Comment(s):
All costs associated with this proposal will be borne by the Applicant. There are no financial implications for the City of Winnipeg.

REASON FOR THE REPORT:

The lane closing requires a by-law pursuant to Section 139 of the City of Winnipeg Charter.

HISTORY:

The subject lane was created in 1912 by the original subdivision of lands in the area. The lane has never been paved and serves no apparent public purpose.
The Planning, Property and Development Department has received a request from Global Homes Ltd. to purchase the lane. Global Homes intends to incorporate the lane into a subdivision of the adjoining lands, the boundaries of which subdivision are shown on Misc. Plan No. 12168.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

There is a concrete approach to the lane from Larche. Public Works has advised that, should the applicant wish to retain this approach, private approach approval will be required. If the applicant does not wish to retain the approach, he will be responsible for its removal and for the restoration of the curb and boulevard as determined by and to the satisfaction of the Director of Public Works.
Easements

Manitoba Hydro has advised that it maintains an overhead pole line in the lane. An easement area will be required for the maintenance of this pole line. No improvements other than paving or fencing will be allowed in the easement area.

Transfer of Jurisdiction Over Public Rights-of-Way

The lane must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
