EXECUTIVE SUMMARY

The Public Service recommends that the City-owned property located north of Grierson Avenue, identified as "Subject City Property" on Misc. Plan 15725, attached hereto as Schedule A, be declared surplus to the needs of the City.

Should the Subject City Property be declared surplus by Council, it is the intention of the Public Service to sell the property to the adjoining owners in accordance with the "Offers to Purchase City-Owned Property" policy.

The Ward Councillor has been advised as to the intentions of the Public Service.

RECOMMENDATIONS

1. That the City-owned property located north of Grierson Avenue, identified as "Subject City Property" on Misc. Plan 15725, attached hereto as Schedule A, be declared surplus to the needs of the City.

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

The Policy for the Sale, Acquisition, Rental, Leasing and Management of Properties, adopted by Council on July 19, 1979 requires Council approval to declare land surplus to the City's needs.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no direct financial implications associated with declaring the Subject City Property surplus.

The Public Service intends to sell the Subject City Property to the adjoining owners in accordance with the “Offers to Purchase City-Owned Property” Policy approved by Council on December 6, 2006.

The City’s standard terms and conditions of sale will include provisions to protect the City’s interests in the event that environmental contamination is discovered.

HISTORY/DISCUSSION

In April 1977, the Public Service initiated the closure of a 10-foot-wide lane located at the rear of a number of properties that front onto Grierson Avenue.

On February 7, 1979, City Council passed By-law 2184/79 and the right-of-way was formally closed, creating parcels of land that could be offered to the adjoining landowners. Some landowners purchased their respective portions of the land, however others declined to purchase at that time.

The Subject City Property represents the City’s remaining land holdings from the lane closure. As the closing predates the City’s current policy for declaring land surplus and the existing authority to sell the land could not be determined, a declaration of surplus is required for the Subject City Property.

The Subject City Property was circulated to all City Departments in May, 2021, and no civic need was identified.

It is the intention of the Public Service to offer the Subject City Property to the adjoining property owners in accordance with standard City sale policies.

The Ward Councillor has been advised as to the intentions of the Public Service.

CONSULTATION

This Report has been prepared in consultation with:

- Legal Services (as to legal issues)

OURWINNIPEG POLICY ALIGNMENT

The Subject City Property is located in a Mature Community, within the Complete Communities Direction Strategy.

Mature Communities represent some of the most “complete” existing communities in Winnipeg. They present some of the best opportunities to accommodate infill development, to increase housing choice, and to maximize the use of existing infrastructure. In many cases, these neighbourhoods are already well serviced by public transit and infrastructure.

The proposed sale of the Subject City Property is in alignment with this section of the OurWinnipeg Policy since the Subject City Property is unbuildable on its own, but could spur infill development in this community if consolidated with the existing adjacent land holdings.

WINNIPEG CLIMATE ACTION PLAN ALIGNMENT

Strategic Opportunity #4 – Land Use

4.1 Increase Strategic Infill Development That Provides Access to and Capitalized on Existing and Planned Corridors with Frequent Transit Service.

