# OurWinnipeg 2045 Rationale for Edits to Public Engagement Draft for First Reading Report

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 4 | 4 | Land and Water Acknowledgement 2nd paragraph | The City of Winnipeg recognizes the importance of First Nations, Métis and Inuit Peoples connected to the founding of our city, and the vibrant, diverse people who make up Indigenous communities today. The City of Winnipeg acknowledges the harms and mistakes of the past, and we dedicate ourselves to moving forward in partnership with Indigenous communities in a spirit of truth, reconciliation and collaboration. | The City of Winnipeg recognizes the importance of First Nations, Inuit and Métis Peoples (also referenced in this Plan as Indigenous Peoples and governments) connected to Winnipeg's history, and the vibrant, diverse people who make up Indigenous communities today. The City of Winnipeg acknowledges the harms and mistakes of the past, and is dedicated to upholding Indigenous rights, and to moving forward in partnership with Indigenous communities in a spirit of truth, reconciliation and collaboration. | **Clarify Intent/Community Feedback-** edits more accurately reflect Winnipeg's history. Emphasized the importance of Indigenous rights and of distinguishing unique First Nations, Inuit and Métis Peoples. Added "(also referenced in this Plan as Indigenous Peoples and governments)" and "upholding Indigenous rights, and to". The Plan still uses 'Indigenous' as a term but identifies distinct Indigenous Peoples where applicable. Inuit translates to 'the people' so changed the sequence to avoid repetition, which is consistent with the sequence in the Constitutional definition of "Indigenous" as used in the Glossary. |
| 5 | 5 | Authority for the Plan (1st Paragraph) | Text not included | The City's development plan must also conform with the Provincial Planning Regulation. | **Clarify Intent/Internal Feedback-** reference to the Provincial Planning Regulation more accurately reflects Charter obligation. |
| 5 | 5 | Authority for the Plan (3rd Paragraph) | OurWinnipeg 2045 will serve to align all other strategic City documents such as shorter term Corporate Strategic Plans, budgets and implementation tools on specific issues or areas. The City's development plan must also align with the forthcoming capital region plan under development by the Winnipeg Metropolitan Region. | OurWinnipeg 2045 will serve to align all other statutory and strategic City documents such as shorter term Corporate Strategic Plans, Council policy, budgets and implementation tools on specific issues or areas. During the review, content from existing plans was amalgamated and elevated into OurWinnipeg, for example, from the three 2011 OurWinnipeg Direction Strategies and *Winnipeg's Climate Action Plan* . Collaboration for policy alignment occurred with plans under development, for example, the Transportation Master Plan and Poverty Reduction Strategy. | **Clarify Intent/Community Feedback-** questions arose about the regulatory status of City plans and strategies and the authority they hold in decision-making and accountability, interconnection of City plans, where appropriate levels of detail should exist and how they were integrated into OurWinnipeg 2045. Therefore "statutory", references to the 3 OurWinnipeg Direction Strategies (2011) and strategic plans under development were included.<br><br>**Clarify Intent/Internal Feedback-** deleted reference to capital region plan under development by the Winnipeg Metropolitan Region as they are under the authority of Provincial Planning Regulation. |
| 7 | 7 | Urban Structure Map | Text not included | Figure 2: Urban Structure Map from Complete Communities. Winnipeg lies within Treaty No. 1 territory and the traditional homeland of the Métis nation. | **Community Feedback-** incorporated the Seine River and La Salle River into the Urban Structure Map.<br>**Internal Feedback-** added a reference to the "Land Acknowledgement" in the caption to emphasize relationship with the land. |
| 8 | 8 | How to Use OurWinnipeg | Text not included | Note: Policies should be used in combination not in isolation as they function as interconnected layers. For example, OurWinnipeg guides the City to plan for financial impacts through the life-cycle of a municipal activity (1.6), while removing systemic barriers to participation (1.7), while partnering with diverse community members to identify community needs (1.11), while reducing greenhouse gas emissions (2.1). This way we seek to maximize the intersectionality and co-benefits of actions. | **Community Feedback-** questions arose about how to interconnect policy. We added by way of example the intentional interconnection of policy throughout the document. |
| 8 | 8 | How to Use OurWinnipeg | Goals: provide brief, clear, statement of outcomes to be achieved.<br>Objectives: provide key building blocks to achieve the goals, that can be measured over time.<br>Policies: provide high-level direction that is structured in a consistent "what, for whom and why" format, to provide clarity about policy intent. | Goals: provide a brief, clear statement of outcomes to be achieved.<br>Objectives: provide key building blocks to achieve the goal, that can be measured over time.<br>Policies: provide high-level direction statements that are structured in a consistent "what, for whom and why" format, to provide clarity about policy intent as a basis for action. | **Clarify Intent/Internal Feedback**- added "a" to Goals text. Added "statements" and "as a basis for action" to Policies text to enhance understanding. Deleted redundant commas and changed "is" to "are". |
| 10 & 11 | 10 & 11 | Policy Index | Policy Intent - policy 1.13 "Indigenous Economic Development"<br>Policy Intent - policy 6.28 "Airport Lands" | Policy Intent - policy 1.13: "Urban Reserves"<br>Policy Intent - policy 6.28: "Airport Area" | **Consistency within OurWinnipeg 2045-** updated based on policy feedback to clarify language. Edits have also been made to four goal colour-coding inaccuracies. |
| 12 | 12 | The OurWinnipeg 2045 Vision (2nd Paragraph) | Today's Winnipeg is a vibrant, growing, city. Between 2009 and 2019, the City of Winnipeg's population grew by 100,419 people, or 15 per cent. As Winnipeg's population continues to climb toward a million strong – the city's population is estimated to reach over 819,000 by 2024 – we are at a pivotal moment in our history. | Today's Winnipeg is a vibrant, growing, city. Between 2009 and 2019, the City of Winnipeg's population grew by 100,419 people, or 15 per cent. As Winnipeg's population continues to climb toward a million strong – we are at a pivotal moment in our history. Winnipeg has the largest Indigenous population of major Canadian cities and is growing significantly faster than the non-Indigenous population. Demographic data identifies that in 2016, 54 per cent of Winnipeg's Indigenous population identified as Métis, 44 per cent identified as First Nations and 2 per cent identified as Inuk (Inuit) or other/multiple. This context creates significant opportunities for truth and reconciliation, and Indigenous participation and influence in Winnipeg. | **Clarify Intent/Internal Feedback-** deleted "- the city's population is estimated to reach over 819,000 by 2024" as it is not consistent with the timeframe of this Plan. Added Indigenous Peoples population growth details from the Community Trends and Performance Report: Volume 1 for 2021 Budget, to emphasize the importance of Indigenous Peoples in the future of Winnipeg. |
| 12 | 12 | THINK GLOBALLY, ACT LOCALLY: WHERE OURWINNIPEG 2045'S GOALS COME FROM (3rd Paragraph) | OurWinnipeg 2045 localizes the United Nations (UN) 17 Sustainable Development Goals into six key goals for the City of Winnipeg (as illustrated in Figure 5)– six goals designed to link the City's efforts with those of our federal and provincial partners, and with those of community organizations, businesses, and individuals at all levels. | OurWinnipeg 2045 localizes the United Nations (UN) 17 Sustainable Development Goals into six key goals for the City of Winnipeg (as illustrated in Figure 5)– six goals designed to link the City's efforts with those of our federal and provincial partners, and with those of community organizations, businesses, and individuals at all levels. The intentions and directions from all 17 goals have been integrated into OurWinnipeg 2045 policy and will continue to influence the development of a Strategic Priorities Action Plan as global evidence for local action. | **Clarify Intent/Community Feedback-** questions arose about the intent of the 17 United Nations Sustainable Development goals beyond being the basis for the 6 localized goals in this Plan. Therefore clarity was provided so as not to lose the valued nuance or evidence for action and measurement through the Strategic Priorities Action Plan process. |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 13 | 13 | OurWinnipeg 2045: REALIZING THE VISION (1st Paragraph) | This is a momentous time, for the City of Winnipeg. Recent years have brought renewed population growth, economic development, and opportunity to the City. These changes have brought great entrepreneurial, scientific, and cultural achievement, and the beginnings of what will be a transformative Journey of Reconciliation with Indigenous peoples. They have also brought distinct signals about the need for resilience, globally and locally, that can't be ignored. | This is a momentous time for the city. Recent years have brought renewed population growth, economic development, and opportunity to the city. These changes have brought great entrepreneurial, scientific, and cultural achievement, and the beginnings of what will be a transformative Journey of Reconciliation with Indigenous Peoples. The current state of society has also brought urgent calls for reflection, equity and change from the status quo, globally and locally, that can't be ignored. | **Clarify Intent/Internal Feedback-** strength of wording reflects that society has urgent work to do to make a more equitable world and city. Transitioning away from the status quo can benefit community quality of life towards resilience. Current state of society alludes to context includes climate change, Indigenous rights, Black Lives Matter, and a global pandemic. |
| 14 | 14 | LEADERSHIP AND GOOD GOVERNANCE narrative (6th bullet) | • Leveraging government and community partnerships toward plan implementation | • Working with government bodies including Indigenous, Federal, and Provincial governments and community partnerships toward plan implementation | **Clarify Intent/Community Feedback-** added "including Indigenous, Federal and Provincial governments" edit to more accurately and specifically reference governments the City intends to work with toward policy implementation. Other municipal governments are not listed as they are under Provincial authority. Consistent wording has been integrated throughout the Plan. |
| 14 | 14 | ENVIRONMENTAL RESILIENCE narrative (11th & 12th bullets) | • Text not included<br>• Supporting the experiential aspects of our natural environment that reflect our natural heritage, improve mental and physical health, and garner long-term appreciation of identity and place | • Acknowledging the unique relationship with the land and constitutionally protected rights of Indigenous Peoples<br>• Supporting the experiential aspects of the land and natural environment that reflect Indigenous and natural heritage, improve mental and physical health, and garner long-term appreciation of identity and place | **Clarify Intent/Community Feedback-** opportunity to integrate Indigenous perspectives into the Plan and "acknowledge the unique relationship with the land and constitutionally protected rights of Indigenous Peoples". |
| 15 | 15 | ECONOMIC PROSPERITY narrative (2nd Paragraph) | Cities that offer a sustainable quality of life are well-positioned to build workforce capacity, generate economic opportunity, and increase living standards and prosperity. | Cities that offer a sustainable quality of life are well-positioned to develop life-long learners, build workforce capacity, generate economic opportunity, and increase living standards and prosperity. | **Clarify Intent/Community Feedback-** added "develop life long learners" based on feedback to acknowledge its contribution to the Economic Prosperity goal. |
| 16 | 16 | ECONOMIC PROSPERITY narrative (5th Paragraph) | It is prudent to direct attention to long-term sustainability goals and focus on key industry sectors that provide a positive return on investment to the community. | It is prudent to direct attention to long-term sustainability goals and focus on key industry sectors, such as Indigenous economic development, and arts and culture, that are economic drivers and provide a positive return on investment to the community. | **Clarify Intent/Community Feedback-** edits reflect a stronger emphasis on the beneficial contribution of arts and culture to the city in the draft Plan. Opportunity to highlight Indigenous Peoples contributions to the economy. Addition of "such as Indigenous economic development, and arts and culture" as relevant examples for emphasis of economic sectors that are both local economic drivers AND provide a positive return on investment. |
