EXECUTIVE SUMMARY

This report provides a summary of all sales and leases (including monetary and non-monetary) completed during 2020.

RECOMMENDATIONS

That this report be received as information.

REASON FOR THE REPORT

The 2013 Non-Monetary Real Estate Grants Audit recommended "…that the Manager of Real Estate work with the Director of PP&D to prepare a report for the consideration of Council making delegated authority usage reporting for Winnipeg Housing and Homelessness Initiative (WHHI) transactions an annual requirement, report the usage in the annual report of non-monetary real estate grants, and document the process in the Division's policies and procedures manual, conditional upon Council's reissuance of the delegated authority."

Although the WHHI has been disbanded, the intent of the recommendation was for the Public Service to report annual usage of delegated authority. In order to comply with the audit recommendation and provide full disclosure to Council, the Public Service has compiled all completed sales and leases (including monetary and non-monetary transactions) during 2020; these are outlined in Schedule A (sale transactions) and Schedules B & C (lease transactions).

IMPLICATIONS OF THE RECOMMENDATIONS

There are no implications associated with this report.

HISTORY/DISCUSSION

The Public Service has disclosed all sale transactions and lease transactions which were completed during 2020 and noted the price/rent and authority level for each transaction.

It is important to note one key difference between the reporting of sales and leases, namely:

- completed sale transactions will be reported in the year in which the revenue is received; and
- completed lease transactions will be reported in the year in which the appropriate authority approves the transaction.

The difference in reporting between the two transaction types is due to the fact that approval of a sale transaction does not necessarily result in the closing of a sale, while the approval of a lease transaction typically results in tenant occupancy.

For clarity, lease transactions referred to in this report can include leases, encroachments, licenses or short-term use agreements.

It is noted that in any case where a non-monetary transaction is approved by the appropriate authority, the City of Winnipeg may incur a financial loss. This report has not identified any potential financial losses associated with non-monetary transactions. An analysis of potential financial losses is completed when the Public Service seeks approval of specific non-monetary transactions and is not included in the annual reporting of Completed Real Property Sale & Lease Transactions.

A list of the relevant 2020 transactions is included in Schedule A (sale transactions) and Schedule B and C (lease transactions).
