Agenda – Executive Policy Committee – October 20, 2021

REPORTS

Item No. 9 Rezoning – 650 Union Avenue East
(Elmwood-East Kildonan Ward)
File DAZ 209/2021 [c/r DAV 153373/2021D]

COMMUNITY COMMITTEE RECOMMENDATION:

On September 27, 2021, the East Kildonan-Transcona Community Committee concurred in the recommendation of the Winnipeg Public Service and, via the Priority Rezoning Process, recommended to the Executive Policy Committee:

1. That the Winnipeg Zoning By-law No. 200/2006 be amended under Development Application No. DAZ 209/2021 by rezoning the subject land to a "RMF-S" Residential Multi-Family (Small) District as shown on the map dated May 25, 2021 and attached as Schedule "A" to this report.

2. That the Developer shall meet all terms and conditions as outlined in Schedule "B", the report of the Administrative Coordinating Group, dated August 6, 2021 to the satisfaction of the Director of Planning, Property and Development.

3. That in lieu of the dedication of land, the Developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of the Development Application, as determined by the City's Director of Planning, Property and Development.

4. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2-year period and Council approves the extension.

5. That upon instruction from the Director of Planning, Property and Development, the City Solicitor/Director of Legal Services shall prepare and bring directly to Council for enactment the By-law in accordance with the above.

6. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

7. That the variance order under File DAV 21-153373\D shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DAZ 209/2021.

DECISION MAKING HISTORY:

COMMUNITY COMMITTEE RECOMMENDATION:

On September 27, 2021, the East Kildonan-Transcona Community Committee concurred in the recommendation of the Winnipeg Public Service and, via the Priority Rezoning Process, submitted its recommendation to the Executive Policy Committee.

PUBLIC HEARING SUMMARY

File: DAZ 209/2021

Before: East Kildonan-Transcona Community Committee
Councillor Nason, Chairperson
Councillor Browaty
Councillor Schreyer

Public Hearing: September 27, 2021
Council Building, 510 Main Street

Applicant: Yevgeniy Yuldabayev

Subject:

Premises Affected: 650 Union Avenue East

For submission to: Executive Policy Committee

Prepared by: Tamara Pomanski, Committee Clerk
East Kildonan-Transcona Community Committee

Report date: September 27, 2021

Community Committee Recommendation:

On September 27, 2021, the East Kildonan-Transcona Community Committee concurred in the recommendation of the Winnipeg Public Service and, via the Priority Rezoning Process, recommended to the Executive Policy Committee:

1. That the Winnipeg Zoning By-law No. 200/2006 be amended under Development Application No. DAZ 209/2021 by rezoning the subject land to a "RMF-S" Residential Multi-Family (Small) District as shown on the map dated May 25, 2021 and attached as Schedule "A" to this report.

2. That the Developer shall meet all terms and conditions as outlined in Schedule "B", the report of the Administrative Coordinating Group, dated August 6, 2021 to the satisfaction of the Director of Planning, Property and Development.

3. That in lieu of the dedication of land, the Developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of the Development Application, as determined by the City's Director of Planning, Property and Development.

4. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2-year period and Council approves the extension.

5. That upon instruction from the Director of Planning, Property and Development, the City Solicitor/Director of Legal Services shall prepare and bring directly to Council for enactment the By-law in accordance with the above.

6. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

7. That the variance order under File DAV 21-153373\D shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DAZ 209/2021.

The East Kildonan-Transcona Community Committee provided the following supporting reasons for its recommendation:

1. It essentially can be considered a nominal change consistent with the buildings along that street, both in front of it and behind it. Given its location on a bus route, given the adequate notice as well as communication with the neighbours in the immediate vicinity. Given that there is no shown opposition at this hearing, given all that, I believe this is an adequate application for this development.