| 16 | 16 | GOOD HEALTH AND WELL-BEING narrative (4th Paragraph) | A healthy city also represents a mix of cultures, ideas, and values. Our urban environment is inseparably tied to our identity, cultural perspective, and sense of place. This facet of our identity provides us with variety in neighbourhood design and architecture, expresses various social values, and provides an invaluable legacy of resources that are distinctly our own. Health equity is a key component of achieving good health and well-being for a city. | A healthy city also represents a mix of cultures, ideas, and values. Our urban environment is inseparably tied to our identity, cultural perspective, creativity, and sense of place. Valuing arts and culture builds capacity for reflection, critical thinking, expression and dialogue about our communities' history, current and future state. This facet of our identity provides us with variety in neighbourhood design and architecture, expresses various social values, and provides an invaluable legacy of resources that are distinctly our own. Health equity is a key component of achieving good health and well-being for a city. | **Clarify Intent/Community Feedback-** edits reflect a stronger emphasis on the beneficial contribution of arts and culture to the city in the draft Plan. Added "Valuing arts and culture builds capacity for reflection, critical thinking, expression and dialogue about our communities' history, current and future state." |
| 16 | 16 | SOCIAL EQUITY narrative (4th bullet) | • A foundation of truth and reconciliation with and stemming from Indigenous peoples that strengthens governance processes, services, and programs through an understanding and implementation of human rights and responsibilities | • A foundation of truth and reconciliation that respects Indigenous rights, and strengthens governance processes, services, and programs through an understanding and implementation of municipal responsibilities with respect to those rights | **Clarify Intent/Internal Feedback-** edits reflect feedback serving to strengthen and present Indigenous perspectives on rights and what is required for meaningful reconciliation. |
| 17 | 17 | CITY BUILDING narrative (4th Paragraph) | The City's role in shaping settlement and development patterns, in turn influences the extent to which the community achieves broader sustainability outcomes through the evolution of the built and natural environments. | The City's role in shaping settlement and development patterns, in turn influences the extent to which the community achieves broader sustainability outcomes through the evolution of the built and natural environments. This is all the more significant given the city's location within Treaty 1 territory and on the homeland of the Métis Nation, and given that Winnipeg is also home to a growing number of Indigenous Peoples. It is important to consider how this context informs the City's approach to the planning, design, and development of the urban environment, and to recognize how spatial planning and land development have historically been undertaken in ways that have been detrimental to Indigenous Peoples, the effects of which are still being felt today. | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0-** edits reinforce the significance of historical development patterns from Winnipeg's inception and its impact on Indigenous Peoples. |
| 17 | 17 | CITY BUILDING narrative (7th bullet) | • Protection, preservation, and promotion of cultural, built and natural heritage resources | • Protection, preservation, and promotion of the inherent value of the arts, cultural, built and natural heritage resources | **Clarify Intent/Community Feedback-** added "inherent value of the arts" based on requests for a stronger emphasis on the beneficial contribution of arts. |
| 18 | 18 | LEADERSHIP AND GOOD GOVERNANCE Objective 1 description | Evidence-informed goals and policy lead transparent and accountable decision-making related to determining the long-term public interest and the appropriate trade-offs in levels of service, taxation, and budget priorities. | Evidence-informed actions require transparent and accountable decision-making to determine the long-term public interest and the appropriate trade-offs in levels of service, taxation, and budget priorities. | **Copy Edit-** to appropriately make "actions" the subject of the objective description rather than supportive goals and policy |
| 18 | 18 | LEADERSHIP AND GOOD GOVERNANCE Objective 2 description | Build trusting and responsive relationships between the City and residents, businesses, community-based organizations, and with other bodies of government – empowering all Winnipeggers to participate in respectful dialogue, and decision-making processes, leading to joint action on community issues. | Build trusting and responsive relationships between the City and residents, businesses, community-based organizations, and with government bodies, including Indigenous, Federal, and Provincial governments – empowering all Winnipeggers to participate in respectful dialogue, and decision-making processes, leading to joint action on community issues. | **Consistency within OurWinnipeg 2045-** added "government bodies, including Indigenous, Federal, and Provincial governments". Feedback more accurately and specifically reference governments the City intends to work with toward policy implementation. Other municipal governments not listed as they are under Provincial authority. This same wording has been integrated into the rest of the Plan where appropriate. |
| 18 | 18 | POLICIES | 1.2 Policy Implementation<br>Develop a Strategic Priorities Action Plan that identifies priority actions to support achievement of this Plan. ER, EP, HW, SE, CB | 1.2 Policy Implementation<br>Develop a Strategic Priorities Action Plan that identifies priority actions to support implementation of this Plan. ER, EP, HW, SE, CB | **Clarify Intent/Internal Feedback-** added "implementation" to more accurately reflect the end goal of policy creation than "achievement". |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 18 | 18 | POLICIES | 1.3 Integrated Service Planning and Outcomes<br>Advance operational implementation plans that align with this Plan's sustainability goals through responsive, innovative and integrated government leadership. ER, EP, HW, SE, CB | 1.3 Integrated Service Planning and Outcomes<br>Advance operational plans that align with this Plan's sustainability goals through responsive, innovative and integrated government leadership. ER, EP, HW, SE, CB | **Clarify Intent/Internal Feedback-** added "operational" to more accurately reflect plans developed by organizational service providers and "implementation" is redundant. |
| 18 | 18 | POLICIES | 1.5 Evidence-Informed Decisions<br>Invest in data and technology in order to support objective, evidence-informed decision-making; support open government and open data principles for collection and sharing; help coordinate records and information management; and improve process efficiency and results-based service delivery. Residents are entitled to know, understand and consent to the data collected about them. ER, EP, HW, SE, CB | 1.5 Evidence-Informed Decisions<br>Invest in data and technology in order to support objective, evidence-informed decision-making; support open government and open data principles for collection and sharing; help coordinate records and information management; and improve process efficiency, results-based service delivery, and accountability. ER, EP, HW, SE, CB | **Clarify Intent/Internal Feedback-** deleted "Residents are entitled to know, understand and consent to data collected about them." Intent of deletion is still relevant but too detailed. The intent is covered at a high level when the City unpacks commitment to open government and open data principles including transparency and accountability as they relate to data collection and sharing. To reinforce this, "and accountability" was added. |
| 19 | 19 | POLICIES | 1.7 Equitable Service Access<br>Identify and provide access to, a base level of municipal services to everyone, directly or facilitated through partnerships. Remove systemic barriers to participation, based on race, national or ethnic origin, colour, religion, age, sex, sexual orientation, gender identity or expression, marital status, family status, physical or mental ability, a conviction for which a pardon has been granted or a record suspended, official language used, citizenship status, socio-economic status, geographic location or climate change vulnerability. ER, EP, HW, SE, CB | 1.7 Equitable Service Access<br>Identify and provide access to, a base level of municipal services to everyone, directly or facilitated through partnerships. Remove systemic barriers to participation, based on race, national or ethnic origin, colour, religion, age, sex, sexual orientation, gender identity or expression, marital status, family status, physical or mental ability, official language used, citizenship status, socio-economic status, geographic location or climate change vulnerability. ER, EP, HW, SE, CB | **Clarify Intent/Community Feedback-** deleted "a conviction for which a pardon has been granted or a record suspended,". Concern was raised that due to the proportion of systemically disadvantaged groups in the criminal justice system, that this statement would discriminate against them instead of remove systemic barriers as the policy intent states. The original source of the statement was from the Canadian Human Rights Commission. Therefore it is deleted as having a criminal record doesn't preclude residents from receiving City services and It is illegal to consider a conviction where a pardon has been granted. |
| 19 | 19 | POLICIES | 1.10 Representative and Participatory Democracy<br>Accommodate civic engagement and co-creation opportunities that achieve local democratic participation from a representative and demographically diverse population. ER, EP, HW, SE, CB | 1.10 Representative and Participatory Democracy<br>Facilitate civic engagement and work towards co-creation opportunities that achieve local democratic participation from a representative and demographically diverse population. ER, EP, HW, SE, CB | **Internal Feedback/Clarify Intent-** strengthen wording with more active commitment to "Facilitate" instead of "Accommodate". Added "work towards" acknowledges that co-creation is the goal to move towards but that the City has more work to do enhance processes that enable it. |
| 19 | 19 | POLICIES | 1.11 Representative and Participatory Democracy<br>Create meaningful engagement opportunities with impacted residents and stakeholders, ensuring notification and information-sharing on decision-making processes and when public feedback will influence the outcome. ER, EP, HW, SE, CB | 1.11 Representative and Participatory Democracy<br>Create meaningful engagement opportunities with residents, stakeholders and rightsholders, who are interested in or impacted by a decision. Develop standards for engagement including notification, information-sharing, and a process for incorporating feedback into on decision-making. ER, EP, HW, SE, CB | **Community Feedback/Clarify Intent-** edits reflect that Indigenous governments are rightsholders not stakeholders and that in defining the scope of meaningful democratic processes, more is needed than notification and information-sharing. Added "...and rightsholders, who are interested in or impacted by a decision. Develop standards for engagement including...and a process for incorporating feedback into". |
| 19 | 19 | POLICIES | 1.12 Integrated Regional Planning<br>Partner with Indigenous governments, community leaders and the Winnipeg Metropolitan Region as stakeholders in coordinating and investing in climate change mitigation and adaptation, regional economic competitiveness, and cost-sharing resiliency and adaptability. Areas of partnership should include policy areas such as land resource and watershed management, natural area and urban forest canopy conservation, housing choice, communications technology infrastructure, connectivity, and sustainable infrastructure development and maintenance. ER, EP, HW, SE, CB | 1.12 Integrated Regional Planning<br>Partner with Indigenous governments, community leaders and the Winnipeg Metropolitan Region as stakeholders in coordinating and investing in climate change mitigation and adaptation, regional economic competitiveness, and cost-sharing resiliency and adaptability. Areas of partnership should include land resource and watershed management, natural area and urban forest canopy conservation, housing choice, communications technology infrastructure, connectivity, and sustainable infrastructure development and maintenance. ER, EP, HW, SE, CB | **Copy Edit-** deleted "policy areas such as" as it was redundant. |
