REASON FOR THE REPORT:

An application to establish an overhead pedestrian walkway has been circulated for comments from various interested agencies, and has been referred to the Planning, Property and Development Department to negotiate an Encroachment Agreement pursuant to Encroachment By-law No. 692/74 and amendments thereto. In order to legitimize the proposed use of that portion of air space over the referenced public lane, the approval of Council is required.

HISTORY:

The City received a request from Thomas Design Builders, on behalf of the Ramada Marlborough Hotel, to establish an overhead pedestrian walkway to connect both of its buildings over the public lane between Smith Street and Garry Street, South of Ellice Avenue shown in broken outline and identified as 'Overhead Pedestrian Walkway Encroachment' on Misc. Plan No. 12222, attached. The proposed overhead pedestrian walkway forms part of an expansion project that is presently ongoing at the Ramada Marlborough Hotel.

DISCUSSION:

The Zoning and Permits Branch circulated the application to various interested agencies for review. Upon consideration of the comments received, the Designated Officer – Encroachments recommends that the application be approved subject to the following conditions:

1. That the approval of this application by the Designated Officer – Encroachments is only valid for a period of 6 (six) months from the date of said approval unless the applicant enters into an Encroachment Agreement with the City of Winnipeg within the stated time frame, or alternatively obtains an extension of time from the Designated Officer – Encroachments.
2. That the overhead pedestrian walkway be based on a vertical clearance of 13 feet and 7 inches above the lane.
3. That security issues such as proper lighting, monitoring if required and securing access to guests and patrons of the hotel be considered during construction of the overhead pedestrian walkway.
4. That all applicable development and building permits be obtained prior to the overhead pedestrian walkway being constructed.

In this regard, the Planning, Property and Development Department, Real Estate Division, has concluded its negotiations of a proposed Encroachment Agreement with the owners of the Ramada Marlborough Hotel. Briefly, the terms and conditions of Agreement, which are consistent with other private overhead pedestrian walkways approved by Council and include the above mentioned provisions, are as follows:

Term: Forty (40) years, together with an automatic ten (10) year renewal period if notice is not given at least 12 months prior to the expiration of the initial term.

Rental: $102.00 per annum plus applicable GST, computed on the basis of the fees outlined in Encroachment By-law No 692/74 and amendments thereto. In the event that the said By-law is amended changing the fees charged for encroachments the rental paid under the agreement shall be adjusted accordingly.

All municipal taxes, school taxes, local improvements, license fees, business tax etc. which may be charged in respect of the use and occupation of the premises.

Insurance: Public liability insurance of at least $2,000,000.00 naming the City of Winnipeg as additional insured and containing a cross liability clause.

Cancellation: Default.
