for a family) or a mausoleum (above ground space for an individual, couple or family). When a fee does not exist in the Fees and Charges Schedule, the Branch is challenged as it is not able to quickly respond to these requests. If the authority were to rest with the Chief Financial Officer, the Cemeteries Branch could more quickly capitalize on additional opportunities, resulting in further avenues to generate substantial incremental revenue and ensure the products and services requested are available.

Additionally, the cemeteries market often sees supplier price adjustments and the introduction of new products at varying times throughout the year. At present, City of Winnipeg Cemeteries does not have the ability to adjust fees in a timely manner, and this can result in compressed margins on certain products for extended periods of time. By delegating the authority to adjust fees to the Chief Financial Officer, the Cemeteries Branch can respond more quickly to price changes, resulting in increased revenue and moving operations closer to self-sufficiency.

While a multi-pronged approach is needed to improve the overall competitiveness of City of Winnipeg Cemeteries, delegating the authority to the Chief Financial Officer to set Cemetery fees and charges will allow for the Branch to respond more quickly to market conditions and consumer preferences.

It is envisioned that, subject to Council approval of the recommendations contained in this report, the Branch will have increased opportunities to generate incremental revenue, moving operations closer to self-sufficiency and reducing mill rate support.

Project Name:

Cemeteries Branch Fees and Charges - Delegation of Authority to Chief Financial Officer and Amendments to Cemetery By-law No.130/2007

COMMENTS:

There are no direct financial implications associated with the recommendations contained in this report. It is envisioned that delegation of authority from Council to the Chief Financial Officer to set Cemetery fees and charges for property, products and services will enable the Branch to move to financial self-sufficiency. However, neither the amount or timing of incremental revenues is reasonably determinable at this time.