| 19 | 19 | POLICIES | 1.13 Indigenous Economic Development<br>Facilitate the process of reclamation of Indigenous land for urban reserve development by building respectful relationships with Indigenous governments and leadership to establish or maintain processes and protocols for service provision, bylaw harmonization, and land-use planning. ER, EP, HW, SE, CB | 1.13 Urban Reserves<br>Facilitate the process of urban reserve development by building respectful relationships with First Nations governments and leadership to establish or maintain processes and protocols including service provision, bylaw harmonization, and planning. ER, EP, HW, SE, CB | **Community Feedback/Clarify Intent-** inaccurate use of "Indigenous" as urban reserves only apply to First Nations. Edits reflect this in the Intent Tag change from "Indigenous Economic Development" to "Urban Reserves" and deletion of "reclamation of Indigenous land" as this occurs through the Treaty Land Entitlements process with the Federal government. Added "including" rather than "for" to demonstrate this isn't an exhaustive list of processes and protocols. |
| 20 | 20 | POLICIES | 1.14 Youth Leadership<br>Support youth leadership through municipal activities in a variety of areas such as climate change action, community development, recreation, training, work experience, volunteer capacity building, and employment opportunities. ER, EP, HW, SE, CB | 1.14 Youth Leadership<br>Support youth leadership through municipal activities including climate change action, basic needs, community development, recreation, training, work experience, volunteer capacity building, and employment opportunities. ER, EP, HW, SE, CB | **Consistency within OurWinnipeg 2045-** added "including" rather than "a variety of areas such as".<br>**Community Feedback-** edit reflects that basic needs such as access to food, housing, health services, and digital communications were important to youth. Added "basic needs" to capture this at a high level. |
| 20 | 20 | POLICIES | 1.15 Community Capacity Development<br>Partner with community organizations to enable community development, leadership and empowerment opportunities, by leveraging municipal programming and service resources including recreation, libraries and the arts, in particular for systemically disadvantaged groups and for those living in areas of highest need. ER, EP, HW, SE, CB | 1.15 Community Capacity Development<br>Partner with community organizations and Indigenous governments to enable community development, leadership and empowerment opportunities, by leveraging municipal programming and service resources including recreation, libraries and the arts, in particular for systemically disadvantaged groups and for those living in areas of highest need. ER, EP, HW, SE, CB | **Clarify Intent/Internal Feedback-** added "and Indigenous governments" to emphasize interest in partnering on community development activities. |
| 20 | 20 | POLICIES | 1.17 Neighbourhood Needs Assessment<br>Invest in neighbourhood revitalization and supportive land uses, without contributing to gentrification or the displacement of systemically disadvantaged people, by layering interdepartmental and community data to better understand socio-economic needs, gaps and resource pooling required for collaborative action. ER, EP, HW, SE, CB | 1.17 Neighbourhood Needs Assessment<br>Invest in neighbourhood revitalization and supportive land uses, without contributing to gentrification or the displacement of systemically disadvantaged people, by layering interdepartmental and community-generated data with lived experience, to better understand socio-economic needs, gaps and resource pooling required for collaborative action. ER, EP, HW, SE, CB | **Clarify Intent/Community Feedback-** edits reflect that direct collaboration with systemically disadvantaged people, not just advocacy groups, is necessary and valuable. Expanded on combining data sources that include community "generated" data and "with lived experience". |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 20 | 20 | POLICIES | 1.18 Responsive, Representative and Resilient Workforce<br>Provide responsive municipal service delivery, through an accountable, informed, qualified, competent, creative, healthy and productive workforce that is representative of the community it serves. ER, EP, HW, SE, CB | 1.18 Responsive, Representative and Resilient Workforce<br>Provide responsive municipal service delivery, through an accountable, informed, qualified, competent, creative, healthy and productive workforce that is representative of the community it serves including the use of equitable, anti-oppression recruitment, training, and retention processes. ER, EP, HW, SE, CB | **Clarify Intent/Internal Feedback-** edits reflect requested enhancement of City commitment to equity at all stages of the employment process to ensure diverse representation. Added "including the use of equitable, anti-oppression recruitment, training, and retention processes." |
| 20 | 20 | POLICIES | 1.20 Succession Planning<br>Provide ongoing employment, professional and leadership development opportunities within the City, including for systemically disadvantaged groups. ER, EP, HW, SE, CB | 1.20 Succession Planning<br>Provide ongoing employment, professional and leadership development opportunities, including for systemically disadvantaged groups, to ensure City service continuity. ER, EP, HW, SE, CB | **Clarify Intent/Internal Feedback-** deleted "within the City" as it is redundant when adding "to ensure City service continuity". |
| 20 | 20 | POLICIES | 1.21 Strategic Procurement<br>Utilize coordinated interjurisdictional government procurement strategies that support and enable the scaling up of community economic development opportunities to deliver on this Plan's goals. ER, EP, HW, SE, CB | 1.21 Strategic Procurement<br>Utilize coordinated procurement strategies across government bodies including Indigenous, Federal, and Provincial governments, that support and enable the scaling up of community economic development opportunities to deliver on this Plan's goals. ER, EP, HW, SE, CB | **Consistency within OurWinnipeg 2045-** deleted "interjurisdictional government" and added "across government bodies including Indigenous, Federal, and Provincial governments,". Edit more accurately and specifically references governments the City intends to work with toward policy implementation. Other municipal governments not listed as they are under Provincial authority. This same wording has been integrated throughout the Plan. |
| 21 | 21 | ENVIRONMENTAL RESILIENCE Objective 5 | Protect and value ecosystems as essential components to quality of life. | Protect and value ecosystems as essential components to life. | **Clarify Intent/Community and Internal Feedback-** edit reflects that Environmental Resilience requires protection and valuing of ecosystems that include but go beyond human quality of life. Deleted "quality of". |
| 21 | 21 | ENVIRONMENTAL RESILIENCE Objective 5 Description | Ensure that natural ecosystems continue to provide clean air, clean water, biodiversity, local food systems, natural habitats, ecological restoration, carbon sequestration, cooling of urban heat island effect, and opportunities for improved mental and physical health. | Protect and respect the land through the City's responsibility to ensure that life-sustaining ecosystems continue to provide clean air, clean water, biodiversity, local food systems, natural habitats, ecological restoration, carbon sequestration, cooling of urban heat island effect, and opportunities for Indigenous land-based practices, and improved mental and physical health. | **Clarify Intent/Community and Internal Feedback-** edits reflect stronger language by adding "Protect and respect the land through the City's responsibility to" and replacing "natural" with "life-sustaining". Added "Indigenous land-based practices" which refer to Treaty and Aboriginal rights including fishing, hunting, medicine-picking, and ceremonial fires. |
| 22 | 22 | POLICIES | 2.1 Climate Action Targets<br>Achieve an overall greenhouse gas emissions reduction target of 20 percent by 2030 and 80 percent by 2050, relative to 2011, through partnerships with the community, businesses, governments and Indigenous leadership. LG, EP, HW, SE, CB | 2.1 Climate Action Target<br>Achieve an overall minimum greenhouse gas emissions reduction target of 20 percent by 2030 and 80 percent by 2050, relative to 2011, by working towards partnerships with the community, businesses, and government bodies including Indigenous, Federal and Provincial governments. LG, EP, HW, SE, CB | **Clarify Intent/Community Feedback-** added "minimum" to reinforce that green house gas emissions reductions targets found in Winnipeg's Climate Action Plan can be exceeded to address the urgency of climate change. Added "by working towards" highlights that more partnerships are needed and that is "including Indigenous, Federal, and Provincial governments" which has been added for language consistency throughout OurWinnipeg. |
| 22 | 22 | POLICIES | 2.2 Climate Action Investment<br>Prioritize the economic benefits of sustainability and climate action in municipal decision-making processes, including the budget, investment planning and procurement processes. LG, EP | 2.2 Climate Action Investment<br>Prioritize the long-term economic benefits of sustainability and climate action in municipal decision-making processes, including the budget, investment planning and procurement processes. LG, EP | **Clarify Intent/Community Feedback-** edits reinforce that when assessing investment and progress on climate action it is in the long-term interests of the City and full cost accounting of the benefits of investing are calculated and understood. |
| 22 | 22 | POLICIES | 2.5 Climate Resilient Growth<br>Actively explore innovative approaches to city building, sustainable transportation and related infrastructure capacity enhancements that mitigate the impact of climate risk on infrastructure; leverage targeted densities as detailed in Complete Communities; and minimize conflict between different street functions and users. CB, HW, SE | 2.5 Climate Resilient Growth<br>Actively explore innovative approaches to city building, an integrated and sustainable transportation system, and related infrastructure capacity enhancements that mitigate the impact of climate risk on infrastructure; leverage targeted densities as detailed in Complete Communities; and minimize conflict between different street functions and users. CB, HW, SE | **Consistency within OurWinnipeg 2045-** edits reflect updated and consistent terminology to reference the desired transportation system as "integrated and sustainable" as applicable throughout the Plan. This terminology will be the basis for transportation policy detail forthcoming in the updated Transportation Master Plan. |
| 22 | 22 | POLICIES | 2.6 Integrated Regional Planning<br>Enable a collaborative and integrated solution to transportation system connectivity and efficiency on a regional scale, in a manner that addresses infrastructure costs, promotes public health benefits, and reduces greenhouse gas emissions. LG, CB, HW, SE | 2.6 Integrated Regional Planning<br>Enable a collaborative and integrated solution to sustainable transportation system connectivity and efficiency on a regional scale, in a manner that addresses infrastructure costs, promotes public health benefits, and reduces greenhouse gas emissions. LG, CB, HW, SE | **Consistency within OurWinnipeg 2045-** added "sustainable". |
| 22 | 22 | POLICIES | 2.9 Reduce Road Congestion<br>Increase the efficiency, convenience and usage of the public transit system, to improve air quality, provide a viable alternative to the automobile, and reduce current and future road congestion. EP, CB | 2.9 Reduce Road Congestion<br>Increase the efficiency, convenience and usage of the active and public transportation system, to improve air quality, provide a viable alternative to the automobile, and reduce current and future road congestion. EP, CB | **Consistency within OurWinnipeg 2045-** edits reflect updated terminology for the desired transportation system as "active and public" as applicable throughout the Plan. This terminology will provide high-level policy context for transportation policy detail forthcoming in the updated Transportation Master Plan. Added "active and". Added "transportation". Deleted "transit". |
| 23 | 23 | POLICIES | 2.14 Heritage Conservation<br>Identify, designate and conserve heritage resources and districts that illustrate the broad range of heritage values, as defined in Complete Communities, while supporting efforts for carbon-neutral and energy-efficient buildings that reduce embodied carbon. HW, CB | 2.14 Heritage Conservation<br>Identify, designate and conserve heritage resources and districts, including lands and artifacts significant to Indigenous Peoples, that illustrate the broad range of heritage values, as defined in Complete Communities, while supporting efforts toward carbon-neutrality, energy-efficiency, and embodied carbon reduction. HW, CB | **Clarify Intent/Community Feedback-** added "including lands and artifacts significant to Indigenous Peoples" to broaden the scope of what is referenced as having heritage value. The policy needed to be reworked to clarify the environmental resilience intent applies to everything in the policy, not just heritage buildings, therefore reworded as follows "while supporting efforts toward carbon-neutrality, energy-efficiency, and embodied carbon reduction." |
