Agenda – Executive Policy Committee – December 8, 2021

REPORTS

Item No. 10 Rezoning – 510 Lagimodiere Boulevard
(St. Boniface Ward)
File DAZ 211/2021 [c/r DAV 201667/2021D]

COMMUNITY COMMITTEE RECOMMENDATION:

On November 23, 2021, the Riel Community Committee concurred in the recommendation of the Winnipeg Public Service and via the Priority Rezoning Process, recommended to the Executive Policy Committee:

1. That the Winnipeg Zoning By-law No. 200/2006 be amended under Development Application No. DAZ 211/2021 by rezoning the subject land to a "M1" Manufacturing Light District as shown on the map dated November 4, 2021 and attached as Schedule "A" to this report, subject to the following conditions:

    A. That the owner of the subject land (the "Owner") enter into a Zoning Agreement with the City of Winnipeg pursuant to Subsection 240(1) of the City of Winnipeg Charter in accordance with the following:

        i. That the Owner must submit plans showing the location and design of any and all proposed:

            a. Buildings
            b. Accessory parking areas
            c. Private approaches
            d. Garbage enclosures
            e. Fencing
            f. Landscaping
            g. Free-standing signage

        On the Owner's Land ("Works") to the City's Director of Planning, Property and Development ("Director") and the Riel Community Committee for approval prior to the issuance of any building or development permit and thereafter must construct the Works in substantial conformance with the approved plans and maintain the Works to the satisfaction of the Director.

COMMUNITY COMMITTEE RECOMMENDATION (continued):

ii. The following uses shall not be permitted on the land:

a. Hotel or motel
b. Retail sales
c. Personal services
d. Restaurant
e. Drinking establishment
f. Landscape or garden supplies;
g. Place of worship;
h. Hall rental
i. Amusement enterprise outdoor
j. Auto/light truck/motorcycle, repair and service
k. Auto/light truck/motorcycle, sales and rental
l. Auto parts and supplies, sales
m. Car wash
n. Drive-in or drive-through
o. Fuel sales
p. Freight or truck yard
q. Outside display and sales
r. Outside storage
s. Supermarket and
t. Billboard signs.

iii. That the minimum setback to any building from the south, east, and west property lines shall not be less than 75 feet.

iv. That the minimum setback to any building from the north property line shall not be less than 100 feet.

B. That the City enter into, execute and deliver with the Owner a Zoning Agreement in accordance with Recommendation 1.A.and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

C. That authority be delegated to the City's Director of Planning, Property and Development to negotiate and approve the terms and conditions of the Zoning Agreement, and Ancillary Agreements, in accordance with this report and such other terms and conditions determined necessary by the City Solicitor/Director of Legal Services to protect the interest of the City.

COMMUNITY COMMITTEE RECOMMENDATION (continued):

2. That in lieu of the dedication of land, the Developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of the Development Application, as determined by the City's Director of Planning, Property and Development.

3. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2-year period and Council approves the extension.

4. That upon instruction from the Director of Planning, Property and Development, the City Solicitor/Director of Legal Services shall prepare and bring directly to Council for enactment the By-law in accordance with the above.

5. That the By-law will come into force when the Zoning Agreement is fully executed and registered in the Winnipeg Land Titles Office by way of caveat against the lands described therein.

6. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Zoning Agreement is not registered in accordance with recommendation 5 unless the Developer applies for an extension of time before the expiration of the 1-year period and Council approves the extension.

7. That the Proper Officers of the City be authorised to do all things necessary to implement the intent of the foregoing.

DECISION MAKING HISTORY:

COMMUNITY COMMITTEE RECOMMENDATION:

On November 23, 2021, the Riel Community Committee concurred in the recommendation of the Winnipeg Public Service and, via the Priority Rezoning Process, submitted its recommendation to the Executive Policy Committee.

Riel Community Committee

Report date: November 24, 2021

Community Committee Recommendation:

On November 23, 2021, the Riel Community Committee concurred in the recommendation of the Winnipeg Public Service and via the Priority Rezoning Process, recommended to the Executive Policy Committee:

1. That the Winnipeg Zoning By-law No. 200/2006 be amended under Development Application No. DAZ 211/2021 by rezoning the subject land to a "M1" Manufacturing Light District as shown on the map dated November 4, 2021 and attached as Schedule "A" to this report, subject to the following conditions:

    A. That the owner of the subject land (the "Owner") enter into a Zoning Agreement with the City of Winnipeg pursuant to Subsection 240(1) of the City of Winnipeg Charter in accordance with the following:

        i. That the Owner must submit plans showing the location and design of any and all proposed:

            a. Buildings
            b. Accessory parking areas
            c. Private approaches
            d. Garbage enclosures
            e. Fencing
            f. Landscaping
            g. Free-standing signage

