Minute No. 124
Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – December 2, 2021

Item No. 8 Subdivision and Rezoning – 1396 Plessis Road (Transcona Ward) File DASZ 37/2021 [c/r DAV 195338/2021D]

COUNCIL DECISION:

Council concurred in the recommendation of the Standing Policy Committee on Property and Development, Heritage and Downtown Development and adopted the following:

1. That the subdivision under Development Application No. DASZ 37/2021 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor in accordance with the map dated September 10, 2021 and attached as Schedule "A" to this report, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office.

2. That the Developer shall meet all the terms and conditions as outlined in Schedule "B", the report of the Administrative Coordinating Group, dated November 5, 2021 to the satisfaction of the Director of Planning, Property and Development.

3. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land to an "RMF-M" Residential Multi-Family (Medium) District as shown on the map dated September 10, 2021 and attached as Schedule "A" to this report.

4. That in lieu of the dedication of land, the developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of Development Application No. DASZ 37/2021, as determined by the City's Director of Planning, Property and Development.

5. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the plan of subdivision ("the Plan") as prepared by the Manitoba Land Surveyor in accordance with Recommendation 1 is not submitted to the City for preparation of a by-law to implement this report (the "by-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – December 2, 2021

COUNCIL DECISION (continued):

6. That upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare and bring it directly to council for enactment of the By-law in accordance with the above.

7. That the subdivision section of the By-law will come into force when the Plan is registered in the Winnipeg Land titles Office.

8. That the zoning section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

9. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan is not registered in accordance with recommendation 7 and 8 unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approvals signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

11. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

12. That the Variance Order under File DAV 21-195338D shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DASZ 37/2021.

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – December 2, 2021

DECISION MAKING HISTORY:

Moved by Councillor Gilroy,

That the recommendation of the Standing Policy Committee on Property and Development, Heritage and Downtown Development be adopted by consent.

Carried

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On December 8, 2021, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Property and Development, Heritage and Downtown Development and submitted the matter to Council.

STANDING COMMITTEE RECOMMENDATION:

On December 2, 2021, the Standing Policy Committee on Property and Development, Heritage and Downtown Development concurred in the recommendation of the East Kildonan-Transcona Community Committee and submitted the matter to the Executive Policy Committee and Council.

COMMUNITY COMMITTEE RECOMMENDATION:

On November 22, 2021, the East Kildonan-Transcona Community Committee concurred in the recommendation of the Winnipeg Public Service, with the following amendment:

- In Recommendation 12, add the words “under File DAV 21-195338D” immediately after “Order”

and forwarded the matter to the Standing Policy Committee on Property and Development, Heritage and Downtown Development.

PUBLIC HEARING SUMMARY

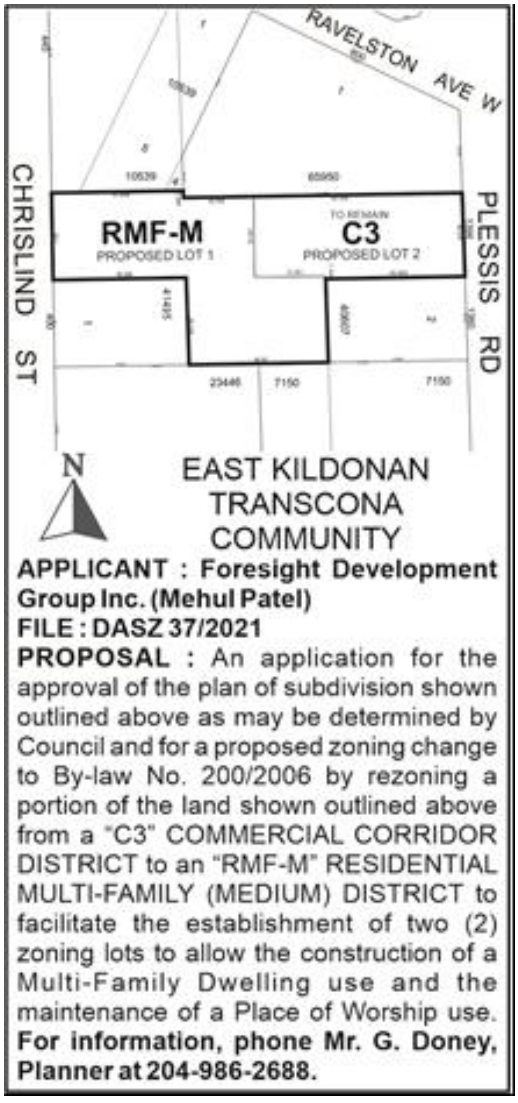

File: DASZ 37/2021

Before: East Kildonan-Transcona Community Committee
Councillor Nason, Chairperson
Councillor Browaty
Councillor Schreyer