| 23 | 23 | POLICIES | 2.17 Regional Water Resource Management<br>Engage in comprehensive watershed planning and partnerships that protect people and property by addressing the long-term capacity of water-related systems and resources, including: potable water quality, flood protection, and storm and wastewater management. LG, HW | 2.17 Regional Water Resource Management<br>Engage in comprehensive watershed planning and partnerships that protect Indigenous rights, waterways, biodiversity, water quality, people and property, by addressing the long-term capacity of water-related systems and resources, including: rivers, riverbanks, potable water, flood protection, and storm and wastewater management. LG, HW | **Clarify Intent/Internal Feedback-** edits reflect the enhanced profile of Indigenous rights, rivers, riverbanks, biodiversity around water resources and the quality of all water resources, not just potable water. Added "Indigenous rights, waterways, biodiversity, water quality," and "rivers, riverbanks". Deleted "quality" from "potable water quality". |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 23 | 23 | POLICIES | 2.18 Potable Water Conservation<br>Provide a safe, reliable and sustainable supply of potable water, by ensuring responsible consumption and conservation of resources, while respecting the Indigenous communities impacted by the sourcing of Winnipeg's water supply. HW, SE | 2.18 Potable Water Conservation<br>Provide a safe, reliable and sustainable supply of potable water, by ensuring responsible consumption and conservation of resources, while respecting Indigenous land-based practices, Indigenous rights, and acknowledging that the source of the city's water comes from Shoal Lake on Treaty Three Territory. HW, SE | **Clarify Intent/Internal Feedback-** opportunity to emphasize the value of water protection from Indigenous perspectives including a water acknowledgement. Added "Indigenous land-based practices, Indigenous rights, and acknowledging that the source of the city's water comes from Shoal Lake on Treaty Three Territory." |
| 23 | 23 | POLICIES | 2.20 Leverage Green Infrastructure<br>Conserve, manage and enhance parks and natural areas year-round, to support climate change adaptation and mitigation through the ecological functioning of natural systems. Work to improve access to play, social interaction, active living and connection of people with nature. HW, CB, SE | 2.20 Leverage Green Infrastructure<br>Conserve, manage and enhance the inherent value and ecological functioning of parks, waterways, natural areas and systems year-round, to support the environment, advance climate change adaptation and mitigation, and improve access to recreation, social interaction, active living, and connection of people with nature. HW, CB, SE | **Clarify Intent/Community and Internal Feedback-** edits reflect stronger language with respect to the inherent value of green spaces and interconnected systems, including waterways, that are often adjacent to green parks. Added " the inherent value" reordered the "ecological functioning of" and replaced "play" with "recreation" as a broader umbrella term which includes play, that is consistent with municipal service delivery terminology. |
| 23 | 23 | POLICIES | 2.21 Leverage Green Infrastructure<br>Conserve and enhance the urban forest as a key contributor to good air quality, carbon sequestration, storm water management, efficient energy resource consumption, shade, improved health and well-being, and mitigation of and adaptation to the urban heat island effect. HW, SE | 2.21 Leverage Green Infrastructure<br>Conserve, replace and enhance the urban forest as a key contributor to air quality, erosion control, carbon sequestration, storm water management, efficient energy resource consumption, shade, improved health and well-being, and mitigation of and adaptation to the urban heat island effect. HW, SE | **Clarify Intent/Community Feedback-** added "replace" to reflect stronger intent to preserve urban trees that are lost for example due to pests or storms.<br>**Clarify Intent/Internal Feedback-** deleted "good" in relation to "air quality" as it is inherent. Added "erosion control" as vegetation play a significant role in riverbank stabilization. |
| 23 | 23 | POLICIES | 2.22 Local Food Security<br>Enable sustainable, local, affordable, healthy agricultural food systems that include access to land, scalable production, processing, storage, distribution, preparation, consumption and disposal, to achieve food security and build community cohesion. EP, HW, SE, CB | 2.22 Local Food Security<br>Enable urban agriculture and local food systems that include access to land, Indigenous land-based practices where possible, culturally relevant food practices, scalable production, processing, storage, distribution, preparation, consumption and disposal, to achieve food security. EP, HW, SE, CB | **Consistency within OurWinnipeg 2045-** added "urban agriculture" as defined in the glossary for consistent terminology and moved 'local'<br><br>**Clarify Intent/ Community and Internal Feedback-** request to more clearly delineate the local and climate related benefit of food security from the human benefit of healthy food. See policy 4.5 where "building community cohesion" was moved to. Added "Indigenous land-based practices where possible, culturally relevant food practices" which in the first instance includes fishing, hunting, medicine-picking, and ceremonial fires and in the second instance creates opportunities for newcomer and non-Indigenous cultural food practices to occur. |
| 23 | 23 | POLICIES | 2.23 Urban Soil Regeneration<br>Value healthy soil by enabling the conservation of agricultural land, and soil-remediation and regeneration on both previously developed lands and in new developments. HW, CB | 2.23 Urban Soil Regeneration<br>Value, preserve and enhance the soil quality of agricultural land, riverbank lands and natural areas, and on both previously developed lands and in new developments. HW, CB | **Clarify Intent/Internal Feedback-** edits reflect stronger language and expand the scope to include "riverbank lands and natural areas". Added "quality" rather than "healthy", added "preserve and enhance" rather than "by enabling the conservation" and deleted "soil remediation and regeneration" as preservation is already addressed as well as in brownfield remediation policy 6.40. |
| 23 | 23 | POLICIES | 2.24 Low-Impact Ecosystem Management<br>Prioritize sustainable, integrated plant and pest management, that achieves humane, safe, low-carbon, and low-chemical solutions to support the health of local ecosystems. EP, HW | 2.24 Low-Impact Ecosystem Management<br>Prioritize sustainable, integrated plant, pollinator and pest management, that achieves humane, safe, low-carbon, and low-chemical solutions to support the health of local ecosystems. EP, HW | **Clarify Intent/Community Feedback-** edit reflects the benefits of pollinators. Added "pollinator" to give balance to "pest" given that insects can have both positive and negative impacts in urban environments. |
| 24 | 24 | ECONOMIC PROSPERITY Objective 3 | Address poverty as an unacceptable and costly outcome of systemic barriers, through collaboration with the community and other government bodies. | Address poverty as an unacceptable and costly outcome of systemic barriers, through collaboration with the community and government bodies. | **Copy Edit-** deleted "other" as it is redundant. |
| 24 | 24 | ECONOMIC PROSPERITY Objective 3 Description | Collaborate with the community and other levels of government, to identify and implement strategies and actions for community return on investment related to housing, education, training and employment, physical and mental health, and social supports for the individuals, families and communities who are most impacted by poverty. | Collaborate with the community and government bodies including Indigenous, Federal, and Provincial governments, to identify and implement strategies and actions for community return on investment related to housing, education, training and employment, physical and mental health, and social supports for the individuals, families and communities who are most impacted by poverty. | **Consistency within OurWinnipeg 2045-** added "government bodies including Indigenous, Federal, and Provincial" and deleted "other levels of". Edit more accurately and specifically reference governments the City intends to work with toward policy implementation. Other municipal governments not listed as they are under Provincial authority. This same wording has been integrated throughout the Plan. |
| 24 | 24 | POLICIES | 3.3 Economic Research and Innovation<br>Facilitate research, innovation, and applied best practices, through partnerships with leading organizations, agencies, institutions and governing bodies – to leverage a productive municipal role in local, competitive, and sustainable economic growth. LG | 3.3 Economic Research and Innovation<br>Facilitate research, innovation, and applied best practices, through partnerships with leading organizations, agencies, institutions and government bodies – to leverage a productive municipal role in local, competitive, and sustainable economic growth. LG | **Copy Edit-** replaced "governing" with "government" |
| 25 | 25 | POLICIES | 3.5 Strategic Enterprise Supports<br>Invest in employment land servicing based on an analysis of municipal and regional supply, municipal return on investment, and future land requirements in industry sectors that are integral to achieving sustainable, local economic growth. CB | 3.5 Strategic Enterprise Supports<br>Invest in employment lands servicing based on an analysis of municipal and regional supply, municipal return on investment, and future land requirements in industry sectors that are integral to achieving sustainable, local economic growth. CB | **Copy Edit-** added an "s" to land |
| 25 | 25 | POLICIES | 3.6 Downtown Economic Investment<br>Prioritize the Downtown by leveraging private and public investments, including entrepreneurship, arts, entertainment, and tourism, that advance its status as an economic driver. HW, CB | 3.6 Downtown Economic Investment<br>Prioritize the Downtown by leveraging private and public investments, including housing, entrepreneurship, arts, entertainment, and tourism, that advance its status as an economic driver. HW, CB | **Clarify Intent/Community Feedback-** edit reflects emphasis of housing options downtown. Added "housing" to the list of examples to expand scope. |
| 25 | 25 | POLICIES | 3.7 Heritage Investment<br>Facilitate the economic viability of heritage conservation by working with agencies, partnerships, and other governments to provide leadership, incentivize the conservation of heritage resources, and districts as defined in Complete Communities. LG, ER, HW, CB | 3.7 Heritage Investment<br>Facilitate the economic viability of heritage conservation by working with agencies, partnerships, and governments bodies, including Indigenous, Federal, and Provincial governments, to provide leadership, incentivize the conservation of heritage resources, and districts as defined in Complete Communities. LG, ER, HW, CB | **Consistency within OurWinnipeg 2045-** added "including Indigenous, Federal, and Provincial governments" to more accurately and specifically reference governments the City intends to work with toward policy implementation. Other municipal governments not listed as they are under Provincial authority. This same wording has been integrated throughout the Plan. |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 25 | 25 | POLICIES | 3.8 Culture and Heritage Value<br>Enhance the economic value of cultural and heritage resources in the community by promoting awareness, education, viable adaptive re-use, and other effective conservation tools. LG, CB | 3.8 Culture and Heritage Value<br>Enhance the economic and cultural value of arts and heritage resources in the community by promoting awareness, education, viable adaptive re-use, and other effective conservation tools. LG, CB | **Clarify Intent/Community Feedback-** edit reflects the profile and value of the arts more explicitly. Reordered to demonstrate the economic "and cultural" value and added "arts". |
| 25 | 25 | POLICIES | 3.10 Indigenous Economic Development<br>Prioritize Indigenous heritage, culture, art, entrepreneurial and tourism-related economic opportunities. LG, SE | 3.10 Indigenous Economic Development<br>Prioritize support of Indigenous-led opportunities for land, heritage, culture, art, entrepreneurial and tourism-related economic development for the benefit of Indigenous Peoples. LG, SE | **Clarify Intent/Community Feedback-** edits reflect that the intention was not to exploit Indigenous Peoples heritage for economic benefit but rather to support Indigenous-led economic development as appropriate. Added "support of Indigenous-led opportunities for land," and "for the benefit of Indigenous Peoples." Deleted "opportunities" and replaced with "development". |