Exhibits Filed:

1. Application dated May 21, 2021
2. Notification of Public Hearing dated July 15, 2021
3. Manitoba Status of Title 3080648/1

ADMINISTRATIVE REPORT

Title: DAZ 209/21 – 650 Union Avenue E

Issue: An application for consideration at the public hearing to rezone the property from an “R1-S” Residential Single-Family (Small) District to “RMF-S” Residential Multi-Family (Small) District to facilitate the construction of a 2-storey, four (4) unit multi-family dwelling.

Critical Path: East Kildonan - Community Committee – Standing Policy Committee on Property and Development – Executive Policy Committee – Council as per the *Development Procedures By-Law and The City of Winnipeg Charter.*

AUTHORIZATION

Author	Department Head	CFO	CAO
Femi Ojo, MCIP, RPP	N/A	N/A	

RECOMMENDATIONS

1. That the Winnipeg Zoning By-law No. 200/2006 be amended under Development Application No. DAZ 209/2021 by rezoning the subject land to a “RMF-S” Residential Multi-Family (Small) District as shown on the map dated May 25, 2021 and attached as Schedule “A” to this report.
2. That the Developer shall meet all terms and conditions as outlined in Schedule “B”, the report of the Administrative Coordinating Group, dated August 6, 2021 to the satisfaction of the Director of Planning, Property and Development.
3. That in lieu of the dedication of land, the Developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of the Development Application, as determined by the City’s Director of Planning, Property and Development.
4. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if a by-law to implement this report (the “By-law”) is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2-year period and Council approves the extension.

5. That upon instruction from the Director of Planning, Property and Development, the City Solicitor/Director of Legal Services shall prepare and bring directly to Council for enactment the By-law in accordance with the above.
6. That the proper Officers of the City be authorised to do all things necessary to implement the intent of the foregoing.
7. That the variance order under File DAV 21-153373\D shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DAZ 209/202.

REASON FOR THE REPORT

- The applicant is proposing to rezone the property from an “R1-S” Residential Single-Family (Small) District to a “RMF-S” Residential Multi-Family (Small) District.
- The intent is to construct a four (4) unit, 2 storey multi-family development on a property that is being rezoned to “RMF-S” zoning district.
- Rezoning applications require a Public Hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*
- The Report is being submitted for the Committee’s consideration of the development application at the Public Hearing.

IMPLICATIONS OF THE RECOMMENDATIONS

- If the recommendations of the Urban Planning Division are concurred in, the rezoning for DAZ 209/2019 will be approved.

APPENDIX 'A'

DATE: September 15, 2021

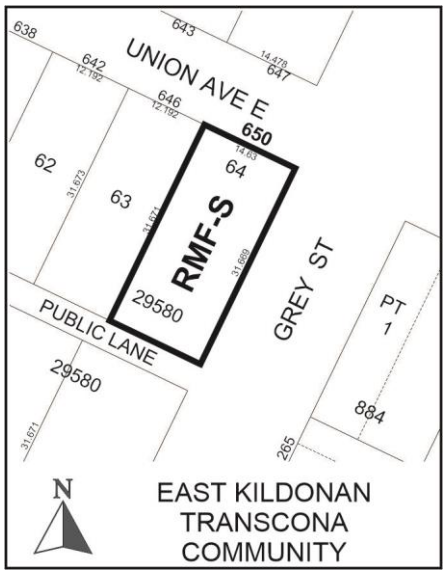

FILE: **DAZ 209/2021**
RELATED FILES: DAV 21-153373/D

COMMUNITY: East Kildonan - Transcona
NEIGHBOURHOOD #: 4.403 (Talbot-Grey)

SUBJECT: To rezone the subject land from "R1-S" Residential Single-Family (Small) District to "RMF-S" Residential Multi-Family (Small) District.