Public Hearing: November 22, 2021
Council Building, 510 Main Street

Applicant: Foresight Development Group Inc. (Mehul Patel)

Subject:

Premises Affected: 1396 Plessis Road
For submission to: The Standing Policy Committee on Property and Development, Heritage and Downtown Development

Prepared by: Tamara Pomanski, Committee Clerk
East Kildonan-Transcona Community Committee

Report date: November 22, 2021

Community Committee Recommendation:

On November 22, 2021, the East Kildonan-Transcona Community Committee concurred in the recommendation of the Winnipeg Public Service, as amended, and recommended to the Standing Policy Committee on Property and Development, Heritage and Downtown Development:

1. That the subdivision under Development Application No. DASZ 37/2021 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor in accordance with the map dated September 10, 2021 and attached as Schedule "A" to this report, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office.

2. That the Developer shall meet all the terms and conditions as outlined in Schedule "B", the report of the Administrative Coordinating Group, dated November 5, 2021 to the satisfaction of the Director of Planning, Property and Development.

3. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land to an "RMF-M" Residential Multi-Family (Medium) District as shown on the map dated September 10, 2021 and attached as Schedule "A" to this report.

4. That in lieu of the dedication of land, the developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of Development Application No. DASZ 37/2021, as determined by the City's Director of Planning, Property and Development.

5. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the plan of subdivision ("the Plan") as prepared by the Manitoba Land Surveyor in accordance with Recommendation 1 is not submitted to the City for preparation of a by-law to implement this report (the "by-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

6. That upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare and bring it directly to council for enactment of the By-law in accordance with the above.

7. That the subdivision section of the By-law will come into force when the Plan is registered in the Winnipeg Land titles Office.

8. That the zoning section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

9. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan is not registered in accordance with recommendation 7 and 8 unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approvals signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

11. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

12. That the Variance Order ***under File DAV 21-195338D*** shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DASZ 37/2021.

Note: The wording in bold and italics denotes amendments made by the Community Committee.

The East Kildonan-Transcona Community Committee provided the following supporting reasons for its recommendation:

1. This is continuing the rein-visioning of that space along Plessis, on the west side of Plessis and multi-family seems to be very popular along that route. The number of services in that area are definitely supportive of this type of development and most recently saw a couple of new restaurants open space formerly occupied by Jim's and the Old Sal's. It is a well-developed area.

RECOMMENDATIONS

1. That the subdivision under Development Application No. DASZ 37/2021 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor in accordance with the map dated September 10, 2021 and attached as Schedule "A" to this report, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office.

2. That the Developer shall meet all the terms and conditions as outlined in Schedule "B", the report of the Administrative Coordinating Group, dated November 5, 2021 to the satisfaction of the Director of Planning, Property and Development.

3. That the Winnipeg Zoning By-law No. 200/06 be amended by rezoning the subject land to an "RMF-M" Residential Multi-Family (Medium) District as shown on the map dated September 10, 2021 and attached as Schedule "A" to this report.

4. That in lieu of the dedication of land, the developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of Development Application No. DASZ 37/2021, as determined by the City's Director of Planning, Property and Development.

5. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the plan of subdivision ("the Plan") as prepared by the Manitoba Land Surveyor in accordance with Recommendation 1 is not submitted to the City for preparation

of a by-law to implement this report (the "by-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

6. That upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare and bring it directly to council for enactment of the By-law in accordance with the above.

7. That the subdivision section of the By-law will come into force when the Plan is registered in the Winnipeg Land titles Office.

