Agenda - Council - April 14, 2004

Report - Standing Policy Committee on Public Works - April 6, 2004

Item No. 4 Proposed Amendment - Procedure for installing Speed Humps on Local Residential Streets
File ST-5

STANDING COMMITTEE RECOMMENDATION:

On April 14, 2004, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Public Works that the criteria for the installation of speed humps be amended, and submits the following to Council:

1. That speed humps be placed on oil treated/chip-sealed surfaces with ditch drainage and spaced at approximately 200 metre intervals according to the block length.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing.

Report - Standing Policy Committee on Public Works - April 6, 2004

DECISION MAKING HISTORY:

STANDING COMMITTEE RECOMMENDATION:

On April 6, 2004, the Standing Policy Committee on Public Works recommended that the criteria for the installation of speed humps be amended, namely:

1. That speed humps be placed on oil treated/chip-sealed surfaces with ditch drainage and spaced at approximately 200 metre intervals according to the block length

and submitted the matter to the Executive Policy Committee and Council.