        On the Owner's Land ("Works") to the City's Director of Planning, Property and Development ("Director") and the Riel Community Committee for approval prior to the issuance of any building or development permit and thereafter must construct the Works in substantial conformance with the approved plans and maintain the Works to the satisfaction of the Director.

ii. The following uses shall not be permitted on the land:

a. Hotel or motel
b. Retail sales
c. Personal services
d. Restaurant
e. Drinking establishment
f. Landscape or garden supplies;
g. Place of worship;
h. Hall rental
i. Amusement enterprise outdoor
j. Auto/light truck/motorcycle, repair and service
k. Auto/light truck/motorcycle, sales and rental
l. Auto parts and supplies, sales
m. Car wash
n. Drive-in or drive-through
o. Fuel sales
p. Freight or truck yard
q. Outside display and sales
r. Outside storage
s. Supermarket and
t. Billboard signs.

iii. That the minimum setback to any building from the south, east, and west property lines shall not be less than 75 feet.

iv. That the minimum setback to any building from the north property line shall not be less than 100 feet.

B. That the City enter into, execute and deliver with the Owner a Zoning Agreement in accordance with Recommendation 1.A.and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

C. That authority be delegated to the City's Director of Planning, Property and Development to negotiate and approve the terms and conditions of the Zoning Agreement, and Ancillary Agreements, in accordance with this report and such other terms and conditions determined necessary by the City Solicitor/Director of Legal Services to protect the interest of the City.

2. That in lieu of the dedication of land, the Developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of the Development Application, as determined by the City's Director of Planning, Property and Development.

3. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2-year period and Council approves the extension.

4. That upon instruction from the Director of Planning, Property and Development, the City Solicitor/Director of Legal Services shall prepare and bring directly to Council for enactment the By-law in accordance with the above.

5. That the By-law will come into force when the Zoning Agreement is fully executed and registered in the Winnipeg Land Titles Office by way of caveat against the lands described therein.

6. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Zoning Agreement is not registered in accordance with recommendation 5 unless the Developer applies for an extension of time before the expiration of the 1-year period and Council approves the extension.

7. That the Proper Officers of the City be authorised to do all things necessary to implement the intent of the foregoing.

The Riel Community Committee provided the following supporting reasons for its recommendation:

1. We've seen concurrence from the applicant and the Public Service. This is positive to be bringing the proposed use in to alignment with our City by-laws.

2. I'm pleased to see no community opposition to this. With these considerations, this is a good project to support.

RECOMMENDATIONS

1. That the Winnipeg Zoning By-law No. 200/2006 be amended under Development Application No. DAZ 211/2021 by rezoning the subject land to a “M1” Manufacturing Light District as shown on the map dated November 4, 2021 and attached as Schedule “A” to this report, subject to the following conditions:

    A. That the owner of the subject land (the “Owner”) enter into a Zoning Agreement with the City of Winnipeg pursuant to Subsection 240(1) of the City of Winnipeg Charter in accordance with the following:

        i. That the Owner must submit plans showing the location and design of any and all proposed:

            a. Buildings

            b. Accessory parking areas

            c. Private approaches

            d. Garbage enclosures

            e. Fencing

            f. Landscaping; and

            g. Free-standing signage

On the Owner's Land ("Works") to the City's Director of Planning, Property and Development ("Director") and the Riel Community Committee for approval prior to the issuance of any building or development permit and thereafter must construct the Works in substantial conformance with the approved plans and maintain the Works to the satisfaction of the Director.

ii. The following uses shall not be permitted on the land:

a. Hotel or motel;

b. Retail sales;

c. Personal services;

d. Restaurant;

e. Drinking establishment;

f. Landscape or garden supplies;

g. Place of worship;

h. Hall rental;

i. Amusement enterprise outdoor;

j. Auto/light truck/motorcycle, repair and service;

k. Auto/light truck/motorcycle, sales and rental;

l. Auto parts and supplies, sales;

m. Car wash;

n. Drive-in or drive-through;

o. Fuel sales;

p. Freight or truck yard;

q. Outside display and sales;

r. Outside storage;

s. Supermarket; and

t. Billboard signs.

iii. That, the minimum setback to any building from the south, east, and west property lines shall not be less than 75 feet.

iv. That, the minimum setback to any building from the north property line shall not be less than 100 feet.

B. That the City enter into, execute and deliver with the Owner a Zoning Agreement in accordance with recommendation 1.A.and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

C. That authority be delegated to the City's Director of Planning, Property and Development to negotiate and approve the terms and conditions of the Zoning Agreement, and Ancillary Agreements, in accordance with this report and such other terms and conditions determined necessary by the City Solicitor/Director of Legal Services to protect the interest of the City.

2. That in lieu of the dedication of land, the Developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of the Development Application, as determined by the City's Director of Planning, Property and Development.

3. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

4. That, upon instruction from the Director of Planning, Property and Development, the City Solicitor/Director of Legal Services shall prepare and bring directly to Council for enactment the By-law in accordance with the above.

5. That the By-law will come into force when the Zoning Agreement is fully executed and registered in the Winnipeg Land Titles Office by way of caveat against the lands described therein.

6. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Zoning Agreement is not registered in accordance with recommendation 5 unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

7. That the proper Officers of the City be authorised to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

- The applicant is proposing to rezone the site from 'RR5' (Rural Residential 5) to 'M1' (Manufacturing Light) to establish a privately-owned pharmaceutical research business in the existing research institute/office building.

- Rezoning applications require a Public Hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*
- The Report is being submitted for the Committee's consideration of the development application at the Public Hearing.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of the Urban Planning Division are concurred in, the subject property will be rezoned from RR5 to M1 with a zoning agreement further restricting the property.

RELATED FILES:	DAV 21-201667\D
COMMUNITY:	Riel Committee
NEIGHBOURHOOD #:	5.541 – The Mint Neighbourhood
SUBJECT:	To rezone the subject property from 'RR5' (Rural Residential 5) to 'M1' (Manufacturing Light).
LOCATION:	510 Lagimodiere Boulevard

APPLICANT:	Samuel Paz (6089585 Canada Ltd.) 500 Camiel Sys St Winnipeg, MB R2J 4K2
OWNER:	HER MAJESTY THE QUEEN IN RIGHT OF CANADA 10025 Jasper Av NW 5th Flr (TELUS PLAZA NORTH) EDMONTON, AB T5J 1S6

RECOMMENDATION: Approval with conditions

SITE DESCRIPTION

- The subject property is located on the west side of Lagimodiere Boulevard next to the Royal Canadian Mint, in the Mint neighbourhood of the St Boniface ward.
- The subject property is approximately 4.2 acres in area. It is occupied by a research facility which was constructed in 1988.
- The property is zoned Rural Residential 5 "RR5" and is within the Areas of Stability – Recent Communities Policy Area under *the Complete Communities Direction Strategy*.

Figure 1: Aerial Photo of Subject Site and Surrounding Uses *(flown 2018)*

SURROUNDING LAND USE AND ZONING (See Figure 2)

North: The Royal Canadian Mint on land zoned 'RR5' (Rural Residential 5).

South: Industrial uses zoned 'M2' (Manufacturing General).

East: Lagimodiere Boulevard then residential uses zoned 'RMF-S' (Residential Multi-Family Small) and 'R1-M' (Residential Single-Family Medium).

West: Forested area located on the Royal Canadian Mint property; then residential uses in the Southdale neighbourhood zoned 'R1-M' (Residential Single-Family Medium).

Figure 2: Zoning of the site and surrounding area.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant is proposing to rezone from 'RR5' (Rural Residential 5) to 'M1' (Manufacturing Light) in order to establish a privately-owned research institute and office space. Under the 'RR5' zoning district the research institute use and office use are not permitted. The existing research institute building was originally owned by the Government of Canada (Health Canada) and, therefore, under Crown Prerogative they were able to establish the research institute on the property under the 'RR5' zoning district. The Government of Canada is proposing to sell the property to a privately-owned pharmaceutical research company (the applicant) which means Crown Prerogative no longer applies and a rezoning is required in order to continue to operate a research institute on the property.
- The subject proposal will require renovations to the interior of the existing building as well as some improvements to the parking area and landscaping. No new construction is proposed.
- Vehicular access to Lagimodiere Boulevard is proposed by way of a cross access agreement with the Government of Canada.
- The proposed development requires variances related to the land-locked location of the property, the parking stall dimensions, insufficient interior parking lot landscaping, as well as a temporary use variance (see associated variance application and planner's report for DAV 21-201667\D).

COLLABORATION

With the Urban Planning and Design Division

- The Urban Planning and Design Division has been in communication with the applicant about the proposal via emails as well as a meeting in which the details of their proposal were discussed.

With the Public

- The applicant has not consulted with the public as the proposal will not result in any major changes to the site.

ANALYSIS AND ISSUES

OURWINNIPEG AND COMPLETE COMMUNITIES DIRECTION STRATEGY

- *The Complete Communities Direction Strategy* is one of four direction strategies supporting *OurWinnipeg*, the city's long-range development plan, and has statutory authority as a secondary plan. The strategy guides land use and development in Winnipeg.
- The subject property is classified as an "Area of Stability – Recent Community" in *Complete Communities'* Urban Structure map. With regard to this proposal, the key policies guiding the development of Areas of Stability include:
    - *Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complimentary to the existing scale, character and built form.*
    - *Support a mix of commercial services and employment uses that serve the local community.*

- *Promote a quality public realm with a high level of accessibility to community services and amenities and opportunities for gathering and social interaction.*