| 25 | 25 | POLICIES | 3.11 Community Economic Development<br>Support local enterprises and employment in neighbourhoods through strategic investments in transit, active transportation, and a pedestrian-oriented public realm, that result in well-connected, mixed-use activity nodes, to enable residents to participate in economic activity in close proximity to where they live. ER, HW, CB | 3.11 Community Economic Development<br>Support local enterprises and employment in neighbourhoods through strategic investments in an active and transit-oriented public realm, that results in well-connected, mixed-use activity nodes, to enable residents to participate in economic activity in close proximity to where they live. ER, HW, CB | **Consistency within OurWinnipeg 2045-** edits reflect updated terminology to reference the desired transportation and urban design approach as "active and transit-oriented" as applicable in the Plan. Added "an active and" and deleted "active transportation, and a pedestrian".<br>**Copy Edit-** added an "s" to "result". |
| 25 | 25 | POLICIES | 3.12 Poverty Reduction<br>Support poverty reduction through a community economic development approach that addresses systemic barriers to opportunity and participation, particularly in areas of highest need. HW, SE | 3.12 Poverty Reduction<br>Support the reduction of poverty and homelessness through a community economic development approach that addresses systemic barriers to opportunity and participation, particularly in areas of highest need. HW, SE | **Clarify Intent/Community Feedback-** edits reflect the connection between poverty and homelessness. Policy 5.3 speaks to a specific Housing First approach to ending homelessness and this policy provides the general direction that supports it. Added "the reduction of" as well as "and homelessness". |
| 25 | 25 | POLICIES | 3.13 Poverty Reduction<br>Achieve a living wage minimum standard for municipal employees, for those contracted and subcontracted to provide City services and for organizations who receive City funding. LG, HW, SE | 3.13 Poverty Reduction<br>Develop criteria to achieve a living wage minimum standard for employees of the City, for those awarded contracts and subcontracts to provide City services, and for organizations who receive City funding, to enable economic self-sufficiency, and community participation. LG, HW, SE | **Clarify Intent/Community Feedback-** edits reflect that there is work to be done to define how this policy would function, for example, how living wage would be calculated. Added "Develop criteria to achieve" and "to enable economic self-sufficiency, and community participation". Reworded "municipal employees" to "employees of the City". Added "awarded" and therefore deleted "ed" on "contracted and subcontracted". |
| 26 | 26 | POLICIES | 3.17 Sustainable Transportation Connectivity<br>Prioritize enhancements to the public transit system and active and public transportation network that improve their viability and access to places such as educational institutions, employment opportunities, recreation and library facilities, providers of essential goods and services and health providers, especially for neighbourhoods most impacted by poverty. SE, HW, ER, CB | 3.17 Sustainable Transportation Connectivity<br>Prioritize enhancements to the integrated and sustainable transportation system that improve its viability and access to places such as educational institutions, employment opportunities, recreation and library facilities, providers of essential goods and services and health providers, especially for children, and for neighbourhoods most impacted by poverty. SE, HW, ER, CB | **Consistency within OurWinnipeg 2045/Community Feedback**- edits reflect updated and consistent terminology to reference the desired transportation system as "integrated and sustainable" as applicable throughout the Plan. This terminology will provide high-level policy context for transportation policy detail forthcoming in the updated Transportation Master Plan. Added "children, and for" to acknowledge unique mobility needs. |
| 26 | 26 | POLICIES | 3.20 Strategic Enterprise Supports<br>Regulate economic activities and uses that disproportionately and negatively impact systemically disadvantaged groups and are contrary to this Plan's goals, based on type, location and concentration. LG, SE, CB | 3.20 Strategic Enterprise Supports<br>Develop criteria to determine economic activities and land uses that disproportionately and negatively impact systemically disadvantaged groups and are contrary to this Plan's goals, based on type, location and concentration. LG, SE, CB | **Clarify Intent/Internal Feedback-** added "Develop criteria to determine" and deleted "Regulate" as criteria is required before regulation and subsequent equitable enforcement of such economic activities can occur. |
| 27 | 27 | GOOD HEALTH AND WELL-BEING<br>Objective 2 Description | Design, develop, and maintain healthy and inclusive built and natural environments that facilitate access to basic needs, encourage active lifestyles, and strengthen social- and nature-based connections. | Design, develop, and maintain healthy and inclusive built and natural environments that facilitate access to basic needs, encourage active lifestyles, and strengthen social- and nature-based connections and mitigate land use conflicts that compromise public health. | **Clarify Intent/Community and Internal Feedback-** added "and mitigate land use conflicts that compromise public health" to reflect servicing and development of additional employment lands. |
| 27 | 27 | POLICIES | 4.5 Healthy Food<br>Pursue access to locally-sourced, healthy food production and distribution as a fundamental component of community health, climate change mitigation and poverty reduction. ER, EP, SE | 4.5 Healthy Food<br>Pursue affordable access to healthy food production and distribution as a fundamental component of community health, poverty reduction, and building community cohesion. ER, EP, SE | **Clarify Intent/Community and Internal Feedback-** more clearly delineate the human benefits of healthy food access from the local and climate related benefit of food security related to policy 2.22. Added "affordable". Added "and building community cohesion" from policy 2.22. Deleted "locally sourced" as this would be the ideal in combination with policy 2.22 but at a minimum healthy and affordable food is priority for good health. |
| 28 | 28 | POLICIES | 4.10 Transportation Safety<br>Design, construct, maintain, and regulate multi-modal urban transportation systems and related infrastructure that optimize safe, connected and reliable mobility, and minimize severe injuries and fatalities. CB | 4.10 Transportation Safety<br>Design, construct, maintain, and regulate an integrated and sustainable transportation system and related infrastructure that optimize safe, connected and reliable mobility, and minimize severe injuries and fatalities. CB | **Consistency within OurWinnipeg 2045-** to reflect updated and consistent terminology to reference the desired transportation system as "integrated and sustainable" as applicable throughout the Plan. This terminology will provide high-level policy context for transportation policy detail forthcoming in the updated Transportation Master Plan. |
| 28 | 28 | POLICIES | 4.12 Inclusive Public Places<br>Invest in inclusive pedestrian-oriented public amenities, and active transportation in prioritized development areas on Urban Mixed Use Corridors and other priority routes, to promote year-round accessibility, physical activity and social interaction. ER, CB | 4.12 Inclusive Public Places<br>Invest in inclusive active transportation-oriented public amenities in prioritized development areas on Urban Mixed Use Corridors and other priority routes, to promote year-round accessibility, physical activity and social interaction. ER, CB | **Clarify Intent/Community and Internal Feedback-** added "active transportation-oriented" and deleted "pedestrian" to broaden the scope of sustainable transportation options. |
| 29 | 29 | POLICIES | 5.1 Equitable Service Access<br>Provide municipal services through a lens that promotes equitable access for all, with a focus on the youngest, oldest, and systemically disadvantaged members of the community. LG, HW | 5.1 Equitable Service Access<br>Provide municipal services through an age-friendly lens that promotes equitable access for all, with a focus on the youngest, oldest, and systemically disadvantaged members of the community. LG, HW | **Clarify Intent/Community Feedback-** added "age-friendly" as it is commonly used umbrella term to describes service delivery that benefits all ages. |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 29 | 29 | POLICIES | 5.4 Reconciliation with Indigenous Peoples<br>Prioritize municipal implementation responsibilities within the United Nations Declaration on the Rights of Indigenous Peoples, the Truth and Reconciliation Commission of Canada's Calls to Action and the National Inquiry into Missing and Murdered Indigenous Women and Girls' Calls for Justice. LG, ER, EP, HW, CB | 5.4 Reconciliation with Indigenous Peoples<br>Prioritize municipal implementation responsibilities within the *United Nations Declaration on the Rights of Indigenous Peoples* , the *Truth and Reconciliation Commission of Canada's Calls to Action* and the *National Inquiry into Missing and Murdered Indigenous Women and Girls' Calls for Justice* . LG, ER, EP, HW, CB | **Copy Edit-** document titles are referenced using italics. |
| 29 | 29 | POLICIES | 5.5 Indigenous Lens<br>Include an Indigenous lens and leadership in municipal governance processes, to recognize, respect and advance Indigenous rights, and build cooperative and mutually beneficial relationships toward reconciliation. LG, ER, EP, HW, CB | 5.5 Indigenous Lens<br>Develop an Indigenous lens which recognizes, respects and advances multiple and diverse First Nations, Inuit, and Métis rights, knowledge and perspectives. Apply the lens throughout municipal leadership and governance processes, policies, programs and practices to eliminate elements that knowingly or unknowingly enable the exclusion of Indigenous Peoples. LG, ER, EP, HW, CB | **Clarify Intent/Community and Internal Feedback-** substantive edits reinforce and delineate the value of multiple Indigenous perspectives on Indigenous rights and reconciliation, and to frame the responsibility for acknowledging and respecting these perspectives by non-Indigenous peoples. |
| 29 | 29 | POLICIES | 5.6 Equitable Service Access<br>Welcome and support newcomers, and those who migrate from rural communities and reserves, through strategic collaboration and action that expedites service access and sense of belonging for residents. LG, ER, EP, HW, CB | 5.6 Equitable Service Access<br>Welcome and support newcomers, and those who migrate from rural and Indigenous communities, through strategic collaboration and action that expedites service access and sense of belonging for residents. LG, ER, EP, HW, CB | **Clarify Intent/Community Feedback-** added "and Indigenous" and deleted "and reserves" to acknowledge that the term 'reserves' applies only to First Nations Peoples, and policy intent was to be inclusive of First Nations, Inuit, and Métis Peoples. |
| 30 | 30 | POLICIES | 5.9 Heritage Conservation<br>Provide opportunities for heritage education, truth-telling, and reconciliation, through the commemoration, conservation, and stewardship of both tangible and intangible heritage resources, including public names, places, and art; museum artifacts; and archived information. LG, HW | 5.9 Heritage Conservation<br>Provide opportunities for heritage education, truth-telling, and reconciliation, through the commemoration, conservation, and stewardship of both tangible and intangible heritage resources, including Indigenous land-based practices and artifacts, public names, places, and art; museum artifacts; and archived information. LG, HW | **Consistency within OurWinnipeg 2045-** added "Indigenous land-based practices" refer to Treaty and Aboriginal rights including fishing, hunting, medicine-picking, and ceremonial fires. Also added "artifacts" to provide a broader and more representative scope for heritage conservation throughout the Plan. |
| 31 | 31 | POLICIES | 6.2 Complete Communities Characteristics<br>The characteristics of complete communities must be identified and defined in Complete Communities, and will include, at minimum: safe and affordable housing for all incomes; local employment opportunities; health-supportive amenities, access to nature, and social interaction opportunities; sustainable transportation options; and digital communication technology infrastructure to align with this Plan's goals. LG, ER, EP, HW, SE | 6.2 Complete Communities Characteristics<br>The characteristics of complete communities must be identified and defined in Complete Communities, and will include, at minimum, equitable access to: safety and security; safe and affordable housing for all incomes; local employment opportunities; health-supportive amenities, access to nature, social interaction opportunities; sustainable transportation options; and digital communication technology infrastructure to align with this Plan's goals. LG, ER, EP, HW, SE | **Clarify Intent/Internal Feedback-** added "equitable access" as it applies to all of the complete communities characteristics listed. Added "safety and security" to the primary list of desired characteristics of 'complete communities' as referenced in OurWinnipeg 2045 and the Complete Communities Direction Strategy 2.0, therefore deleted "safe and". |
