WHEREAS social procurement leverages existing purchasing within existing budgets to advance positive economic and social development that achieve broader social and quality of life objectives;

Report – Executive Policy Committee – December 9, 2020

DECISION MAKING HISTORY (continued):

COUNCIL DECISION (continued):

AND WHEREAS social procurement agreements can benefit industry partners and those participating in employment and procurement opportunities;

AND WHEREAS by considering community and social benefits as a potential bid value in select public tenders, governments can support important socio-economic goals, including poverty reduction, improved labour conditions, and greater equality of income;

AND WHEREAS examples of community and social benefits could mean, but are not limited to, advancement in economic growth, education, training, and equity hiring;

AND WHEREAS the City of Winnipeg already has demonstrated a history of social procurement, including the Triple Bottom Line concept from the Asset Management Policy (FI-011), working with social enterprises such as Mother Earth Recycling, and including community, social, and environmental benefits on the RFP for food services at 510 Main Street;

AND WHEREAS as Winnipeg embarks on COVID-19 economic recovery, social procurement will aid in creating a sustainable and resilient economy by providing opportunities for those impacted economically by COVID-19;

AND WHEREAS social procurement at the City supports several strategic priorities of the City including Winnipeg's commitment to a Journey of Reconciliation and the Indigenous Accord;

AND WHEREAS social procurement could make a meaningful contribution to the City's poverty reduction strategy and could contribute to complete communities as outlined in OurWinnipeg.

THEREFORE BE IT RESOLVED that the Public Service be directed to:

1. Report back on what the City of Winnipeg is currently doing to support social and sustainable procurement practices.
2. In collaboration with the social enterprise sector, identify social procurement practices for appropriate City tenders with a goal of establishing a bid value for community benefits, consistent with the practice of other comparable Canadian municipalities.
