EXECUTIVE SUMMARY

J. Wintrup Consulting Ltd., representing the owners of 341 Scotia Street, has applied to the City to close the public lane immediately north of and adjacent to 341 Scotia Street, between Scotia Street and the Red River. The owners have a private approach contained primarily within the public lane and a garage that encroaches significantly over the public lane. The closing and sale of the public lane to the owners will regularize the private approach and eliminate the encroachment.

Council's policy of September 17, 1980 requires that in the event that the sale of a street end providing access to the rivers is recommended, the terms and conditions of sale must be approved by Council and further, that Council must waive its policy of September 17, 1980 concerning retention of street ends.

The Public Service recommends approval be given to the proposed closing. Before the public lane may be sold, Council's September 17, 1980 policy regarding street ends leading to rivers must be waived and the public lane must be legally closed.

RECOMMENDATIONS

1. That subject to Recommendation 2, the proposed closing of public lane shown on Misc. Plan No. 15617 (attached hereto as Appendix "B"), be approved and the land declared surplus to the City's needs.

2. That the Director of Legal Services and City Solicitor be instructed to prepare and bring directly to Council for enactment, a By-law to facilitate the lane closing in accordance with Misc. Plan No. 15617 subject to:

   A. Council waiving its policy of September 17, 1980 regarding the retention of street ends providing access to rivers as it applies to the subject public lane;

   B. the approval of the conveyance of the land by Council or its delegated authority, and

   C. the developer and/or purchaser (or assignee) fulfilling its obligations under the administrative conditions of approval outlined in Appendix "A" of this report.

3. That in the event the subject closing is not proceeded with expeditiously and the by-law:

   A. is not enacted within two (2) years following the date the subject report is approved by Council; and

   B. is not registered in The Winnipeg Land Titles Office within one (1) year following the date it is enacted by Council,

   the matter shall be deemed to be concluded and shall not be proceeded with, unless an extension of time is applied for, prior to the expiry of the two (2) year period referred to in clause (A) above, and Council approves the extension.

4. That the City enter into, execute and deliver an Offer to Purchase with the developer and/or purchaser (or assignee) and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

5. That authority be delegated to the Chief Administrative Officer to negotiate and approve the terms and conditions of the Offer to Purchase and the Ancillary Agreements, in accordance with this report and such other terms and conditions deemed necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

6. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Only Council can waive the policy of retaining street ends that provide access to the rivers.

As per Section 3.1(i) of the City Organization By-law 7100/97, only Council can declare City-owned property as surplus.

IMPLICATIONS OF THE RECOMMENDATIONS

All costs associated with the proposed closing is the responsibility of the developer and/or purchaser (or assignee). There are no financial implications for the City of Winnipeg.

HISTORY/DISCUSSION

The Public Service has received a request from M. Richard and Associates Ltd., representing the owners of 341 Scotia Street, to close the public lane immediately north of and adjacent to 341 Scotia Street, between Scotia Street and the Red River.

The public lane, legally opened by Plan No. 1092 registered in the Winnipeg Land Titles Office on July 20, 1906, ends at the Red River. It is unimproved and serves no public transportation purpose. The owners of the adjoining property at 341 Scotia Street maintain a private approach, contained primarily within the right-of-way and a garage, the majority of which encroaches over the public lane. There is no formal lease agreement for the approach or the encroachment but an annual encroachment fee for the garage is applied to the tax bill for property at 341 Scotia Street. The closing and sale of the public lane to the owners will regularize the private approach and eliminate the encroachment.

Council's policy of September 17, 1980 requires that all street ends providing access to the rivers are to be retained by the City, that all leases for street ends contain a clause not restricting public access to the rivers, and further that no fences or structures be placed on the property, and in the event that the sale of a street end is recommended, the terms and conditions of sale must be approved by Council and further, that Council must waive its policy for such street ends.