| 31 | 31 | POLICIES | 6.5 Climate Resilient Growth<br>The intensification target adopted in Complete Communities must align with climate change mitigation and adaptation goals, objectives, and adopted greenhouse gas emissions reduction targets. ER, HW | 6.5 Climate Resilient Growth<br>The intensification target adopted in Complete Communities must align at a minimum with climate change mitigation and adaptation goals, objectives, and adopted greenhouse gas emissions reduction targets. ER, HW | **Clarify Intent/Community Feedback-** added "at a minimum" to reinforce that it is critical to meet or exceed the intensification target detailed in the Complete Communities Direction Strategy 2.0 in order to achieve the greenhouse gas emissions reduction targets specified in Winnipeg's Climate Action Plan. |
| 32 | 32 | POLICIES | 6.6 Intensification Target<br>Achieve the intensification target by making development in existing built-up areas easier and more desirable and predictable, as directed in Complete Communities. LG, ER, EP, HW, SE | 6.6 Intensification Target<br>Achieve the intensification target by making development in intensification target areas easier and more desirable and predictable, as directed in Complete Communities. LG, ER, EP, HW, SE | **Clarify Intent/Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0-** added "intensification target areas" and deleted "built up areas" to be more clear where intensification is planned as referenced in the Plans. |
| 32 | 32 | POLICIES | 6.7 Fiscally Sustainable Growth<br>Ensure that growth is fiscally sustainable through the use of financial tools; guidelines that outline the fair and equitable sharing of costs for servicing and the subdivision and development of land; fiscal impact analysis for new development; and collaboration with other levels of government on legislative and regulatory reform initiatives, to enhance the authority of the City to collect revenue to finance land development. LG, EP | 6.7 Fiscally Sustainable Growth<br>Ensure that growth is fiscally sustainable through approaches including financial tools; guidelines that outline the fair and equitable sharing of costs for servicing and the subdivision and development of land; fiscal impact analysis for new development; and collaboration with other levels of government on legislative and regulatory reform initiatives, to enhance the authority of the City to collect revenue to finance land development. LG, EP | **Clarify Intent-** added "approaches including" and deleted "through the use of" to reference a non-exhaustive, rather than all-inclusive list of approaches to achieving fiscally sustainable growth. |
| 32 | 32 | POLICIES | 6.8 Plan For and Accommodate Forecasted Growth<br>Provide for predictable development, through the timely delivery of City-funded growth-enabling and growth-supportive infrastructure, within the City's financial capacity. LG, EP | 6.8 Plan for and Accommodate Forecasted Growth<br>Provide for predictable development, through the timely delivery of City-funded growth-enabling and growth-supportive infrastructure, within the City's financial capacity. LG, EP | **Copy Edit-** edited from upper to lower case "f" in the word "for" |
| 33 | 33 | POLICIES | 6.16 Complete Streets<br>Apply complete streets principles in the design, reconstruction, construction and operation of designated Urban Mixed Use Corridors, and other areas of the city where appropriate, to enhance the safety and usability of a mixed transportation network based on a hierarchy of users which safeguards those most at risk of fatality and injury. EP, HW | 6.16 Complete Streets<br>Apply complete streets principles in the design, reconstruction, construction and operation of designated Urban Mixed Use Corridors, and other areas of the city where appropriate, to enhance the safety and usability of an integrated and sustainable transportation system based on a hierarchy of users which safeguards those most at risk of fatality and injury. EP, HW | **Consistency within OurWinnipeg 2045-** edits reflect updated and consistent terminology to reference the desired transportation system as "integrated and sustainable" as applicable throughout the Plan. This terminology will provide high-level policy context for transportation policy detail forthcoming in the updated Transportation Master Plan. Deleted "mixed", added "system" and deleted "network". |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 33 | 33 | POLICIES | 6.18 Transit-Oriented Development<br>Support Rapid Transit and other primary transit corridors with strategically located transit stations, that facilitate transit ridership through development intensification, a mix of complementary land uses, and a pedestrian and cycling-friendly environment consistent with transit-oriented development principles. ER, EP, HW | 6.18 Transit-Oriented Development<br>Support Rapid Transit and other primary transit corridors with strategically located transit stations, that facilitate transit ridership through development intensification, a mix of complementary land uses, and a pedestrian and cycling-oriented environment consistent with transit-oriented development principles. ER, EP, HW | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0**- Added "oriented" and deleted "friendly" |
| 33 | 33 | POLICIES | 6.19 Mixed Use Centres<br>Designate Mixed Use Centres within the Urban Structure, representing the largest commercial areas in the city with the ability to accommodate major retail uses, and become pedestrian-friendly areas connected by multiple modes of transportation, and offering a variety of housing, employment, amenity and service options. EP, HW | 6.19 Mixed Use Centres<br>Designate Mixed Use Centres within the Urban Structure, representing the largest commercial areas in the city with the ability to accommodate major retail uses, and become pedestrian-oriented environments connected by integrated and sustainable transportation, and offering a variety of housing, employment, amenities and services. EP, HW | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0**- added "oriented environments" and deleted "friendly areas" terminology. Deleted "multiple modes" and "options" as implicit in the term sustainable transportation.<br><br>**Copy Edit**- edited "amenity" to "amenities" |
| 33 | 33 | POLICIES | 6.20 Major Redevelopment Sites<br>Designate Major Redevelopment Sites within the Urban Structure for land uses that provide transformative, sustainable, well-designed and walkable urban environments, through a comprehensive and collaborative secondary planning process. ER, HW | 6.20 Major Redevelopment Sites<br>Designate Major Redevelopment Sites within the Urban Structure for land uses that provide a transformative, sustainable, well-designed and pedestrian-oriented urban environments, through a comprehensive and collaborative secondary planning process. ER, HW | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0**- added "pedestrian-oriented" and deleted "walkable". |
| 33 | 33 | POLICIES | 6.23 New Communities<br>Plan New Communities to identify and include a defined level of service for public infrastructure and resource requirements, or approved alternative, to achieve complete communities including transit, recreation, parks, libraries, emergency services, and digital communications technology infrastructure. LG, ER, EP, HW, SE | 6.23 New Communities<br>Plan New Communities to identify and include a defined level of service for public infrastructure and resource requirements, or approved alternative, to achieve complete communities including an integrated and sustainable transportation system, recreation, parks, libraries, emergency services, and digital communications technology. LG, ER, EP, HW, SE | **Consistency within OurWinnipeg 2045**- edits reflect updated and consistent terminology to reference the desired transportation system as "integrated and sustainable" as applicable throughout the Plan. This terminology will provide high-level policy context for transportation policy detail forthcoming in the updated Transportation Master Plan. Deleted "transit" and "infrastructure". |
| 33 | 33 | POLICIES | 6.24 Reinvestment Areas<br>Identify Reinvestment Areas as representing a subset of Mature Communities that normally have a desirable character, but would benefit from reinvestment through infill and redevelopment. LG, ER, EP, HW, SE | 6.24 Reinvestment Areas<br>Identify Reinvestment Areas as a subset of Mature Communities that would benefit from expanded partnerships to support community-based revitalization efforts and reinvestment through infill, redevelopment, and affordable housing to help reach full potential as vibrant, healthy, and complete communities. LG, ER, EP, HW, SE | **Clarify Intent/Internal Feedback**- substantive edits more clearly reflect the desired community benefits of revitalization in designated Reinvestment Areas. |
| 33 | 33 | POLICIES | 6.25 Employment Lands<br>Designate Employment Lands within the Urban Structure areas, to accommodate larger-scale employment opportunities according to land use categories that include Core Industrial, General Industrial, Business Parks and Institutional, and proximities through design and development standards that ensure community health and safety. ER, EP, HW | 6.25 Employment Lands<br>Designate Employment Lands within the Urban Structure, to accommodate forecasted job growth and advance economic development in both the City and region, while mitigating incompatible land use conflicts, to provide a stable operating environment for businesses, and to promote community health and safety. ER, EP, HW | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0/Internal Feedback**- substantive edits reflect the economic development benefits of preserving employment lands for job creation and economic growth while mitigating land use conflicts. |
| 33 | 33 | POLICIES | 6.26 Rural and Agricultural Areas<br>Designate Rural and Agricultural Areas within the Urban Structure, as non-urbanized lands that are suitable for food production and supportive uses, as well as rural living that is only permitted under existing, adopted secondary plans, and does not require a full range of municipal services. ER, HW | 6.26 Rural and Agricultural Areas<br>Designate Rural and Agricultural Areas within the Urban Structure, as non-urbanized lands suitable for agriculture, specialized agriculture, Indigenous land-based practices where possible, and supportive uses, as well as rural living that is permitted under existing, adopted secondary plans, and does not require a full range of municipal services. ER, HW | **Community and Internal Feedback**- edits broaden the scope of desired land uses in designated Rural and Agricultural Areas. Added "agriculture, specialized agriculture".<br><br>**Consistency within OurWinnipeg 2045**- added "Indigenous land-based practices where possible" refer to Treaty and Aboriginal rights including fishing, hunting, medicine-picking, and ceremonial fires. "Where possible" qualifies that such practices may not be feasible everywhere in an urban environment. |
| 33 | 33 | POLICIES | 6.27 Major Open Space<br>Designate Major Open Spaces within the Urban Structure, to represent areas of City-wide importance that have important natural habitat and provide for passive nature-oriented activities and a variety of active recreation areas, and conservation of natural features and habitats that promote this Plan's goals. LG, ER, HW | 6.27 Major Open Space<br>Designate Major Open Spaces within the Urban Structure, to recognize, preserve, and retain lands of city-wide importance for its valued natural features and habitats, connections, and varied recreation opportunities, that promote this Plan's goals. LG, ER, HW | **Clarify Intent/Community and Internal Feedback**- substantive edits reflect stronger language to protect major open spaces from development that would compromise the multiple benefits of such land in its current state, and within the context of OurWinnipeg's sustainable development goals. |
| 34 | 34 | POLICIES | 6.28 Airport Lands<br>Designate Airport Lands within the Urban Structure, to accommodate development consistent with regulations that support and protect the role and 24-hours-a-day, seven-days-a-week operational status of the James Armstrong Richardson International Airport, as a major economic hub for passenger and cargo transportation. LG, EP | 6.28 Airport Area<br>Designate the Airport Area within the Urban Structure, to support the role of the Winnipeg James Armstrong Richardson International Airport as a major transportation hub for passengers and cargo, support and protect the role and 24-hours-a-day, seven-days-a-week operational status, and its realization as a major economic centre for goods distribution, manufacturing, and airport-related commercial and employment activity. LG, EP | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0/Internal Feedback**- edits reflect a reframing of policy language to emphasize desired economic development outcomes and benefits related specifically to the Airport Area. Added "Areas" and deleting "Lands" in the Policy Index. |