8. That the zoning section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

9. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan is not registered in accordance with recommendation 7 and 8 unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approvals signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

11. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

12. That the Variance Order shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DASZ 37/2021.

REASON FOR THE REPORT

- The applicant is proposing to subdivide an existing "C3" Commercial Corridor parcel into two lots and rezone the proposed Lot 1 to an "RMF-M" Residential Multi-Family Medium District for the construction of 76 residential dwelling units. The proposed Lot 2 would remain zoned "C3" Commercial Corridor district for the maintenance of a place of worship use.
- Subdivisions and rezonings require a public hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*
- The Report is being submitted for the Committee's consideration of the development application at the Public Hearing.

IMPLICATIONS OF THE RECOMMENDATIONS

- If the recommendations of the Urban Planning Division are concurred in, proposed Lot 1 will be rezoned from a "C3" Commercial Corridor District to an "RMF-M" Residential Multi-Family Medium, while the proposed Lot 2 would remain zoned "C3" Commercial Corridor for the maintenance of a place of worship.

DATE:	November 9, 2021
FILE:	**DASZ 37/2021**
RELATED FILES:	DAV 21 – 195338/D
COMMUNITY:	East Kildonan - Transcona
NEIGHBOURHOOD #:	4.433 (Regent)
SUBJECT:	To subdivide and rezone an existing "C3" Commercial Corridor District parcel to an "RMF-M" Residential Multi-Family District to facilitate the establishment of two (2) zoning lots to allow the construction of a multi-family dwelling use and the maintenance of a place of worship use.
LOCATION:	
LEGAL DESCRIPTION:	LOT 2 PLAN 41495 91A/92A K OTM

APPLICANT:	Mehul Patel (Foresight Development Group Inc.) 128 James Avenue – Suite 100 Winnipeg, MB R3B 0N8
OWNER:	Abundant Life Baptist Church Inc. 1396 Plessis Road Winnipeg, MB R2C 4L1
RECOMMENDATION:	Approval

SITE DESCRIPTION

- The subject property is an irregular through lot having frontages on both Plessis Road and Chrislind Street in the Regent Neighbourhood of the Transcona Ward.
- Currently on site is a place of worship with associated parking area. The subject site is +/- 95,732 sq. ft. in size. Proposed Lot 1 is 59,995 sq. ft in size, while the proposed Lot 2 is 35,784 sq. ft. in size.
- The subject falls within the Area of Stability – Recent Community Policy Area under the *Complete Communities Direction Strategy.* The subject site is zoned "C3" Commercial Corridor District.

