Subject: EPC Oct. 20TH presentation notes

Hi colleagues,

Below are my presentation notes on the report topics I registered to speak on:

16. Endowment Fund Policy

The Seven Oaks House Museum Board are doing an excellent job in preserving and extolling our heritage related to this museum and well the Ross House Museum as well. I thank them for deciding to move toward an endowment fund dedicated to the Seven Oaks House Museum and grounds. Thanks to our CFO must be given as well. Endowment funds can enhance the sustainability of our Charter commitment to heritage which often doesn't get the kind of funding needed to continue educating Winnipeggers and visitors about our history.