CITY OF WINNIPEG ZONING BY-LAW 200/2006

ZONING

- Currently the lands are zoned Rural Residential 5 ('RR5'). The RR5 district is intended to provide areas for large-lot rural residential development, along with limited agricultural uses. The RR5 district requires: a minimum lot width of 300 feet, a minimum lot area of 5 acres, side yards of 25 feet, a front yard of 25 feet, and a rear yard of 25 feet. The maximum building height is 35 feet and the maximum lot coverage is 30%.
- The applicant is proposing to rezone the property to Manufacturing Light ('M1'). The 'M1' zone is intended to provide for light manufacturing, processing, service, storage, wholesale, and distribution operations with all operations contained within an enclosed building with some limited outside storage. The dimensional standards for structures in the M1 zone are: a minimum front yard of 25 feet; a minimum corner side yard of 15 feet and, a maximum building height of 50 feet. There is no required interior side yard or rear yard unless the side or rear lot line of the property abuts the side or rear lot line of a property zoned R1, R2, or RMF in which case a 25 foot setback is required.

Reason for the Rezoning

The applicant is proposing to rezone from RR5 to M1 for the purposes of establishing a privately-owned pharmaceutical research business in the existing research institute/office building.

COMPATIBILITY WITH OURWINNIPEG AND COMPLETE COMMUNITIES

- As noted above, the subject site is located within an "Area of Stability – Recent Community" policy area under the *Complete Communities Direction Strategy* where low to moderate change that is complimentary to the existing scale, character and built form of the area, and a mix of commercial services and employment uses, are all encouraged. The existing building has operated as a publicly-owned research institute since it was originally constructed in 1988. Accordingly, the proposal to rezone the subject property to "M1" in order to establish a privately-owned research institute and office space in the existing building is compatible with how the subject property currently functions as well as with the character of the surrounding area.
- The proposed "M1" zoning is an appropriate zoning designation as it allows for the research institute use and office use to be established as well as other uses that are compatible with the existing community context which is characterized by "M2" zoning to the south and the existing institutional use of the Royal Canadian Mint to the north. It is acknowledged, however, that the Royal Canadian Mint, designed by Etienne Gaboury, is an iconic building and site in Winnipeg and there are a number of uses permitted under the "M1" zoning district that would not be compatible with this existing context. In addition, the existing research institute building was designed to complement the Mint. Accordingly, the Urban Planning Division is recommending a Zoning Agreement be registered on title restricting certain types of industrial and commercial uses, preserving the existing generous setbacks as well as plan approval to ensure a level of design oversight on any future proposal.

RECOMMENDED ZONING AGREEMENT

Use Restrictions

The Urban Planning Division is recommending restricting a number of industrial uses and accessory uses that may negatively impact, or be incompatible with, the large, landscaped context of the subject property and the Royal Canadian Mint building. It is also recommended to restrict a number of commercial uses (i.e., Hotel/Motel use; Restaurant use; Retail use; etc.) that are more appropriate for a Mixed Use Corridor.

Setbacks

As the property is landlocked, all of the yard setbacks are classified as interior side yard setbacks. The M1 zoning district does not require an interior side yard setback. At present, the existing research institute building was designed with generous landscaped setbacks to all property boundaries in order to ensure a level of compatibility with the Mint building and the landscaped context of the area. If a new building is developed on the site in future, the Urban Planning Division is recommending the existing generous landscaped setbacks be preserved. More specifically, a setback of 75 feet is recommended to the south, east, and west property lines, and a setback of 100 feet is recommended to the north property line.

Plan Approval

The Urban Planning Division is recommending that final plans be submitted to the Director of Planning, Property and Development and Riel Community Committee for review prior to the issuance of a development permit on the lot. The inclusion of this clause will allow the Urban Planning Division and the Riel Community Committee to review final plans and design details before any future development takes place on the site. In particular, it will be expected that any future proposal complements the Royal Canadian Mint building and site.

LAND DEDICATION

- When a developer rezones and/or subdivides a parcel of land, they are required to put in an application with the City of Winnipeg.
- As a condition of rezoning or subdivision, a developer is required to contribute a portion of the land to be developed to the City for parks purposes.
- The amount of land is not less than 10%.
- The developer is to provide land or ‘cash in lieu’ as determined by the Planning, Property and Development Department.
- The City is requesting cash in lieu for this application.

RECOMMENDATION

The Urban Planning Division recommends **approval with conditions** for the following reason:

- The proposal is consistent with the policies guiding development in the *Areas of Stability – Recent Communities policy area* in the *Complete Communities Direction Strategy* which supports low to moderate change as well as a mix of commercial services and employment uses that serve the local community.
- The proposal to rezone the subject property to “M1” in order to establish a privately-owned research institute and office space in the existing building is compatible with how the subject property currently functions as well as with the character of the surrounding area.