LOCATION: 650 Union Avenue E

LEGAL DESCRIPTION: SP LOT 64 PLAN 29580 WLTO IN RL 46 AND 47 PARISH OF ST JOHN

APPLICANT: Yevgeniy Yuldabayev
1392 Ravelston Avenue W
Winnipeg, MB R3W 1R1

OWNER: Yevgeniy Yuldabayev
650 Union Avenue E
Winnipeg, MB, R2L 1A4

RECOMMENDATION: Approval

SITE DESCRIPTION

- The subject property is located on the south west corner of Union Avenue E and Grey Street in the Talbot-Grey neighbourhood of the Elmwood – East Kildonan Ward.
- Currently on the property is a one storey single-family dwelling that was built in 1945 and has a building area of 798 square feet. All existing structures on site will be demolished.
- The property is 47 feet wide and +/- 104 feet deep; providing a total lot area of +/- 4,983 square feet.
- The subject property falls within the Area of Stability – Mature Community Policy Area of the *Complete Community Direction Strategies*. The property is zoned “R1-S” Residential Single-Family Small.

Figure 1: Aerial photograph showing subject property (flown 2018)

SURROUNDING LAND USES & ZONING (See Figure 2)

North: Union Avenue E, then residences zoned “R1-S” Residential Single-Family Small.

South: Backlane, then a 4-unit residential building and a single-family residence zoned “C1” Commercial Neighbourhood.

East: Grey Street, then George V School zoned “PR2” Parks and Recreation Community.

West: Residences zoned “R1-S” Residential Single-Family Small.