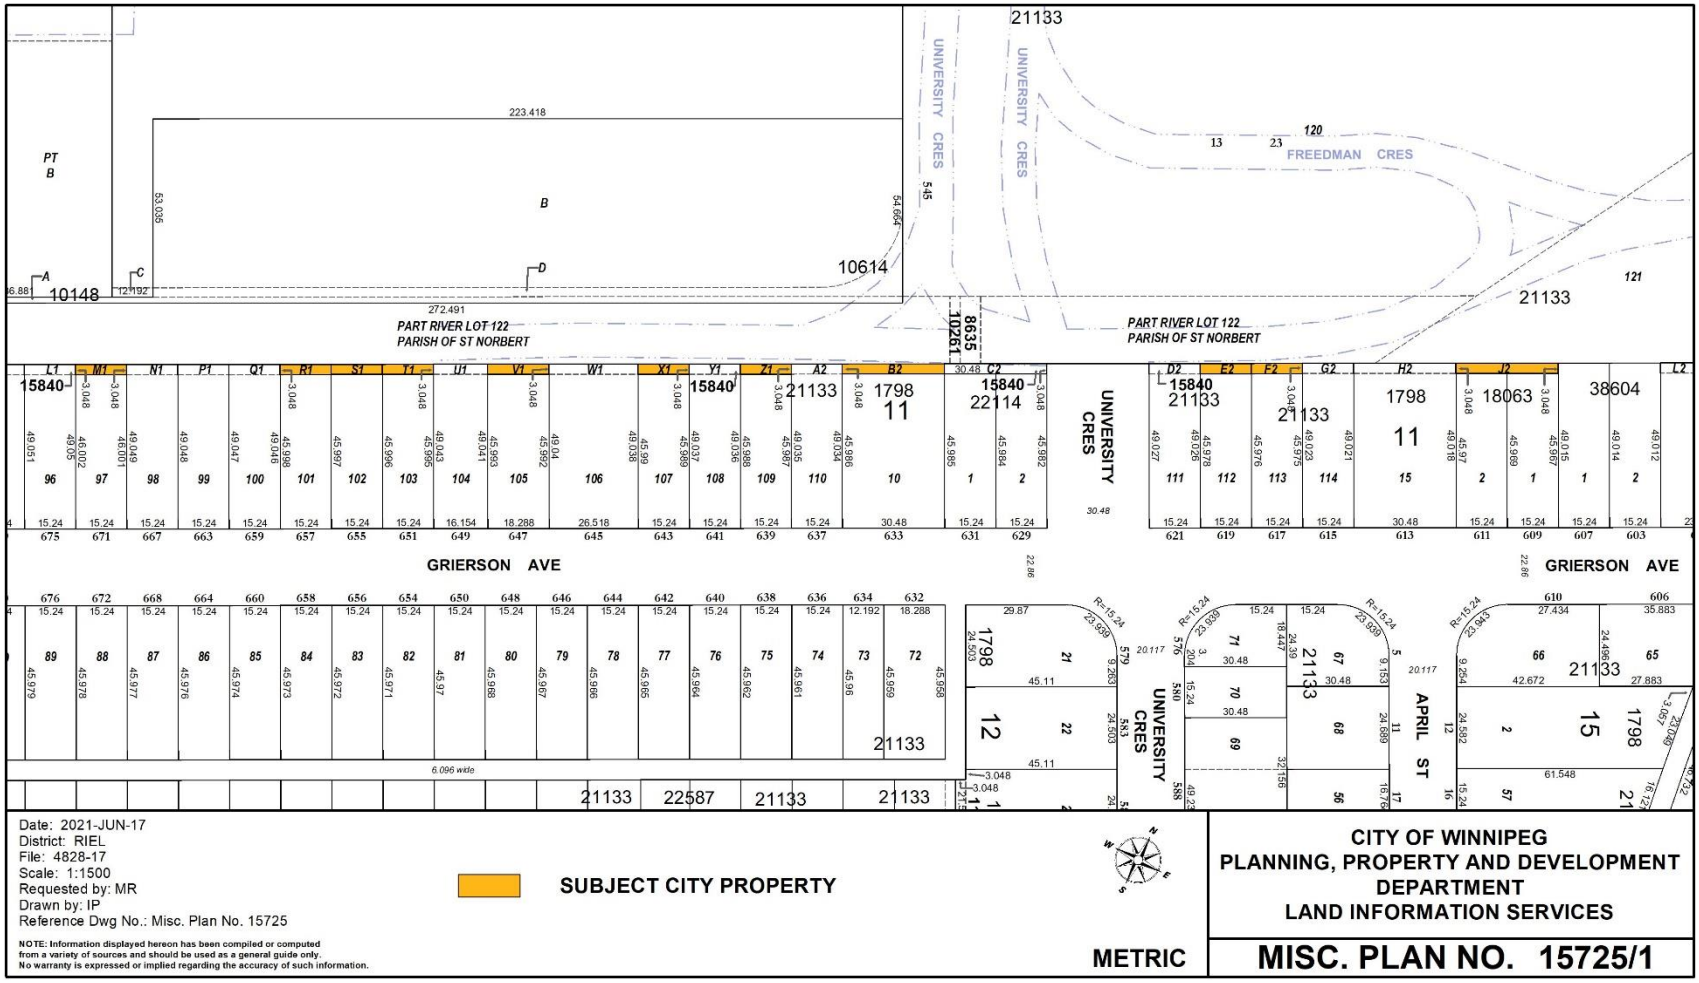

The Subject City Property is in the vicinity of public transit corridors, and the proposed sale of the Subject City Property could spur infill development in this community if consolidated with the existing adjacent land holdings.
