Agenda – Executive Policy Committee – July 14, 2021

REPORTS

Item No. 8 Time Limits for Cleanup and Remediation of Construction Projects

COMMUNITY COMMITTEE RECOMMENDATION:

On June 23, 2021, the Assiniboia Community Committee recommended to the Executive Policy Committee that the Winnipeg Public Service be directed to report back on a policy for all applicable departments to require the remediation, necessary repairs and cleanup associated with any construction undertaken by, or on behalf of the City, to be completed within one year of the conclusion of the project.

DECISION MAKING HISTORY:

COMMUNITY COMMITTEE RECOMMENDATION:

On June 23, 2021, the Assiniboia Community Committee passed the following motion:

WHEREAS City projects often leave damage or uncompleted work on properties for periods extending over a year;

AND WHEREAS City residents have called their Councillor with complaints regarding the long wait periods between the end of City crews finishing work at a site and the site remediation or cleanup process taking place;

AND WHEREAS it's reasonable that City projects finish cleanups and repairs to damaged property within a year of City crews ending regular work at a site;

THEREFORE BE IT RESOLVED that the Executive Policy Committee be requested to direct the Winnipeg Public Service to report back on a policy for all applicable departments to require the remediation, necessary repairs and cleanup associated with any construction undertaken by, or on behalf of the City, to be completed within one year of the conclusion of the project.
