Subject: Jan 20, 2021 EPC Meeting Item 4 2022 Municipal Election Question - Speed Limits in Residential Areas

To Whom it may concern,

I am writing to express, for the public record, my support for a plebiscite / ballot question as part of the 2022 civic election on whether or not the speed limits should be reduced.

I would also like my opposition to reduce speed limits in the residential areas be placed in the public record.
The residential streets have been engineered to current limits. Drivers who are aware of their surroundings and respect their neighbourhoods already regulate speed to the conditions.

I feel it's absolutely ridiculous that the city would be putting so much energy and be willing to spend so much tax payers money on something that is not an issue, and will resolve no issues.
In addition, Awareness is the key - BY EVERYONE. Drivers need to pay attention to what's going on around them. Signal your intentions. Everyone needs to stay off their cell phones. Using a pedestrian crosswalk - STICK YOUR ARM OUT. Cycling - stay close to curb,etc. People need to be held responsible for their actions, not baby-sat. Time to have people be held accountable - to start paying attention to what they are doing!

I do not feel a minority should be dictating what happens to the majority. It's time to look at the bigger picture, I'm in disbelief that this has gone so far.