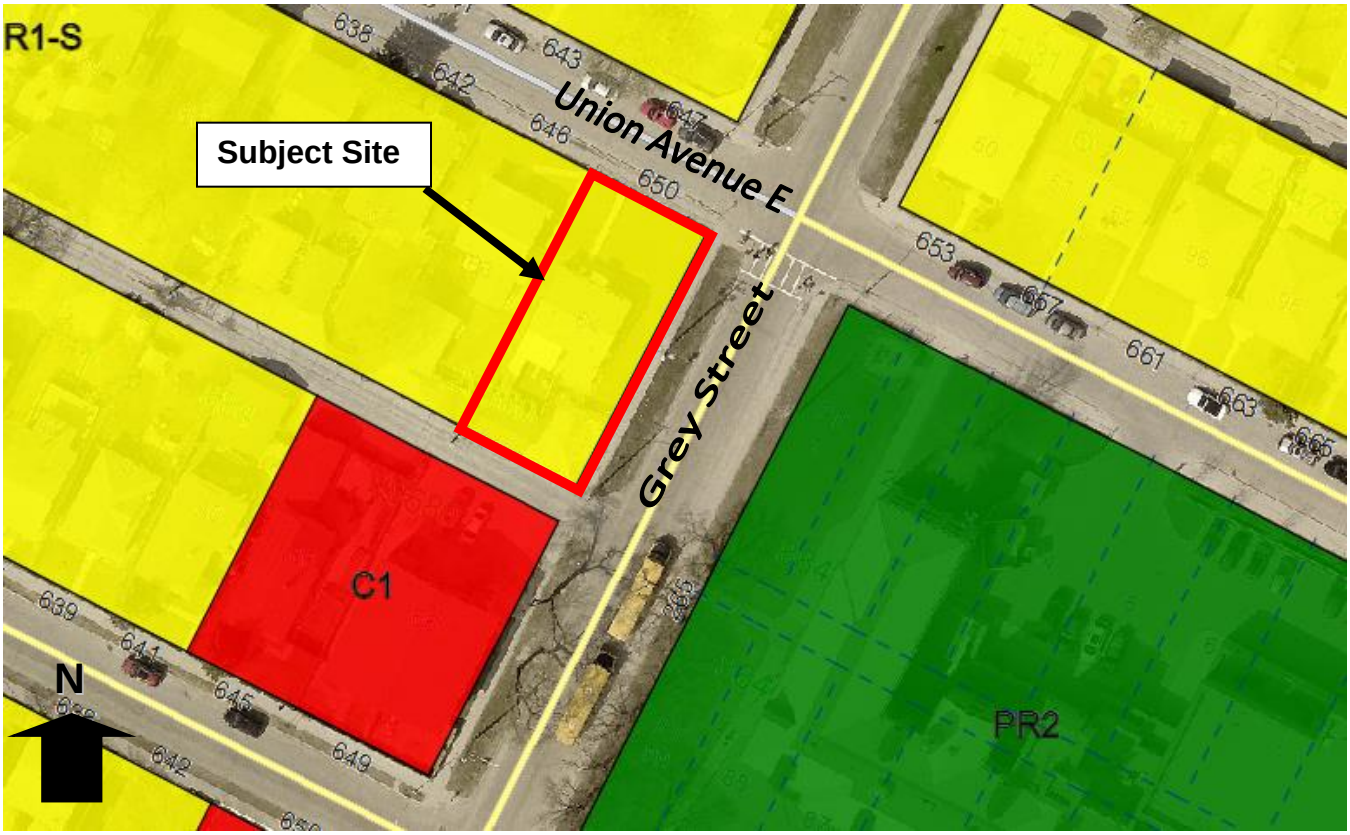

Figure 2: Zoning of the surrounding area.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant intends to demolish the existing single-family dwelling and rezone the property to an “RMF-S” Residential Multi-Family (Small) district in order to construct a multi-family building containing 4 dwelling units with accessory parking area with 5 stalls
- As noted in the associated Administrative Report under File DAV 21-153373/D, variances have been requested to accommodate aspects of the proposal and a report has been submitted for consideration in conjunction with this application.

Please, refer to the related Administrative Report for analysis on the variance application.

- Submitted plans show that the proposed multi-family building would be two-storey in height (+/- 28 feet in height). Two entrances will be facing the street on Union Avenue E.
- The accessory parking area containing 5 parking stalls, including one (1) accessible parking stall, would be located behind the proposed multi-family building.

COLLABORRATIVE PLANNING & CONSULTATION

The applicant contacted with the Urban Planning Division during the preliminary stage of the development and the following issues were discussed;

Number of Units

The Urban Planning Division indicated support for a fourplex provided the building design is context sensitive to the surrounding single-family residential homes.

Water and Waste

The applicant was asked to confirm the adequacy of existing water and waste infrastructure in the area with Water and Waste Department. There are no concerns from the Water and Waste Department given the number of units being proposed.

Public Engagement

The Urban Planning Division had advised the applicant to consult with the area resident. The applicant had indicated willingness to engage the surrounding residents.

Figure 3: Proposed Site Plan

Figure 4: Photo Rendering of The Subject Proposal

ANALYSIS AND ISSUES

OUR WINNIPEG AND COMPLETE COMMUNITIES DIRECTION STRATEGY

The subject site is in an “Areas of Stability” policy area of *OurWinnipeg* and *Complete Communities.* The Key Direction in these documents that applies to Areas of Stability states: “Enhance the quality, diversity, completeness and sustainability of stable neighbourhoods and expand housing options for Winnipeg’s changing population.”

Under the *Complete Communities Direction Strategy*, relevant policies for Areas of Stability that apply directly to the proposed multi-family use include:

- *Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complementary to the existing scale, character and built form;*

  The establishment of a fourplex on this block of Union Avenue E is a moderate density change that is consistent with the policy above (see “Compatibility and Planning discussion for more information.

- *Promote the form of buildings and spaces that are sensitive to the community context and address the transition between new and existing developments;*

The scale and form of the subject proposal (being a 4 unit, two-storey building) is compatible with the immediate surrounding structures.

- *Focus housing growth to areas that have municipal service capacity to support intensification, in addition to commercial and recreational amenities;*

  The subject property falls within the Area of Stability-Mature Community; policies of which support minor - moderate intensification because of existing municipal services.

