Due to serious parking/drop-off/pick-up concerns, St. Charles Catholic School could be thrilled to see the completion of a new loading bay in front of the school. This would also parents to "stop + drop" their children off each day without having to park, or block other vehicles. This would help with overall traffic flow, including helping with Winnipeg Transit buses.

I contacted Al Gowriluk early in the school year, after submitting my interest via phone for this project. Councillor Klein also met with me many months ago, + said he may be able to help us with using land dedication reserve funds. Al + I spoke again in spring, as well as Rebecca Peternick also sent me an email on Sept. 9th, saying the project had been approved + scheduled to start Sept. 14th. (done by Derek's end) Since then, I have been told hydro needed to give approval, as well as we was sent this form to complete.