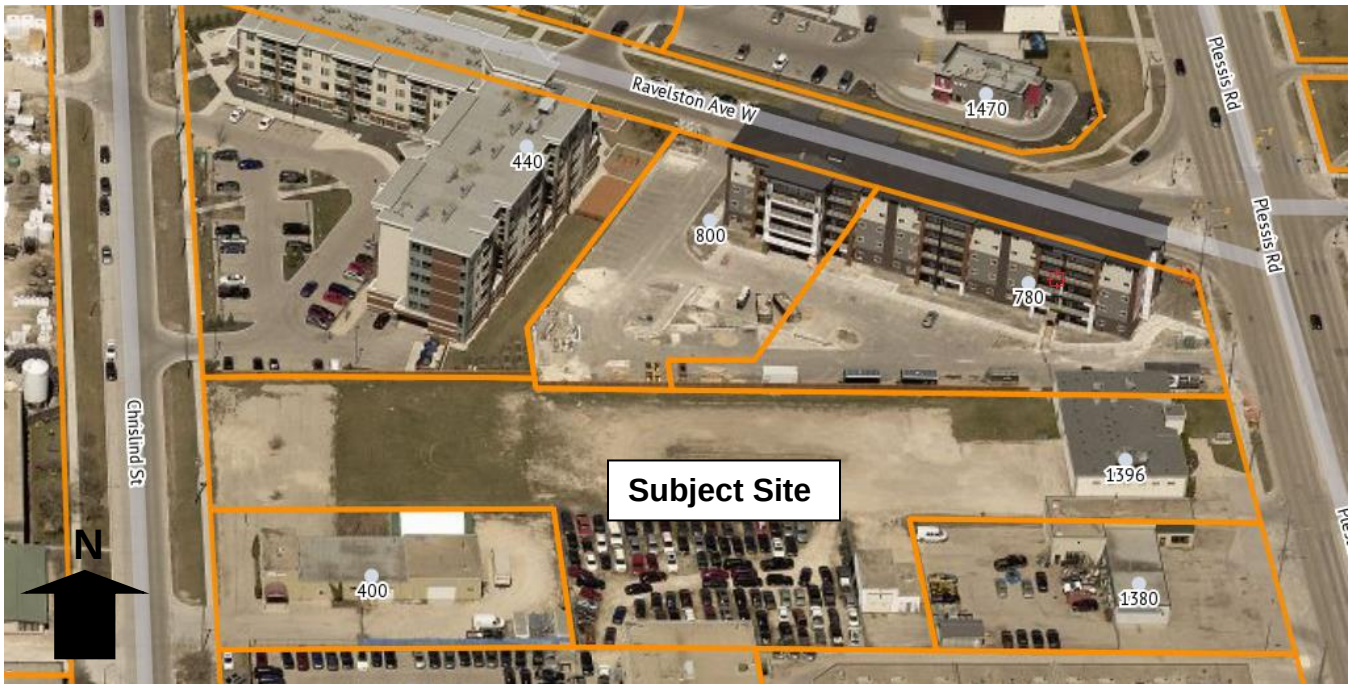

Figure 1: Pictometry map of subject property and surrounding context (flown 2021)

SURROUNDING ZONING & USES (See Figure 2)

North: Residential apartments zoned "RMU" Residential Mixed Use and "RMF-M" Residential Multi-Family Medium.

South: Commercial uses zoned "C3" Commercial Corridor.

East: Plessis Road, then an Educational Institution zoned "PR2" Parks and Recreation (Community).

West: Chrislind Street, then Industrial Warehouses zoned "M1" Manufacturing Light.