| 34 | 34 | POLICIES | 6.31 Transit-Oriented Development<br>Achieve a more balanced modal split through the integrated planning and development of compact, walkable and connected mixed-use neighbourhoods, that enable a transition to active and public transportation mobility. ER, EP,HW | 6.31 Transit-Oriented Development<br>Achieve a balanced modal split that reflects greenhouse gas emissions reduction targets, through the integrated planning and development of compact, walkable and connected mixed-use neighbourhoods, that enable a transition to an integrated and sustainable active and public transportation system. ER, EP, HW | **Consistency within OurWinnipeg 2045**- edits reflect updated terminology for the desired transportation system as "integrated and sustainable" and "active and public" as applicable throughout the Plan. This terminology will provide high-level policy context for transportation policy detail forthcoming in the updated Transportation Master Plan. Added "that reflects greenhouse gas emissions reduction targets,". |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 34 | 34 | POLICIES | 6.33 Affordable and Supportive Housing Options<br>Facilitate affordable and supportive housing in all neighbourhoods, through a continuum of private and non-profit housing development that includes a mix of sizes, forms and tenures; resilient, low-carbon, and energy-efficient construction; adaptable, universal design accessibility; and proximity to sustainable, multi-modal transportation options. EP, ER, HW, SE | 6.33 Affordable and Supportive Housing Options<br>Facilitate affordable and supportive housing in all neighbourhoods, through a continuum of private and non-profit housing development that includes a mix of sizes, forms and tenures; resilient, low-carbon, and energy-efficient construction; adaptable, universal design accessibility; and proximity to integrated and sustainable transportation options. EP, ER, HW, SE | **Consistency within OurWinnipeg 2045-** edits reflect updated terminology to reference the desired transportation system as "integrated and sustainable" as applicable throughout the Plan. This terminology will provide high-level policy context for transportation policy detail forthcoming in the updated Transportation Master Plan. Deleted "multi-modal". |
| 34 | 34 | POLICIES | 6.34 Commercial Areas<br>Encourage the redevelopment, infill, and expansion of existing commercial areas as the preferred method of accommodating new commercial development, while also accommodating local commercial amenities in new neighbourhoods, to ensure they can be complete from their inception. EP | 6.34 Commercial Areas<br>Facilitate the redevelopment, infill, and expansion of existing commercial areas as the preferred method of accommodating new commercial development, while also accommodating local commercial amenities in new neighbourhoods, to ensure completeness from its inception. EP | **Clarify Intent/Community and Internal Feedback-** edit reflects stronger language that is representative of the shared responsibility between the City and commercial developers to achieve policy outcomes. Added "Facilitate" and deleted "Encourage". |
| 34 | 34 | POLICIES | 6.35 Inclusive Public Places<br>Practice and enforce a high standard of urban design, that supports a sustainable quality of life and sense of place through the development of a safe, resilient, high-quality, high-functioning and pedestrian-oriented urban environment. LG, ER, EP, HW, SE | 6.35 Inclusive Public Places<br>Practice and enforce a high standard of urban design, that supports a sustainable quality of life and sense of place through the development of a safe, resilient, high-quality, high-functioning and active transportation and transit-oriented urban environment. LG, ER, EP, HW, SE | **Consistency within OurWinnipeg 2045-** edits reflect updated terminology to reference the desired transportation and urban design approach as "active transportation and transit-oriented" as applicable in the Plan. Deleted "pedestrian". |
| 34 | 34 | POLICIES | 6.36 Inclusive Public Places<br>Leverage investment in public amenities in partnership with private investors, to create a safe, vibrant, and pedestrian-oriented public realm in areas prioritized for mixed-use development. LG, EP, HW, SE | 6.36 Inclusive Public Places<br>Leverage investment in public amenities in partnership with private investors, to create a safe, vibrant, and active and transit-oriented urban environment in areas prioritized for mixed-use development. LG, EP, HW, SE | **Consistency within OurWinnipeg 2045-** edits reflect updated terminology to reference the desired transportation and urban design approach as "active and transit-oriented" as applicable in the Plan. Deleted "pedestrian", "public transportation". Added "urban environment" and deleted "public realm". |
| 34 | 34 | POLICIES | 6.37 Heritage Conservation<br>Conserve cultural, natural, and heritage resources and districts, as defined in Complete Communities, to celebrate sense of place through community history, architecture, civic identity and cultural perspectives. ER, HW | 6.37 Heritage Conservation<br>Conserve cultural, natural, and heritage resources and districts, as defined in Complete Communities, and Indigenous land-based practices, to celebrate sense of place through community history, architecture, civic identity and cultural perspectives. ER, HW | **Consistency within OurWinnipeg 2045-** "Indigenous land-based practices" refer to Treaty and Aboriginal rights including fishing, hunting, medicine-picking, and ceremonial fires. Deleted "traditional" and "uses". |
| 34 | 34 | POLICIES | 6.38 Compatible Growth<br>Protect green and built infrastructure from incompatible development that would compromise achievement of this Plan's goals. LG, ER, EP, HW, SE | 6.38 Compatible Growth<br>Plan for and protect green and built infrastructure and resources from incompatible development that would compromise achievement of this Plan's goals. LG, ER, EP, HW, SE | **Clarify Intent/Community and Internal Feedback-** edits strengthen language to emphasize the protection of 'green' infrastructure and resources. Added "Plan for and protect" and "and resources". |
| 34 | 34 | POLICIES | 6.39 Neighbourhood Connectivity<br>Partner in the pursuit of feasible rail location and relocation alternatives that would create opportunities to equitably densify and enhance mobility within and between new and established neighbourhoods. LG, ER, EP, HW, SE | 6.39 Neighbourhood Connectivity<br>Partner in the pursuit of feasible rail location and relocation alternatives that would create opportunities for intensification and enhanced connectivity within and between new and established neighbourhoods. LG, ER, EP, HW, SE | **Consistency within OurWinnipeg 2045, and between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0-** added "intensification" and deleted "equitably densify" as the goal lens is already implied. Added "connectivity" as an umbrella term that includes the deleted "mobility". |
| 34 | 34 | POLICIES | 6.40 Brownfield Land<br>Collaborate with other levels of government and stakeholder partners in pursuit of the context-sensitive remediation and redevelopment of brownfield lands, in keeping with this Plan's goals. LG, ER, EP, HW, SE | 6.40 Brownfield Land<br>Collaborate with government bodies, including Indigenous, Federal, and Provincial governments, and stakeholders, in pursuit of the context-sensitive remediation and redevelopment of brownfield lands, in keeping with this Plan's goals. LG, ER, EP, HW, SE | **Consistency within OurWinnipeg 2045-** added "bodies, including Indigenous, Federal, and Provincial governments". Edits reflect more accurately and specifically reference governments the City intends to work with toward policy implementation. Other municipal governments not listed as they are under Provincial authority. This wording has been integrated throughout the Plan. |
| 37 | 37 | OurWinnipeg Strategic Priorities Action Plan (narrative bullets) | • Align City services and budget to policy<br>• Confirm local evidence and indicators<br>• Develop decision-making criteria based on community needs for resource distribution<br>• Require interdepartmental collaboration to determine the best solutions to achieve the outcomes<br>• Identify priority actions<br>• Identify what specific value these actions have towards implementing the policy commitments and goal outcomes of OurWinnipeg<br>• Identify interjurisdictional, interdepartmental and agency roles related to each action<br>• Contain a schedule, and measurements of success | • Increase awareness and understanding of OurWinnipeg 2045 policy intent and applicability to day-to-day City operations<br>• Review and align existing plans, Council policy and by-laws with OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0<br>• Integrate a service delivery responsibilities review to align with community needs<br>• Align City services and the operating and capital budget to policy<br>• Identify and confirm local evidence, indicators and benchmark data<br>• Develop decision-making criteria for resource distribution, using the goals as lenses, and based on community needs<br>• Continue to advance reconciliation with Indigenous Peoples through the City's Journey of Reconciliation<br>• Identify interjurisdictional, interdepartmental, agency and stakeholder roles and responsibilities to determine the best solutions to achieve the goals<br>• Identify priority actions, how to resource them and organize action<br>• Identify what specific value these actions have towards implementing the policy commitments and goal outcomes of OurWinnipeg 2045<br>• Prepare a schedule of implementation responsibilities, and measurements of success<br>• Develop enforcement mechanisms for transparency, accountability and non-compliance such as performance targets and annual progress reports | **Clarify Intent/Community and Internal Feedback-** substantive edits reflect a stronger commitment for policy implementation, Indigenous rights and reconciliation, community co-creation of the process and action plan, unpacking policy, importance of alignment and appropriate resourcing, strength of indicators and measurement, and accountability and enforcement mechanisms. |
| 37 | 37 | INDICATORS (5th Paragraph) | Building on Peg, the City will develop greater capacity to refine its goals, and measure the impact of its initiatives across the policy spectrum. | Expanding on Peg, the City will collaborate to develop greater capacity to identify the most relevant indicators, refine its goals, and measure the impact of its initiatives across the policy spectrum. This includes exploring the collection and disaggregation of data for example, by neighbourhood, income levels or group identifiers. | **Clarify Intent/Community Feedback-** added "Expanding" and deleted "Building" to describe that Peg is a preliminary but solid foundation for further indicator development, disaggregation of data and prioritization of actions. |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| 38 | 38 | APPENDIX 1<br>Title | Preliminary community indicators | Table of Preliminary Indicators and OurWinnipeg Alignment | **Clarify Intent/Community Feedback-** edits reflect that indicators in the Plan represent a preliminary foundation for indicator development. |
| 42 | 42 | GLOSSARY | **Active Transportation**<br>Any human-powered mode of transportation such as cycling, walking, skiing and skateboarding. While the main emphasis is on travel for a specific purpose, it does not exclude recreational travel. | **Active Transportation**<br>Any human-powered mode of transportation such as, walking, cycling, skiing, skating and skateboarding. Active transportation can provide safe, affordable, and efficient transportation opportunities that allow people to incorporate physical activity into their daily lives and gain associated health benefits. Along with personal health benefits of using active modes of travel, there are broader community benefits- such as reduced greenhouse gas emissions, improved air quality and maximizing the use of existing infrastructure. | **Clarify Intent/Community and Internal Feedback-** edits reflect a broader scope of "Active Transportation" activities and clarify the benefits associated with this term as referenced in the Plan. |
| 42 | 42 | GLOSSARY | **Asset Management**<br>A core business function of the City and is a systematic process that facilitates decision-making in regards to the construction, acquisition, operation, maintenance, renewal, replacement, and disposition of assets in the most cost-effective manner. | **Asset Management**<br>An integrated set of business processes to minimize the lifecycle costs of owning, operating and maintaining assets, at an acceptable level of risk, while continuously delivering established levels of service. | **Clarify Intent/Internal Feedback-** edits reflect a definition consistently used by the City. |
