EXECUTIVE SUMMARY

The current Council Policy for citizen appointments to City of Winnipeg boards and commissions requires applicants and appointees to be Canadian citizens.

The Newcomer Welcome and Inclusion Strategic Framework, adopted by Council on February 27, 2020, outlines key actions for implementation to foster a welcoming, inclusive, and equitable city for all new residents of Winnipeg. The framework includes a recommendation to diversify representation on civic committees by reviewing the recruitment and composition of City of Winnipeg boards, commissions, and advisory committees.

October 20, 2020, the Executive Policy Committee concurred in the recommendation of the Human Rights Committee of Council and directed the Winnipeg Public Service to report back within 120 days with necessary amendments to the Council Policy for Citizen Appointments to Boards and Commissions to allow permanent residents to participate on these committees. The proposed policy amendment recommends the necessary changes to allow for permanent residents to apply for, and be appointed to, City of Winnipeg boards and commissions.

RECOMMENDATIONS

1. That the Council Policy on Citizen Appointments to Boards and Commissions, be amended as attached as Appendix A, to allow for permanent residents to apply for positions on City of Winnipeg Boards and Commissions.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the forgoing.

REASON FOR THE REPORT

At its meeting on October 20, 2020, the Executive Policy Committee concurred in the recommendation of the Human Rights Committee of Council and directed the Winnipeg Public Service to report back within 120 days with the necessary amendments to the Citizen

Appointments to Boards and Commissions Policy to allow permanent resident participation on City boards and commissions.

As the recommendations are changes to existing Council policies, changes or amendments require Council approval.

IMPLICATIONS OF THE RECOMMENDATIONS

If the proposed amendments to the policy are adopted, permanent residents will be eligible to apply for, and be appointed to, citizen positions on City of Winnipeg boards and commissions.

The application process for citizens applying to these positions during the annual selection process would require updates in order to reflect the changes.

HISTORY/DISCUSSION

On July 18, 2012, Council adopted a policy which outlined the process for citizen member appointments to City of Winnipeg committees, boards and commissions. The policy stipulated that only Canadian citizens were eligible to apply for these positions.

On February 27, 2020, Council adopted the Newcomer Welcome and Inclusion Policy which outlines how the City can better support the settlement and integration of newcomers, and foster a welcoming, inclusive and equitable city for all new residents. The policy includes a strategic framework which details the key activities for implementation to enhance newcomer inclusion in Winnipeg. Objective 5.2 of this framework is to diversify representation on civic committees by reviewing the recruitment and composition of City of Winnipeg boards, commissions, and advisory committees, and adopting processes to ensure representation of a diverse cross-section of members that reflects community demographics, equity seeking groups, and intersectionality.

In response to this implementation objective, at its meeting on October 20, 2020, the Executive Policy Committee concurred in the recommendation of the Human Rights Committee of Council and directed the Winnipeg Public Service to report back within 120 days with necessary amendments to the Council Policy for Citizen Appointments to Boards and Commissions to allow permanent residents to participate on these committees. This change will help to more accurately reflect the diversity of Winnipeg's population.

Currently, each application form for a citizen appointment to civic boards and commissions includes a voluntary and confidential self-declaration questionnaire which allows applicants to identify themselves as a member of one or more designated equity groups. This information is used to ensure that boards and committees are representative of the community they serve.

The proposed amendments attached to this report as Appendix A, reflect the necessary changes to ensure that permanent residents are able to apply for citizen positions on these committees.

If approved, the City Clerk's Department will also revise its annual selection process for positions on boards and commissions in order to reflect the changes to the policy.