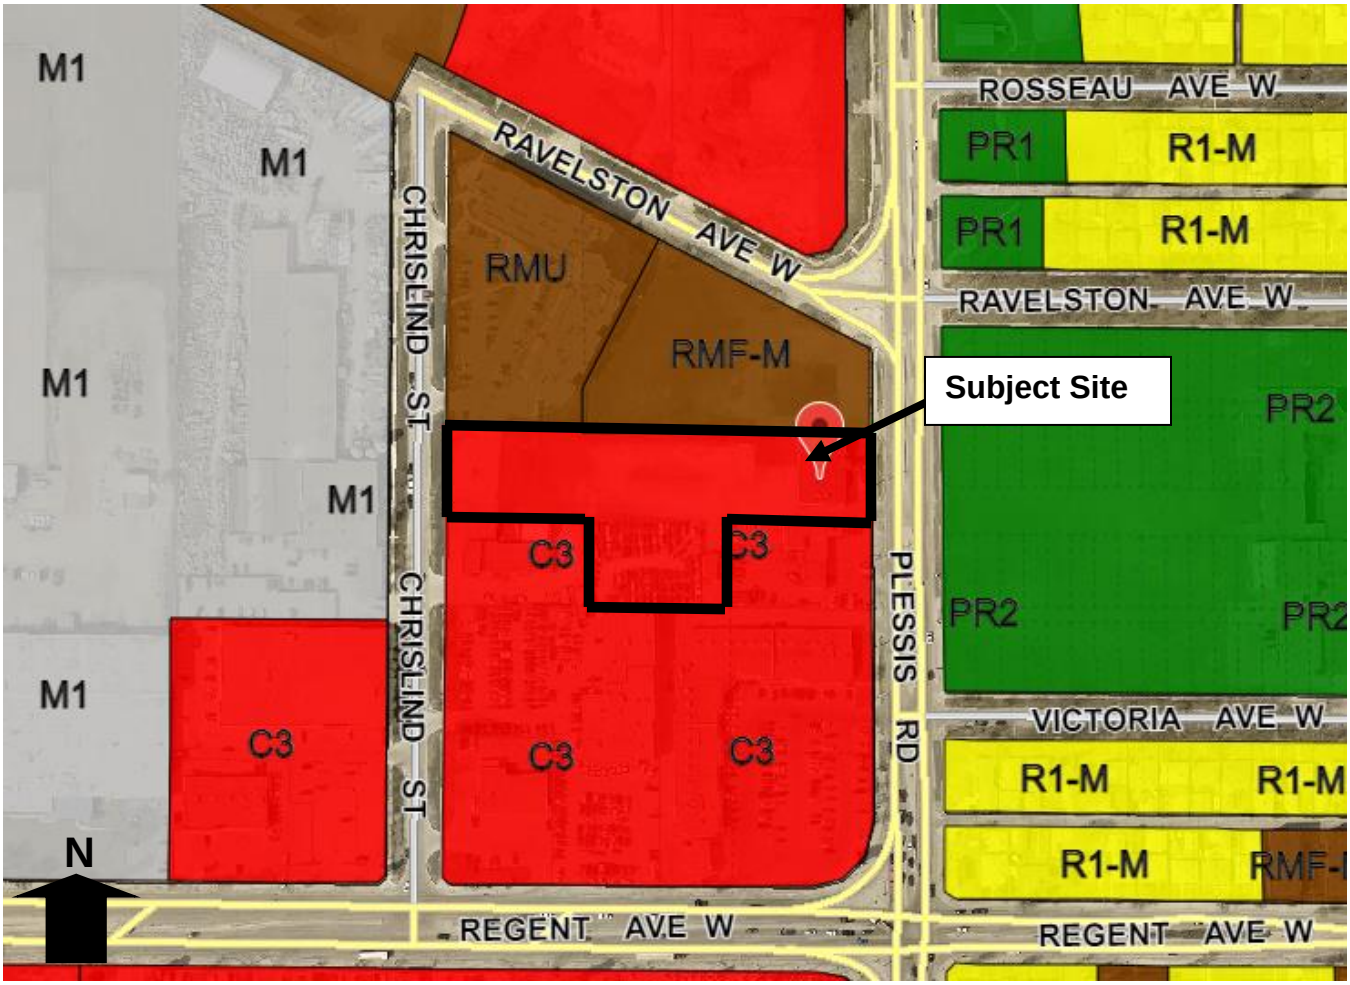

Figure 2: Zoning map of subject property and surrounding neighbourhood

DESCRIPTION OF THE PROPOSED SUBDIVISION AND REZONING

- The applicant intends to subdivide the existing parcel of land currently zoned “C3” Commercial Corridor into two (2) lots. Proposed Lot 1 is to be rezoned to the “RMF-M” Residential Multi-Family Medium District and proposed Lot 2 would remain zoned “C3” Commercial Corridor for the maintenance of the existing place of worship.
- The applicant is proposing a six-storey multi-family building, approximately 71 feet in height with 76 residential units and 117 parking stalls on the proposed Lot 1. The proposed building will be 217 feet long and 89 feet wide.
- The proposed development includes provision for 5 accessible parking spaces, 2 van accessible parking spaces, 8 public and 16 private bicycle parking spaces.
- Four (4) variances are required for the proposed multi-family development on Lot 1, which relate to density, building height and yard setbacks to the accessory parking area. An associated variance application has been filed under File DAV 21 - 195338\D (see Planner’s report).

COLLABORATION

- The applicant worked with the Urban Planning Division through series of meetings as well as email correspondence. In those discussions, details of the proposed development, regarding density, building height, setbacks, and site layout were discussed.
- The aforementioned led to a refined site layout prior to formal application submission.

ANALYSIS AND ISSUES

COMPLETE COMMUNITIES DIRECTION STRATEGY:

The subject site is in an "Area of Stability" policy area of *OurWinnipeg* and *Complete Communities*. Key Direction in these documents that applies to Area of Stability states: *"Enhance the quality, diversity, completeness and sustainability of stable neighborhoods and expand housing options for Winnipeg's changing population."*

Under the *Complete Communities Direction Strategy*, relevant policies for Area of Stability that apply directly to the proposed development include:

- *Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complimentary to the existing scale, character and built form.*

  The scale of the proposed residential development is consistent with the above policy.

- *Promote the form of buildings and spaces that are sensitive to the community context and address the transition between new and existing developments.*

  The proposed "RMF-M" zoning and the construction of a six-storey, 76 residential units is consistent with the existing built form within the immediate vicinity.