- *Support Complete Communities by ensuring diverse and high-quality housing stock;*

  The proposal to establish four (4) new residential units on Union Avenue E provides new housing stock within the neighbourhood.

The subject proposal would add to the variety of housing types in the neighbourhood in a manner that is compatible with and complimentary to surrounding properties in terms of building massing, scale and built form.

In addition, the proposed development would contain sufficient parking supply, which would be located behind the proposed building, in a manner that mitigates any potential impact on the surrounding area.

Thus, the proposed rezoning and the establishment of a fourplex in this location is generally consistent with the *Complete Communities Direction Strategy of OurWinnipeg.*

ZONING AND LAND USE BY-LAW 200/2006

Existing Zoning

- **R1-S Residential Single-Family (Small) -** is intended to accommodate primarily single-family residential development in lower density areas.

Proposed Zoning

- **RMF-S Residential Multi-Family (Small) -** is intended to accommodate the development of multi-family units in areas with medium to high residential densities.

Rezoning (DAZ 209/2021)

- The applicant is proposing to rezone the land from “R1-S” to “RMF-S” for the establishment of a 4-unit multi-family development. As per the Winnipeg Zoning By-Law Principal Use table, multi-family dwellings are not permitted in the “R1” zoning district.
- Rezoning the subject site to “RMF-S” will ensure that the subject proposal complies with the Winnipeg Zoning By-Law 200/2006.

Variances (see DAV 21-153373/D)

- The applicant has applied for five (5) variances to facilitate the proposal. These variances relate to reduced lot area, density, setbacks, landscaping and the accessory parking area.
- This Administrative Report only speaks to issues relating to the rezoning of the subject property. Further discussion relating to the variance is addressed in associated Administrative Report for the variance.

COMPATIBILITY WITH SURROUNDING USES

- The proposed rezoning of the subject property to "RMF-S" Residential Multi-Family Small will be compatible with the area and is unlike to pose any detrimental effect on existing surrounding properties for the following reasons:
    - The subject property falls within the Area of Stability of *Complete Communities Direction Strategy* which supports low to moderate change in low-density neighbourhoods through developments and redevelopments that is complementary to the existing scale, character and built form. The proposed "RMF-S" zoning and the future construction of a four-unit residential dwelling on the lot is consistent with the above policy.
    - The property to the south (649 Chalmers Avenue) is zoned "C1" and contains 4 dwelling units, which is consistent with what the applicant is proposing.
    - It is also important to note that the subject site is a corner lot where moderate intensification is encouraged.
    - The overall intensity of the proposed development, in terms of density, built form and scale is considered compatible, and unlikely to cause any adverse effect on the use, safety, and convenience of the adjoining properties and adjacent area.
- Thus, the Urban Planning Division recommends approval of the subject application, subject to one condition.

ADDITIONAL CONSIDERATIONS:

Small Scale and Low-Rise Residential Development Guidelines for Mature Communities

- The Small Scale and Low-Rise Residential Development Guidelines for Mature Communities were approved as Council Policy on June 24, 2021.
- The application was submitted to the Urban Planning Division for comment and review prior to the adoption of the *Infill Guidelines*.
- The Urban Planning Division had provided a supportive recommendation for the proposed fourplex at 650 Union Avenue E prior to the adoption of the *Infill Guidelines.*

- Given the aforementioned, the Infill Guidelines have not been applied to the subject application.
- Despite this application not being formally subject to the infill Guidelines, the proposal does adhere to a number of *Infill Guideline* policies.
    - The property has access to rear lane.
    - The proposed dwelling is approximately +/- 28 feet tall.
    - The proposed development employs four (4) foot side yards on both sides.
    - The proposed front yard setback of 15 feet meets the front yard alignment.
    - A rear yard setback of 30 feet is provided.
    - The proposal shows varied roof articulation.
    - Building facades use a mix of high-quality cladding materials and architectural details, which include projections/recess of wall planes.
- The subject proposal meets most of the preferred location criteria of the *Infill Guideline.*
    - The subject property abuts a lane.
    - It's a corner lot.
    - The site is located within 2,625 ft. of a Primary Transit Network.
    - The property abuts a non-residential use to the east

