Dear Daniel,

Re: RidgeWood West – AG 50/13
Development Agreement Amendment

During servicing of RidgeWood West in 2015, Ridgewood West Land Corp. provided oversizing of the local lateral land drainage sewers to service Area 8 of Precinct Q as indicated on the enclosed schematic prepared by WSP Engineering.

Please accept this letter as our application for a Development Agreement Amendment that will amend Schedule "C" – Special Terms, Section I – Servicing, Clause 4 – Land Drainage Sewers contained within Development Agreement AG 50/13, to provide that the Developer will be reimbursed for all oversizing of the lateral local land drainage sewers to service the adjacent lands.

Pursuant to the City of Winnipeg's Development Agreement Parameters, "the development agreement may provide that the Developer shall construct and install all lateral local land drainage sewers complete with manholes and appurtenances thereto, required to serve the subdivision, and including services and facilities in adjacent lands for the conveyance of land drainage runoff from the subdivision to the existing land drainage collection system, if necessary. When the services benefit any adjacent lands, the City shall repay the Developer in accordance with the Developer Reimbursement section."

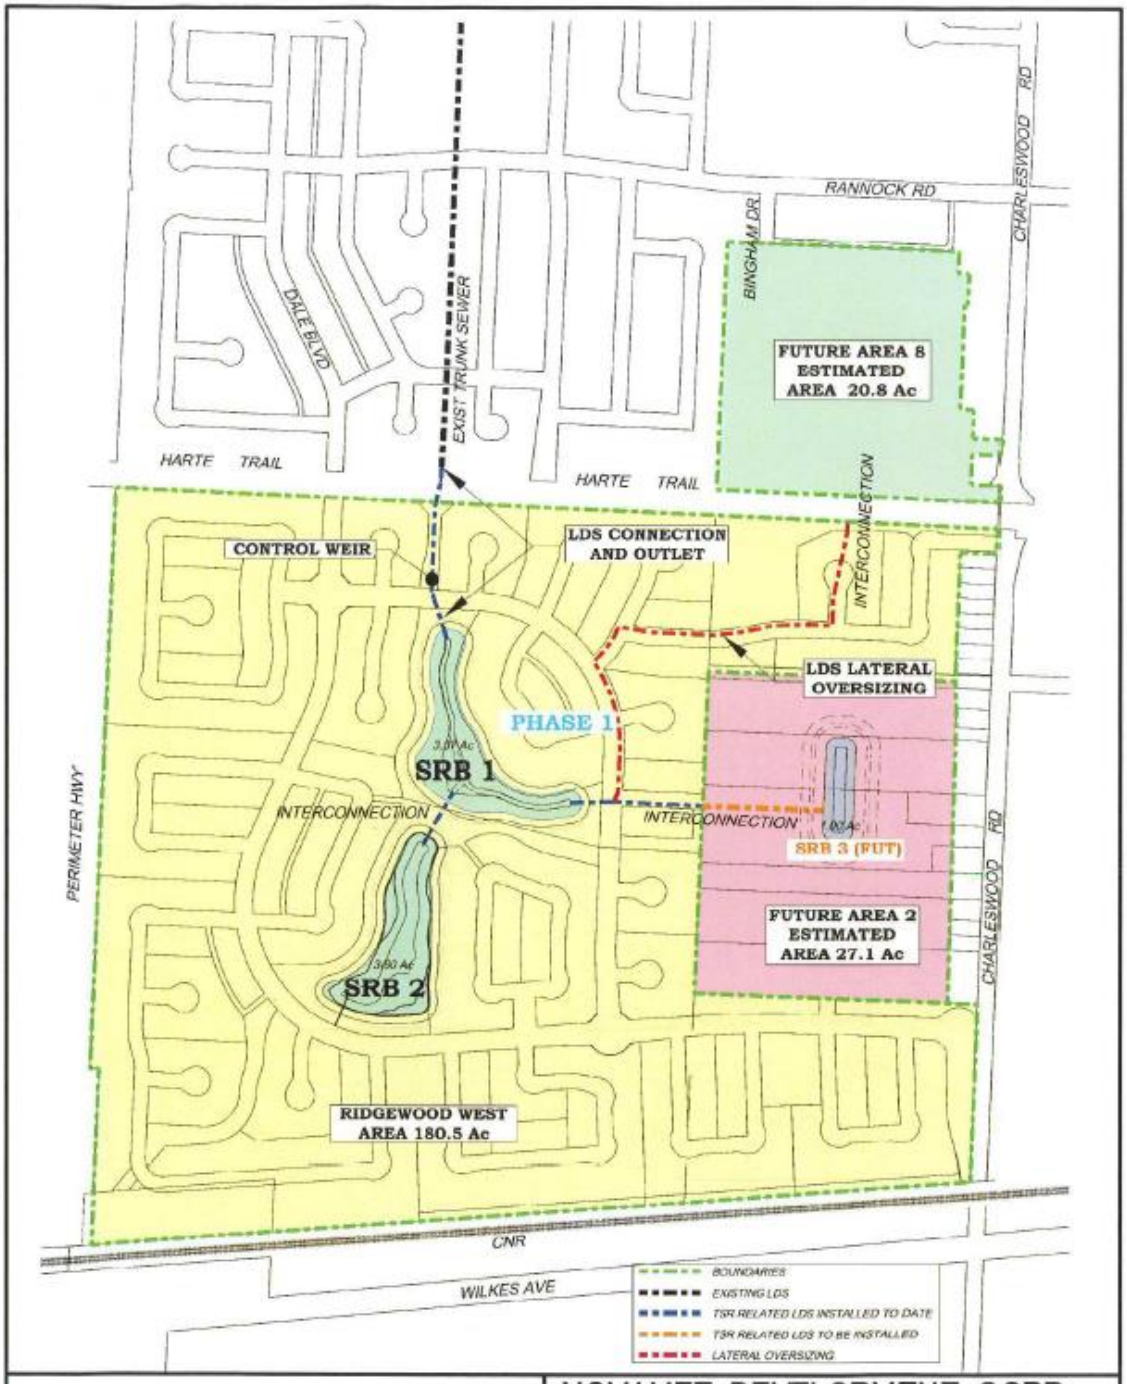

Enclosed please find our cheque in the sum of $829.50, representing the fee of $790.00 plus $39.50 GST for this Development Agreement Amendment. If you have any questions or require additional information please do not hesitate to contact us.

Yours truly,

RIDGEWOOD WEST LAND CORP.