| 43 | 43 | GLOSSARY | **Conservation**<br>1. Preservation or restoration from loss, damage, or neglect.<br>2. Specific to heritage resources, all actions or processes that are aimed at safeguarding a heritage resource so as to retain its heritage value and extend its physical life. | **Conservation**<br>The preservation or restoration from loss, damage, or neglect; with respect to heritage resources, all actions or processes that are aimed at safeguarding a heritage resource so as to retain its heritage value and extend its physical life. | **Copy Edit-** deleted numbering. |
| 43 | 43 | GLOSSARY | **Culture**<br>A set of shared attitudes, values, goals, and practices. | **Culture**<br>The set of distinctive spiritual, material, intellectual and emotional features of society or a social group, and that encompasses art and literature, lifestyles, ways of living together, value systems, traditions and beliefs. | **Clarify Intent/Community Feedback-** edits reflect a more robust description from a United Nations source. |
| 43 | 44 | GLOSSARY | **Equity**<br>Means equitable outcomes for all. It requires identifying and removing barriers and accommodating differences. Different treatment, rather than treating everyone the same, is necessary to obtain equal results. | **Equity**<br>Recognizes that not all people start off from the same position, and that unequal opportunities make it more difficult for some to be successful. Treating everyone the same is only fair if they are starting from the same position. It seeks to address the inequalities that stem from an individual's particular circumstances, to help put them at the same position as others (also known as substantive equality). | **Clarify Intent/Internal Feedback-** edits reflect more detail to distinguish between 'equity' and 'equality'. |
| NA | 44 | GLOSSARY | No Glossary entry | **Gentrification**<br>A process of neighborhood change that includes economic and demographic transitions (e.g. rising home values and rents, income levels and educational attainment, and lack of racial diversity) in historically disinvested neighborhoods that leads to displacement of long-time and lower-income residents and a loss of community identity. | **Clarify Intent/Internal Feedback-** added definition for understanding of intent. |
| 44 | 44 | GLOSSARY | **Green Infrastructure**<br>A broad category that integrates natural assets, and designed and engineered elements that have been created to mimic natural functions and processes in the service of human interests; and also, the stock of natural resources or ecosystems that are relied upon, managed, or could be managed by a municipality, regional district, or other form of local government for the sustainable provision of one or more municipal services. | **Green Infrastructure**<br>a broad category that integrates natural assets, and designed and engineered elements that have been created to mimic natural functions and processes in the service of human interests; and also, the stock of natural resources or ecosystems that are relied upon, managed, or could be managed by a municipality, regional district, or other form of local government for the sustainable provision of one or more municipal services. For example, constructed wetlands, green roofs, permeable pavement, vegetation and open spaces. | **Clarify Intent/Community and Internal Feedback-** added examples to clarify scope of what is meant by "green infrastructure". |
| NA | 44 | GLOSSARY | No Glossary entry | **Growth-enabling Instructure**<br>This includes regional-scale infrastructure usually funded by the City from its capital budget that is a prerequisite to development. Common examples include water feeder mains, wastewater interceptors, and major roads. | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0-** added definition for understanding of intent as referenced in policy 6.8 of the Plan. |
| NA | 44 | GLOSSARY | No Glossary entry | **Growth-supportive Infrastructure**<br>includes regional-scale infrastructure usually funded by the City from its capital budget that is not a prerequisite to development but is needed to support it. Common examples include community centers, fire stations, and major roads. | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0-** added definition for understanding of intent as referenced in policy 6.8 of the Plan. |
| 44 | 45 | GLOSSARY | **Indigenous**<br>Indigenous communities, peoples and nations are those which, having a historical continuity with pre-invasion and pre-colonial societies that developed on their territories, consider themselves distinct from other sectors of the societies now prevailing on those territories, or parts of them. They form, at present, non-dominant sectors of society and are determined to preserve, develop and transmit to future generations their ancestral territories, and their ethnic identity, as the basis of their continued existence as peoples, in accordance with their own cultural patterns, social institutions and legal systems. | **Indigenous**<br>The use of this term refers to "Aboriginal Peoples of Canada" as defined in Section 35(2) of the Constitution Act, 1982 to include the First Nations, Inuit and Métis Peoples of Canada. This Plan primarily references Indigenous Peoples and governments, specifically First Nations, Inuit and Métis Peoples. | **Clarify Intent/Community and Internal Feedback-** replaced definition using the Constitution Act, 1982 and clarify scope of use within this Plan. |
| NA | 45 | GLOSSARY | No Glossary entry | **Indigenous Rights**<br>Refers to both Treaty and Aboriginal rights, which were given constitutional recognition and affirmation in Section 35(1) of the Constitution Act, 1982. | **Clarify Intent/Community and Internal Feedback-** added definition for understanding of intent, scope, and significance of this term as affirmed in the Constitution Act, 1982. |

| Public Engagement Page Number(s) | 1st Reading Report Page Number(s) | Document Section | OurWinnipeg 2045 Public Engagement Draft (July 13, 2020) | OurWinnipeg 2045 Draft - First Reading Report | Rationale for Change |
|---|---|---|---|---|---|
| NA | 45 | GLOSSARY | No Glossary entry | **Intergenerational**<br>An approach centered on sharing knowledge, cultural norms, traditions as well as reciprocal care, support and exchange of resources between younger and older generations for both individual, social and sustainable development benefits. | **Clarify Intent/Community Feedback-** added definition for understanding of intent. |
| 44 | 45 | GLOSSARY | **Level of Service**<br>The optimal service or infrastructure output standard that can be provided, using a defined amount of resource inputs. | **Level of Service**<br>Parameters, or combination of parameters, which reflect social, political, environmental and economic outcomes that the organization delivers. | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0-** edits reflect a definition consistently used by the City. |
| 45 | 45 | GLOSSARY | **Living Wage**<br>The amount needed for a family of four with two parents working full-time to cover basic necessities; support healthy development of children; escape financial stress; and participate in the social, civic, and cultural life of the community. | **Living Wage**<br>The amount needed for a person working full-time to cover basic necessities; support healthy development of children; escape financial stress; and participate in the social, civic, and cultural life of the community. | **Clarify Intent/Community Feedback-** edits reflect the applicability to all persons working full-time regardless of household status and to resulting calculations of a living wage. Added "person" and deleted "family of four with two parents". |
| NA | 46 | GLOSSARY | No Glossary entry | **Preservation**<br>Ensuring protection of, and utilizing the principles of preserving and managing natural heritage. | **Clarify Intent/Community and Internal Feedback-** edits reflect references consistently used by the City and to strengthen intent and nuance between preservation and conservation (also defined in glossary) in natural environments. |
| 45 | 46 | GLOSSARY | **Resilience**<br>The capacity of a system, community, or society exposed to hazards to adapt, by resisting or changing in order to reach and maintain an acceptable level of functioning and structure. | **Resilience**<br>The proactive capacity of a system, community, or society exposed to hazards to mitigate and adapt, by resisting or changing in order to reach and maintain an acceptable level of functioning and structure through responsible long-term planning for resource sustainability and asset management. | **Clarify Intent/Community and Internal Feedback-** edits reflect perceptions that 'resilience' was too reactionary and narrowly focused on climate change. 'Sustainability' was perceived to be broader in scope and proactive in supporting systemic change. Added "proactive" and "mitigate and" and "through responsible long-term planning for resources sustainability and asset management." |
| NA | 46 | GLOSSARY | No Glossary entry | **Specialized Agriculture**<br>Agricultural operations that typically produce high value, lower volume, intensively managed agricultural products and do not require the large parcel sizes typically associated with annual crop production and livestock operations. Specialized agricultural operations include (but are not limited to) greenhouse production, aquaculture, honey production, and processing and horticultural products such as fruit and vegetables. | **Clarify Intent/Internal Feedback-** added definition for understanding of intent. |
| NA | 46 | GLOSSARY | No Glossary entry | **Sustainable Transportation**<br>A transportation system that meets the needs of the present without burdening future generations. It is dynamically integrated with land use, provides for safe and accessible transportation for people of all ages and abilities, is financially sustainable, and has a low impact on the environment. It is affordable, operates efficiently, offers choice in mode, and supports a vibrant community. It makes use of human-powered and/or renewable, low-emission transportation opportunities in order to have low to no impact on the environment. | **Clarify Intent/Community and Internal Feedback-** added definition for understanding of intent. |
| 46 | 46 | GLOSSARY | **Transit-Oriented Development (TOD)**<br>A concept designed to maximize access to public transport, and typically involves mixed-use, higher-density pedestrian-oriented infill development within a five- to ten-minute (400m – 800m) walk of a transit station. | **Transit-Oriented Development (TOD)**<br>Is moderate to higher density compact mixed-use development, located within an easy five to ten minute (approximately 400m to 800m) walk to a major transit stop. TOD involves high quality urban development with a mix of residential, employment and shopping opportunities, designed in a pedestrian-oriented manner without excluding the automobile. TOD can be new construction or redevelopment of one or more buildings whose design and orientation facilitate the use of convenient and sustainable modes of transportation, including public transit and active transportation. | **Consistency between OurWinnipeg 2045 and Complete Communities Direction Strategy 2.0-** edits reflect a definition consistently used by the City. |
| 46 | 47 | GLOSSARY | **Urban Agriculture**<br>The growing of plants and the raising of animals within and around cities that it is integrated into urban economic and ecological systems. | **Urban Agriculture**<br>The growing of food through intensive plant cultivation and animal husbandry in the urban environment. It also includes the processing and distribution of food produced through urban agriculture activities. | **Clarify Intent/Internal Feedback-** substantive edits expand understanding of intent. |
| 46 | 47 | GLOSSARY | **Urban Reserve**<br>Canada continues to owe land, referred to as 'Treaty Land Entitlement' (TLE) to specific First Nations under the terms of the original treaties (signed between 1871 and 1910). As part of the settlement process, some First Nations have an opportunity to acquire land and apply to the Federal Government to have it designated as 'reserve'. Regardless of the function or use, lands given reservation status in urban areas are commonly referred to as 'urban reserves'. | **Urban Reserve**<br>Canada continues to owe land through the 'Treaty Land Entitlement' (TLE) process to specific First Nations under the terms of the original treaties (signed between 1871 and 1910). As part of the settlement process, some First Nations have an opportunity to acquire land and apply to the Federal Government to have it designated as 'reserve land', through the Federal Government's Additions to Reserve process. Regardless of the function or use, lands given reserve status within or adjacent to urban municipalities for the use and benefit of a First Nation, are commonly referred to as 'urban reserves'. | **Clarify Intent/Internal Feedback-** edits reflect expand understanding of intent. Added "through the Federal Government's Additions to Reserve process." and "within or adjacent to" and "municipalities for the use and benefit of a First Nation". |
