Re: Filipino Seniors Groups of Winnipeg
Application for Grant Project.

Dear Ms. Vivian,

The Filipino Seniors Group of Winnipeg would like to express our gratitude for your consideration on the proposed grant project for the associations/hall sound/musical equipment and electrical sound upgrade projects.

The Filipino Seniors Group of Winnipeg has been providing support, recreation opportunities and a sense of community to seniors in Manitoba for over 30 years. Our broad-base of programs and events serves a diverse population in a high-needs area of our city, and FSGW provides many opportunities for seniors and youth to interact and learn together

The outlined project /s we are planning will properly serves our seniors in the community will contribute to the wellness of seniors, provide opportunities for socialization and offer education in the fundamentals of computer use. A variety of safe, social, physical activities will allow seniors to combat loneliness and boredom specially through Winnipeg's long winter. The opportunity to learn new computer skills will help fight isolation by connecting with family and participating in an increasingly digital world.

The sound system and electrical equipment's that we currently have is very much outdated and needs upgrade in order for the association to continue its outlined project for our seniors.

I am confident that this project will provide safe and accessible opportunity ties to our seniors.
With such strong potential to assist an important and under-serviced segment of our community.

Your support and consideration in funding this project will greatly help the organization to continue its goal to provide safe and healthy environment for our seniors, members and the community.

Your Truly,

Mr. Leonardo Isla
FSGW President
