Approximately 20 years ago, HSN Heritage commissioned the creation of a mural which depicts important events and individuals of the area, including the erection of the barrier to stop the Canadian forces from entering until negotiations took place for Manitoba's entry into Confederation. This distinctive piece of art has become a significant landmark unto itself, but over time the images have faded and require a reapplication of paint to instil its original vibrancy and importance.

Arrangements have been made with local mural artist Annie Bergen to proceed with the refurbishment of the mural in September 2021. Once completed we intend to photograph the work and produce postcards to promote the rich heritage of the community. For your information, St Norbert is anticipated to be receive official designation as an National Historic Site later this year.

Heritage St. Norbert is a non-profit organization established in 1980, who's objective is to promote and preserve the identity and the historic aspects of the community and to guide and assist in the future planning and the development of the St. Norbert area. Please find a short history of the organization attached. On behalf of Heritage St. Norbert, I would like to thank you in advance for your consideration and cooperation with respect to this initiative. I trust it will prove to be of mutual benefit to you and the community at large.

The refurbishment of this wall includes the smoothing of the brick façade to create a level canvass for the application of the paint. In addition, wiring and lighting is required to enhance this mural in the evening and night time.