KEY COMMENT PROVIDED BY OTHER CIVIC DEPARTMENTS

- It is noted that the subject DAZ application (209/2021) has been reviewed by civic departments through the Administrative Coordinating Group (ACG).
- This review process is used to determine developer obligations such as servicing requirements, land dedication and other considerations.
- The ACG Report in this instance outlined servicing considerations that needs to be met as part of the DAZ 209/2021 approval.

LAND DEDICATION

- When a developer rezones and/or subdivides a parcel of land, they are required to file an application with the City of Winnipeg.
- As a condition of rezoning or subdivision, a developer is required to contribute a portion of the land to be developed to the City for parks purposes of not less than 10%; OR
- The Public Service is recommending 'cash in lieu' with respect to this application.

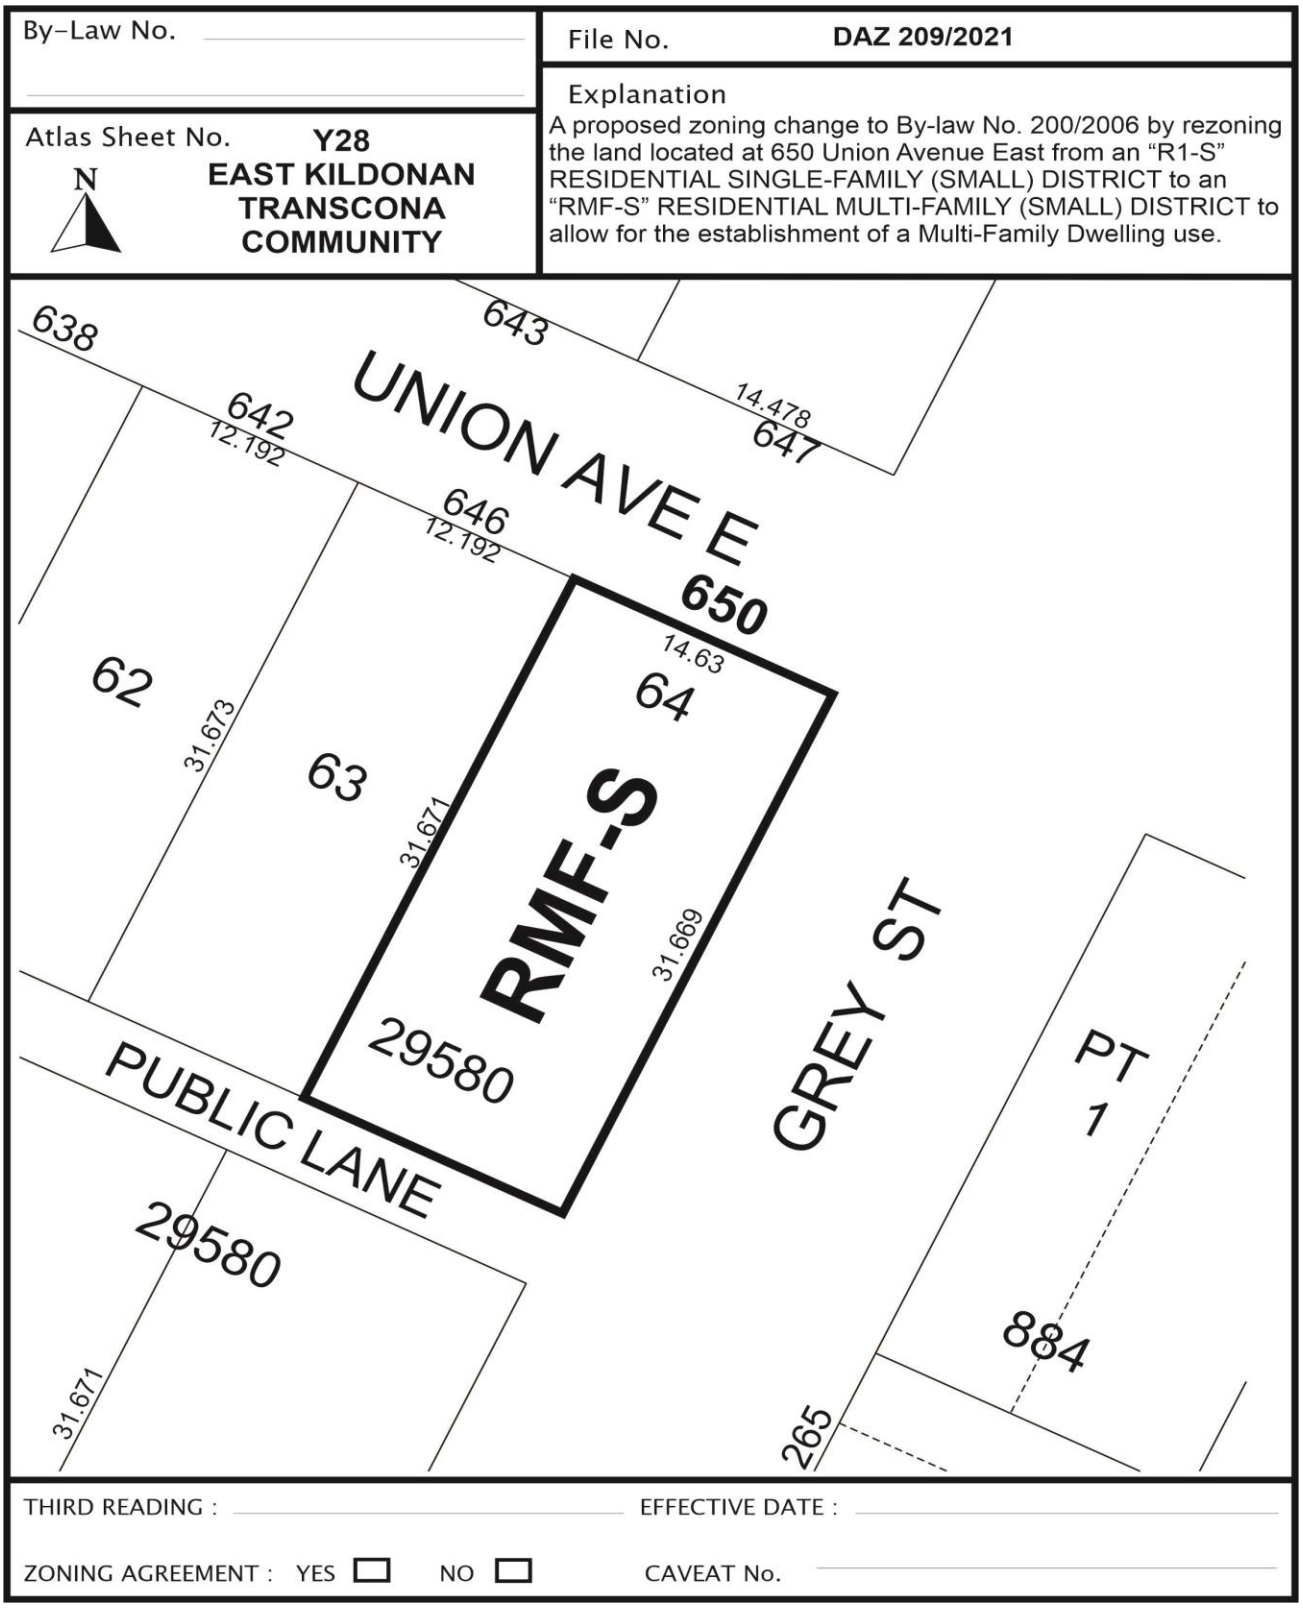

RECOMMENDATION

The Urban Planning Division recommends **approval** for the following reasons:

