EXECUTIVE SUMMARY

Ali Raza Esmail and Farzana Hashik Esmail (the "Purchaser") have submitted an application to close Public Walk Plan 8677 bordered by their property at 59 Salme Drive on the east, Lotus Lane to the north, and the properties known as 1, 2 and 3 Sandee Bay on the west. The Purchaser wishes to close and purchase the Walk to accommodate a garden shed, landscaping, and to facilitate weed control and treatment against invasive pests that they believe could destroy the existing canopy of mature trees and vegetation.

The City is committed to OurWinnipeg and the Winnipeg Climate Action Plan, which includes strategies for safeguarding natural areas for the protection of biodiversity and the integrity of ecosystems. The Owners of 1, 2, and 3 Sandee Bay are opposed to the proposed closing.

The Public Service does not support the proposed closing.

RECOMMENDATIONS

That the proposed closing of Public Walk Plan 8677 under DAC 6/2021 not be proceeded with.

REASON FOR THE REPORT

All closings of public rights-of-way must be considered by the Community Committee.

Council approval is required for all closings of public rights-of-way.

As per section 3(1)(i) of the City Organization By-law 7100/1997, only Council can declare City-owned property as surplus.

IMPLICATIONS OF THE RECOMMENDATIONS

All costs associated with the proposed closing are the responsibility of the applicant. There are no financial implications for the City.

HISTORY/DISCUSSION

Ali Raza Esmail and Farzana Hashik Esmail (the "Purchaser") have submitted an application to close Public Walk Plan 8677 bordered by their property at 59 Salme Drive on the east, Lotus Lane to the north, and the properties known as 1, 2, and 3 Sandee Bay on the west shown illustrated and identified as Public Walk 8677 on Misc. Plan 15762 (attached as Appendix A). The Purchaser wishes to close and purchase the Public Walk to accommodate a garden shed, landscaping, and to facilitate weed control and treatment against invasive pests that they believe could destroy the existing canopy of mature trees and vegetation.

The Owners of 1, 2, and 3 Sandee Bay adjoining the Public Walk on the west boundary, have all advised that they object to the proposed closing of the Public Walk. They cite concerns regarding potential loss of what they consider a unique tree canopy that could potentially negatively impact existing wildlife as well as a possible negative impact to their properties from land drainage changes through development and/or landscaping within the Public Walk. However, each of these Owners have indicated that in the event Council approves closing of the Public Walk, they are interested in purchasing that portion of the closing area which aligns with their respective adjoining holdings.
In keeping with OurWinnipeg and the Winnipeg Climate Plan, retaining control of the Public Walk will ensure the City's continuing commitment to safeguard natural areas such as wetlands and urban forests, for the protection of biodiversity and the integrity of ecosystems. The Public Service does not support the proposed closing.

Plan 8677 registered in the Winnipeg Land Titles Office on July 22, 1964, created the Public Walk.

CONSULTATION

This Report has been prepared in consultation with:

Internal Consultation:

Fire Paramedic Services
Legal Services Department (as to legal issues)
Police Services
Public Works Department
Transit Department
Water and Waste Department
Ward Councillor

External Consultation:

Manitoba Hydro, Centra Gas, BellMTS, Bell Canada, Shaw Cablesystems, Rogers Communications, TC Energy, Fibre.Ca Inc., and Crown Pipeline Ltd. have each indicated that they have no objections to the proposal.

Telus Communications, Imperial Oil, and Teraspan Networks did not respond to the request for comment on this application.

OURWINNIPEG POLICY ALIGNMENT

A component of the OurWinnipeg Policy is the safeguarding of natural areas such as wetlands and urban forests, for the protection of biodiversity and the integrity of ecosystems. Not closing the Public Walk will ensure the City's control and commitment to the policy.

