Minutes – Executive Policy Committee – February 17, 2021

Report – Standing Policy Committee on Innovation and Economic Development – January 19, 2021

Item No. 1 2021 Business Plan (Selection Report) - Animal Services Special Operating Agency

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

The Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Innovation and Economic Development and submitted the following to Council:

1. That the 2021 Business Plan (Selection Report) for the Animal Services Special Operating Agency, including the 2021 budget, included as Appendix A, be approved.

2. That the Agency's Audited Financial Statements for the 2019 fiscal year, ending December 31, 2019, included as Appendix B, be received as information.

3. That the Advisory Board members, in accordance with the Advisory Board Members composition list, included as Appendix D, be approved.

4. That the Proper Officers of the City of Winnipeg be authorized to do all things necessary to implement the intent of the foregoing.

Report – Standing Policy Committee on Innovation and Economic Development – January 19, 2021

DECISION MAKING HISTORY:

Moved by Councillor Browaty,

That the recommendation of the Standing Policy Committee on Innovation and Economic Development be concurred in and forwarded to Council.

Carried

STANDING COMMITTEE RECOMMENDATION:

On January 19, 2021, the Standing Policy Committee on Innovation and Economic Development concurred in the recommendation of the Winnipeg Public Service and submitted the matter to the Executive Policy Committee and Council.

On December 8, 2020, the Standing Policy Committee on Innovation and Economic Development laid the matter over to its meeting on January 19, 2021.

ADMINISTRATIVE REPORT

Title: 2021 Business Plan (Selection Report) - Animal Services Special Operating Agency

Critical Path: Standing Policy Committee on Innovation and Economic Development – Executive Policy Committee – Council

AUTHORIZATION

Author	Department Head	CFO	CAO
L. Gordon	C. Fernandes	P. Olafson, Interim CFO	M. Ruta, Interim CAO

EXECUTIVE SUMMARY

The Selection Report is intended to ensure that the Animal Services Special Operating Agency (the "Agency") continues to provide animal control measures under The City of Winnipeg Charter and the Responsible Pet Ownership By-law (the "RPO"). The Agency helps both animals and people in our community. This includes pet licensing, reunification and care of lost pets, emergency response to incidents involving animals, investigation of animal-related complaints including dog attacks, pets running at large, exotic animals, injured animals, enforcement of the RPO, and neighbourhood dispute resolution. The Agency also provides public education regarding responsible pet ownership and a progressive adoption program for unclaimed animals. Volunteer opportunities for school and social service organizations are also provided. Animal Services Officers further disseminate social services information to support the community, when needed in field operations.

The Agency's main goals are to improve the health and safety of neighbourhoods through the enforcement of the RPO and education regarding responsible pet ownership. The Agency also strives to enhance its public image by increasing customer service and satisfaction through the improvement of front-line service delivery; providing professional, caring and appropriate responses to citizen and pet owners' concerns, and humane alternatives to unclaimed animals.

Council approval of Recommendation 1 with respect to the 2021 Business Plan will enable the Agency to:

- Provide an essential service to promote, protect and safeguard the health of the community; and
- Establish and maintain an urban environment which permits the City of Winnipeg's human and animal populations to co-exist free of conditions which could adversely affect the health, safety and enjoyment of the community.

There are an estimated 148,386 cats and 112,139 dogs owned by Winnipeg residents within 269,586 households based on a 2008 study conducted by Ipsos Reid. Due to these large pet populations, the City of Winnipeg has significant animal-related services in place. These include

Animal Services as the facility to take stray dogs, and the Winnipeg Humane Society (WHS), through a Service Agreement with the City of Winnipeg, as the place to take stray cats. Additional services are in place, including 24-hour emergency response to animal incidents, emergency veterinary care, and low income spay/neuter programming.

RECOMMENDATIONS

1. That the 2021 Business Plan (Selection Report) for the Animal Services Special Operating Agency, including the 2021 budget, included as Appendix A, be approved.

2. That the Agency's Audited Financial Statements for the 2019 fiscal year, ending December 31, 2019, included as Appendix B, be received as information.

3. That the Advisory Board members, in accordance with the Advisory Board Members composition list, included as Appendix D, be approved.

4. That the Proper Officers of the City of Winnipeg be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

As per the Animal Services Operating Charter, Council approval is required for the Animal Services Special Operating Agency's 2021 Business Plan (Selection Report) and budget.

IMPLICATIONS OF THE RECOMMENDATIONS

The approval of the Selection Report will allow the Animal Services Special Operating Agency to continue to provide animal control measures under The City of Winnipeg Charter and the Responsible Pet Ownership By-law.

HISTORY/DISCUSSION

Animal Services SOA:

Animal Services was designated by Council as a Special Operating Agency (SOA) effective January 1, 2000. The Animal Services Special Operating Agency enforces the RPO By-law.

In 2000, the Agency completed 6,416 incidents and received $1,125,000 of operational mill rate support. In 2019, the Agency completed 10,262 incidents and received $118,946 of operational mill rate support.

The mandate of the Agency is to promote, protect and safeguard the health of the community by establishing and maintaining an urban environment which permits the City of Winnipeg's human and animal populations to co-exist free of conditions which adversely affect the health, safety and enjoyment of the community.