- The rezoning of subject land from “R1-S” Residential Single-Family Small to “RMF-S” Residential Multi-Family Small aligns with the policies in the *Complete Communities Direction Strategy* for Areas of Stability – Mature Communities;
    - *Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complimentary to the existing scale, character and built form.*
- The proposal is consistent and compatible with the surrounding properties given that;
    - The massing and scale of the subject proposal is consistent with an existing fourplex within the immediate vicinity at 649 Chalmers Avenue.

SCHEDULE B

REPORT OF THE ADMINISTRATIVE COORDINATING GROUP

RE: PROPOSED REZONING OF LAND LOCATED AT 650 UNION AVENUE EAST

The Administrative Coordinating Group (ACG) reviewed the servicing requirements for DASZ 209/2021. The Developer should take into consideration the following servicing and design requirements and considerations in the redevelopment of the site:

Section I - Servicing Considerations

1) Combined Sewer District

The proposed development is located in a combined sewer district; the sum of the wastewater and land drainage runoff peak discharge from the proposed development cannot exceed the allowable discharge rate:

i. The allowable discharge rate will be the sum of the existing peak wastewater and the peak land drainage discharged.

ii. The peak land drainage discharged from the site must be based on a c-value of 0.35, with a 5 year rainfall event applied.

iii. The existing and proposed peak wastewater discharge must be estimated using the Wastewater Flow Estimation guidelines found on the City of Winnipeg website (http://winnipeg.ca/waterandwaste/dept/wastewaterFlow.stm), unless otherwise approved.

	Required	Provided
Lot Width	48 ft	
Street edge trees	n/a	
Street edge shrubs	n/a	
Building foundation landscaping	1/10-0" = 4	4

EAST

	Required	Provided
Lot Length	103.3 ft	
Street edge trees	1/30-0" = 4	3
Street edge shrubs	3/25-0" = 16	3
Building foundation landscaping	1/10-0" = 5	5 (20 GRASS)

PLANT LEGEND

DECIDUOUS TREE:

AMUR MAPLE
5' HIGH
PRUNED TO A SINGLE TRUNK
2" CALIPER WITH ROOTS BALLED AND WRAPPED IN BURLAP. PLANT IN 6' D BOWL, COVERED IN BLACK MULTCH TO 4" DEEP

TREMBLING ASPEN
10' HIGH
35 mm CAL
WELL FORMED HEAD
B&B OR #15 CONTAINER GROWN MIN.

DECIDUOUS SHRUB:

MORDEN AMBER DOGWOOD
20" HIGH, FULL EVENLY BRANCHED, MIN. 4 CANES #3 CONTAINER

EVERGREEN SHRUBS:

PYGMY CARAGANA
12"-24" HIGH
MINIMUM 5 MAJOR BASAL BRANCHES
PLANT AT 24" IN 4' UNDER SHRUB BEDS, COVERED WITH BLACK POLY WEED BARRIER AND COVERED WITH RIVER ROCK

SAWN JUNIPER
15"-24" HIGH
SLOW GROWTH AND FORM
PLANT IN 4' BED COVERED WITH BLACK POLY WEED BARRIER AND COVERED WITH RIVER ROCK

ORNAMENTAL GRASSES (4 PLANTS TO BE COUNTED AS ONE SHRUB):

CALAMAGROSTIS ACUTIFLORA
(KARL FOERSTER - FEATHER REED GRASS)
48"-72" HIGH
CONTAINER CLASS #1
WELL SHAPED PLANT w/ HEALTHY AND VIGOROUS ROOT SYSTEM, AS PER CANADIAN NURSERY STOCK STANDARD 8TH EDITION