WINNIPEG CLIMATE ACTION PLAN ALIGNMENT

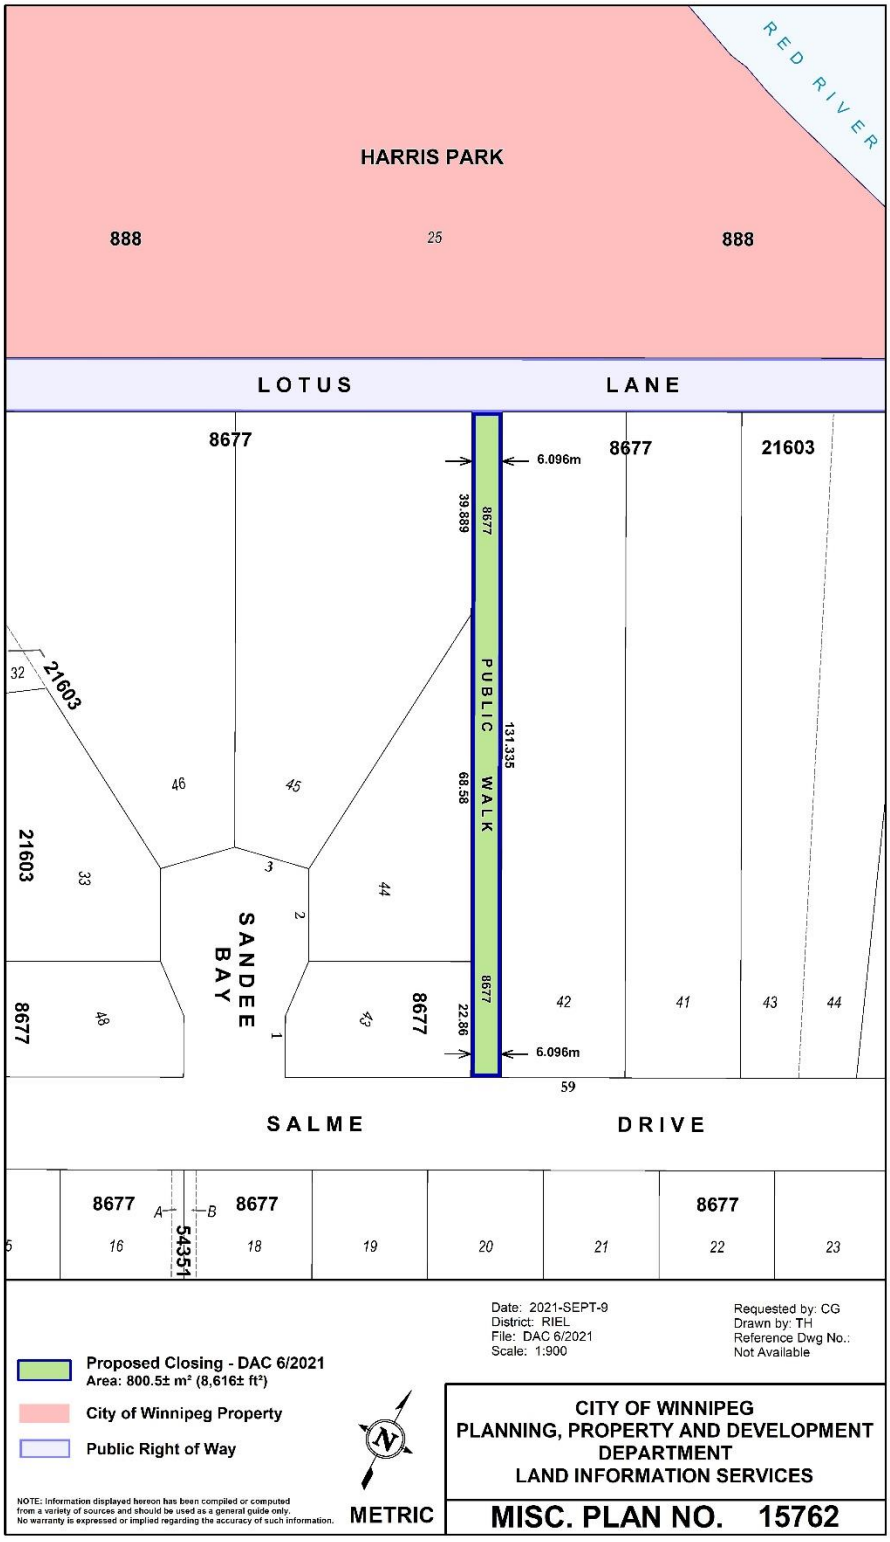

The Winnipeg Climate Action Plan contains guidelines to enhance connectivity of green spaces and parks throughout the City, supporting biodiversity and natural systems. Not closing the Public Walk will ensure the City's control and commitment to the Plan.
