REASON FOR THE REPORT:

The street closure requires a by-law pursuant to Section 139 of the City of Winnipeg Charter.

HISTORY:

The subject street was created by a plan of subdivision in 1907. The street has never been paved or used for traffic, and it appears to have no public purpose.

In June of 2003, the Planning, Property and Development Department received a request from 4612591 Manitoba Ltd. to purchase the subject portion of Brock Street. The Purchaser owns the property to the east of the street and intends to construct an office building on the site. The Purchaser intends to incorporate Brock Street into the development to serve as a parking area for this building.

The proposal was submitted to all affected City departments and public utilities. There were no administrative objections to the closing.

At a public hearing held on July 8, 2003, the City Centre Community Committee approved the subject street closing.

The terms of the sale of the land were approved by the Standing Policy Committee on Property and Development on January 16, 2004, and by Council on January 28, 2004.

DISCUSSION:

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend current procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.

The following criteria must be met before the authority given in the by-law may be exercised:

1. The proposed closing must have been addressed at a public meeting and received approval from the Committee before which the public meeting took place.
2. The proposed closing and sale must have been approved by the Director of Public Works.
3. The proposed closing must have been submitted to all affected City Departments and public utilities with no objections having been received.
4. Any conditions regarding engineering aspects (i.e. relocation of facilities) must have been mutually agreed to.

5. The terms and conditions of any easement agreements created by the proposed closing and sale must have been addressed.
6. The proposed closing must have been approved by the affected property owner(s).
7. The terms and conditions of any agreements concerning the proposed closing and sale must have been approved by the Director of the department that requested the closing and either the Standing Policy Committee on Fiscal Issues, the Standing Policy Committee on Property and Development, or the Director of the Planning, Property and Development Department, as is appropriate.

All of these criteria have been met.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.

Financial Impact Statement Date: April 14, 2004

COMMENTS:

All costs associated with the registration of the documents required to effect the closing by-law and the transfer of the land are to be borne by the Purchaser. There are no financial implications for the City of Winnipeg.