The Agency continues to work towards its goals and strategies as outlined in the 2021 Business Plan:

- Maintain the enforcement of the Responsible Pet Ownership By-law and continue to educate pet owners regarding their responsibilities, including pet licensing
- Increase customer service and satisfaction through improvement in front-line service delivery
- Improve the health and safety of neighbourhoods
- Enhance the Agency's public image

The budgeted tax supported transfer for 2021 is $1,271,219, which includes two components: $652,273 to support the Service Agreement between the City of Winnipeg (the "City") and the Winnipeg Humane Society, and $618,946 operational mill rate support for the Agency. Over the years, operational mill rate support to the Agency has been reduced to $618,946, versus $1,125,000 in 2000, when the Agency was first established.

The 2021 operating expense budget for the Agency, excluding the grant to the WHS, is $3,098,926. With an operational mill rate support of $618,946 the difference between the Agency's operating expense budget and the operational mill rate support is $2,479,980. The budgeted surplus for the Agency in 2021 is $150,137.

This budget assumes that dog license levels will remain flat in 2021 as some licenses will not be renewed due to pets passing way, being given away, or unwillingness by the community to pay increasing licensing fees. All fees except for sterilized dog/cat licenses and select admin fees will increase by the recommended rate of inflation of 2%.

License revenues primarily fund the operation, including housing stray pets and reuniting them with their owners, attending house fires or car accidents to help in the care of animals, and providing an Adoption Program. A team of Animal Services Officers patrol the streets of Winnipeg to help resolve neighbourhood disputes and incidents involving animals. Animal Services is "open admission" regarding stray dogs. "Open admission" refers to an organization that accepts animals regardless of temperament or health, and does not turn away animals.

The Service Agreement between the City and the WHS is currently funded and administered through the Agency. The primary elements of the agreement include front-end care of stray cats, emergency veterinary care, and low income spay/neuter programming.

Animal Services' Highlights:

Licensing:
In 2019, 311 representatives reunited 619 dogs and cats wearing licenses with their owners, without those animals having to set foot or paw in an animal shelter. At the end of 2019, a total of 46,769 dogs and 27,020 cats were licensed in Winnipeg.

Progressive Spay/Neuter Programs:
In 2015, pet licensing was expanded under the Responsible Pet Ownership Bylaw to include cats with 50% of cat licensing revenue directed to spay/neuter programs for cats. In 2019, 4,485 cats were spayed/neutered at the WHS with support from the City of Winnipeg through two innovative programs. With the adoption of the 2020 budget, the FIXIT grant program now dedicates 45% of cat licensing revenues to low income spay/neuter programming and is made possible through cat licensing. A similar initiative through the WHS known as the SNAP program is partially funded by the City under a service agreement.

Providing Volunteer and Work Experience Opportunities:
Animal Services has forged progressive relationships with numerous community organizations including Red River College, Robertson College, John G. Stewart School, and MacDonald Youth Services. Participants receive hands on experience working with animals along with further interactions with various facets of Animal Services' operations.

Online Adoptable Pets:
Animal Services features their adoptable pets on Petfinder.com. In 2019, their pets received 269,719 "hits" on the website. The online platform has resulted in visitors travelling to Animal Services to adopt from not only Winnipeg, but also from British Columbia, Alberta, Nunavut, the Yukon, North Dakota, and Minnesota.

Winnipeg Lost Dog Alert:
Animal Services actively utilizes Winnipeg Lost Dog Alert (WLDA) on Facebook in effort to reunite more lost pets with their owners. Residents post lost and found dogs on the page. Animal Services' staff also send pictures of in-take dogs to WLDA for posting on their page in hopes of getting those dogs back to their owners as quickly as possible.

Northern Outreach Initiative:
Collaboratively working with rescues, Animal Services takes a limited number of unwanted dogs from northern communities and places them up for adoption. The team at Animal Services also sends surplus pet food and treats to those same communities to help pets in need. In 2019, Animal Services helped 106 dogs under the program.

Paws at Work:
Over 143 City employees including the Mayor have participated in Paws at Work. Under the program, Animal Services staff bring adoptable dogs' downtown for City staff to walk during their breaks. These adoptable dogs receive extra exposure, while improving health and wellness for staff.

Helping Wildlife:
The Agency occasionally assists in the rescue of injured wildlife. When resources are available, Animal Services Officers work with wildlife rehabilitation organizations to rescue and care for injured wildlife.

Expanded Holiday Coverage:
To improve the quality of life of animals impounded at the Agency, overtime has been slightly increased. This will allow for a small team to let impounded animals out during lengthy periods of time when the facility is closed in the afternoons.

Doggie Dates:
Under this program that garnered national media attention, residents can “check out” an adoptable dog like a library book from Animal Services for a day, weekend, or week. The program gives adoptable dogs a break from shelter life, improves their adoptability, and increases the health and wellness of participants. In 2019, 336 residents took adoptable dogs on 429 “dates”.

OURWINNIPEG POLICY ALIGNMENT

03-2 Vitality
Direction 4: Maintain the Health and Safety of Neighborhoods by Enforcing Animal Control By-Laws and Promoting Responsible Pet Ownership
> Maintain Licensing and spay/neuter efforts to identify the animal population and help control over-population.
> Work with existing community animal welfare organizations to develop a shared vision and expand educational outreach efforts.
> Engage residents and community organization on an ongoing basis to ensure that City animal control services are responsive and effective in addressing locally identified neighboring needs.
