REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

On July 23, 2003, Council approved DASZ 6/2003, an application to subdivide and rezone the lands shown bordered on the attached Misc. Plan No. 12012. The application had previously been approved by the Committee on Property and Development on July 3, 2003 and the Riel Community Committee on June 17, 2003.

The subdivision changes the previous configuration of Promenade Brunet as approved under DASZ 16/94. In order to accomplish this, Promenade Brunet and the Public Walk west of Drake Boulevard, as shown on the attached Misc. Plan No. 12215, must be closed.
The Developer did not make an application to close the street and walk when he applied for the subdivision.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

Conveyance of Lands for $1.00

The area of the street and walk to be closed is less than the area of the streets being created by the subdivision. In accordance with City policy, the closed rights-of-way will be transferred to the Developer for $1.00.

Transfer of Jurisdiction Over Public Rights-of-Way

The street and walk must be legally closed before they may be incorporated into the subdivision. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
