REPORT SUMMARY

KEY ISSUES:

IMPLICATIONS OF THE RECOMMENDATION(S):

General Implications
? None
? For the organization overall and/or for other departments
X For the community and/or organizations external to the City of Winnipeg
X Involves a multi-year contract
Comment(s):

The Indemnification Agreement will be terminated after 2 years unless the WSO is able to purchase directors' and officers' liability insurance earlier or unless either the City or Province withdraws earlier and upon 10 days notice.

There is risk the Directors will step down from the Board if indemnification is not provided. This will have implications in the community.

Policy Implications
? No
X Yes
Comment(s):

The City Charter provides legal protection for members of boards who are appointed by the City. However, with the exception of community center boards, the City has typically not indemnified board members who are not City appointees. In this particular situation, the board members were approved by the Mayor and Premier and were then appointed by the WSO's

membership at their Annual General meeting. This situation is unique in that the City has not formally appointed the board members.

Environmental Implications

X None
? Yes
Comment(s):

Human Resources Implications

X No
? Yes
Comment(s):

Financial Implications

? Within approved current and/or capital budget
? Current and/or capital budget adjustment required
Comment(s): There are no direct financial implications. However, the provision of liability protection does expose the City to financial risk.

REPORT

REASON FOR THE REPORT:

The Board of Directors of the Winnipeg Symphony Orchestra (WSO) has requested indemnification by the City of Winnipeg and the Province of Manitoba.

Council must approve an indemnification agreement of this nature.

HISTORY:

In January 2003, Council, in response to the financial instability of the WSO, authorized the City's participation in an Agreement with Canada, Manitoba and WSO to provide for the appointment of an Interim Management Committee for the WSO with representation from the each party and further, that bridge financial assistance (up to $200,000) be provided.

In March, 2003 Council approved City appointments to the Interim Management Committee and the indemnification of (2) City and (1) musician member(s) to this Committee.

The Interim Management Committee provided their recommendations and a 5 year business plan in September 2003 to the City and the Province.

At the Annual General Meeting of the WSO on December 5, 2003, a new Board of Directors was appointed.

DISCUSSION:

Given the currently unstable financial position of the WSO, the new WSO Board members cannot purchase directors and officers liability insurance and will likely step down from their positions. The City has been asked by the Board Chair and by the Province to join the Province in indemnifying the Board.

The City Charter provides legal protection for members of boards who are appointed by the City. However, with the exception of community center boards, the City has typically not indemnified board members who are not City appointees. In this particular situation, the Board members were approved by the Mayor and Premier and were then appointed by the WSO's membership at their Annual General meeting. This situation is unique in that the City has not formally appointed the Board members.

A number of options to provide such indemnification were explored by city administrators. An indemnification agreement was determined to be the most appropriate option given the nature of the WSO's situation.

An Indemnification Agreement that has been drafted by the Province with input from the City. The Agreement has been approved by the Province and attached in Appendix A. The Agreement includes the following key parameters:

- The agreement provides liability protection similar to the protection provided to all City employees and appointees of the City from actions taken in good faith (pursuant to s. 497 of the City Charter).
- There is no limit on the liability protection being offered to directors
- The Province and City will share equally the cost of the indemnification; on matters that might arise out of the enforcement or administration of the Criminal Code, provincial statues or regulations, the City alone will provide indemnification; the Province alone will provide indemnification if matters arise out of the enforcement or administration of any City By-law or regulation
- The Agreement will be terminated after 2 years unless the WSO is able to purchase directors' and officers' liability insurance earlier or unless either the City or Province withdraws earlier upon 10 days notice.
- The Agreement is contingent upon the WSO having and maintaining Commercial General Liability (CGL) insurance policy; such insurance reduces the exposure of the City and the Province through this Agreement. It has been confirmed that the WSO currently has CGL insurance.
- In the event that there is a disagreement about whether a WSO insurance policy covers a particular liability, the City and the Province will provide payment to the director with respect to the recoverable sums and then, will themselves, seek payment from the insurer.

FINANCIAL IMPACT:

If Council chooses to indemnify the Board of the WSO, there is no direct financial impact however there is financial risk. Given the fact that that the City solely indemnifies for matters arising out of the enforcement or administration of the Criminal Code, provincial statutes or regulations and that the Province alone will provide indemnification if matters arise out of the enforcement or administration of any City By-law or regulation, the City is exposed to somewhat greater financial risk than the Province.