- *Encourage intensification to occur at centres and along corridors.*

  The subject property is in close proximity (a block away) from Regent Avenue W, which is designated a Regional Mixed-Use Corridor.

- *In order to meet the full life-cycle of housing needs within the community, promote a mix of housing types and tenure, such as duplexes, low rise apartments, secondary suites, semi-detached homes, townhouses.*

  The construction of a six-storey, 76-unit residential unit multi-family building aligns with the above policy

The proposed plan of subdivision and rezoning would facilitate 76 residential units being added to the area, which supports efficient use of existing and future infrastructure while expanding housing options. Therefore, the proposed plan of subdivision and rezoning complies with the aforementioned policies.

ZONING BY-LAW 200/2006

- The applicant intends to create two lots from the existing parcel, rezone proposed Lot 1 to “RMF-M” Residential Multi-Family Medium and retain proposed Lot 2 as “C3” Commercial Corridor for the maintenance of the existing place of worship.

Current Zoning

“C3” Commercial Corridor

- The subject property is currently zoned “C3” Commercial Corridor district and is intended primarily for uses that provide commercial goods and services to residents of the community in areas that are dependent on automobiles access and exposed to heavy automobile traffic, but not including regional shopping malls or regional shopping areas. These commercial uses are subject to frequent view by the public and visitors to Winnipeg, and they should provide an attractive appearance with landscaping, sufficient parking, and controlled traffic movement. C3 districts are generally located in Community or Regional mixed-use centres or along Community or Regional mixed-use corridors.

Proposed Zoning

“RMF-M” Residential Multi-Family Medium

- The Residential Multi-Family district is intended to accommodate the development of multi-family units in areas with medium to high residential densities.
- The “RMF-M” district requires: a minimum lot area of 9,000 sq. ft., a minimum lot area per dwelling of 800 sq. ft., a minimum interior side yard setback of 8 feet, a front yard setback of 25 feet and a rear yard setback of 25 feet. The maximum building height for this proposed zone is 60 feet.

  (Note b – In the RMF-M, RMF-L and RMU zoning districts, where the building is more than one storey in height, the required interior side yard increase by 2 feet for each storey above the ground floor to a maximum of 20 feet).

COMPATIBILITY WITH SURROUNDING USES

- The subject property falls within the Area of Stability of *Complete Communities Direction Strategy* which supports low to moderate change in low-density neighbourhoods through developments and redevelopments that is complementary to the existing scale, character and built form. The proposed “RMF-M lots and the construction of a six-storey multi-family building 76 residential dwelling units is consistent with the above policy.
- The Urban Planning Division believes that the subject proposal is compatible with the surrounding development, which is characterized by multiple family developments to the north and commercial uses to the south. For example, there are new multi-family development at 800 Ravelston Avenue W and 440 Chrislind Street. These aforementioned multi-family projects are on the same scope and scale with the subject proposal.
- It is also of note that the subject property is in close proximity to Regent Avenue, where some form of intensification is encouraged as per *Complete Communities*.

- Given the above, the subject proposal will provide a range of housing type and tenure in this part of Winnipeg, which is consistent with *Complete Communities.* The proposal would also bring in more residents that will eventually stimulate the local economic growth with the immediate vicinity.
- The Urban Planning Division is supportive of the subject rezoning and the associated applications.

KEY COMMENT PROVIDED BY OTHER CIVIC DEPARTMENTS

- It is noted that the subject subdivision/rezoning application (DASZ 37/2021) has been reviewed by civic departments through the Administrative Coordinating Group (ACG).
- This review process is used to determine developer obligations such as servicing requirements, land dedication and other considerations.
- The associated ACG Report outlines servicing considerations that needs to be met as part of the DASZ 37/2021 approval.

Land Dedication

- When a developer rezones and/or subdivides a parcel of land, they are required to put in an application with the City of Winnipeg.
- As a condition of rezoning or subdivision, a developer is required to contribute a portion of the land to be developed to the City for parks purposes of not less than 10%; OR
- The Public Service is recommending 'cash in lieu' as determined by the Director of Planning, Property and Development Department.

RECOMMENDATION

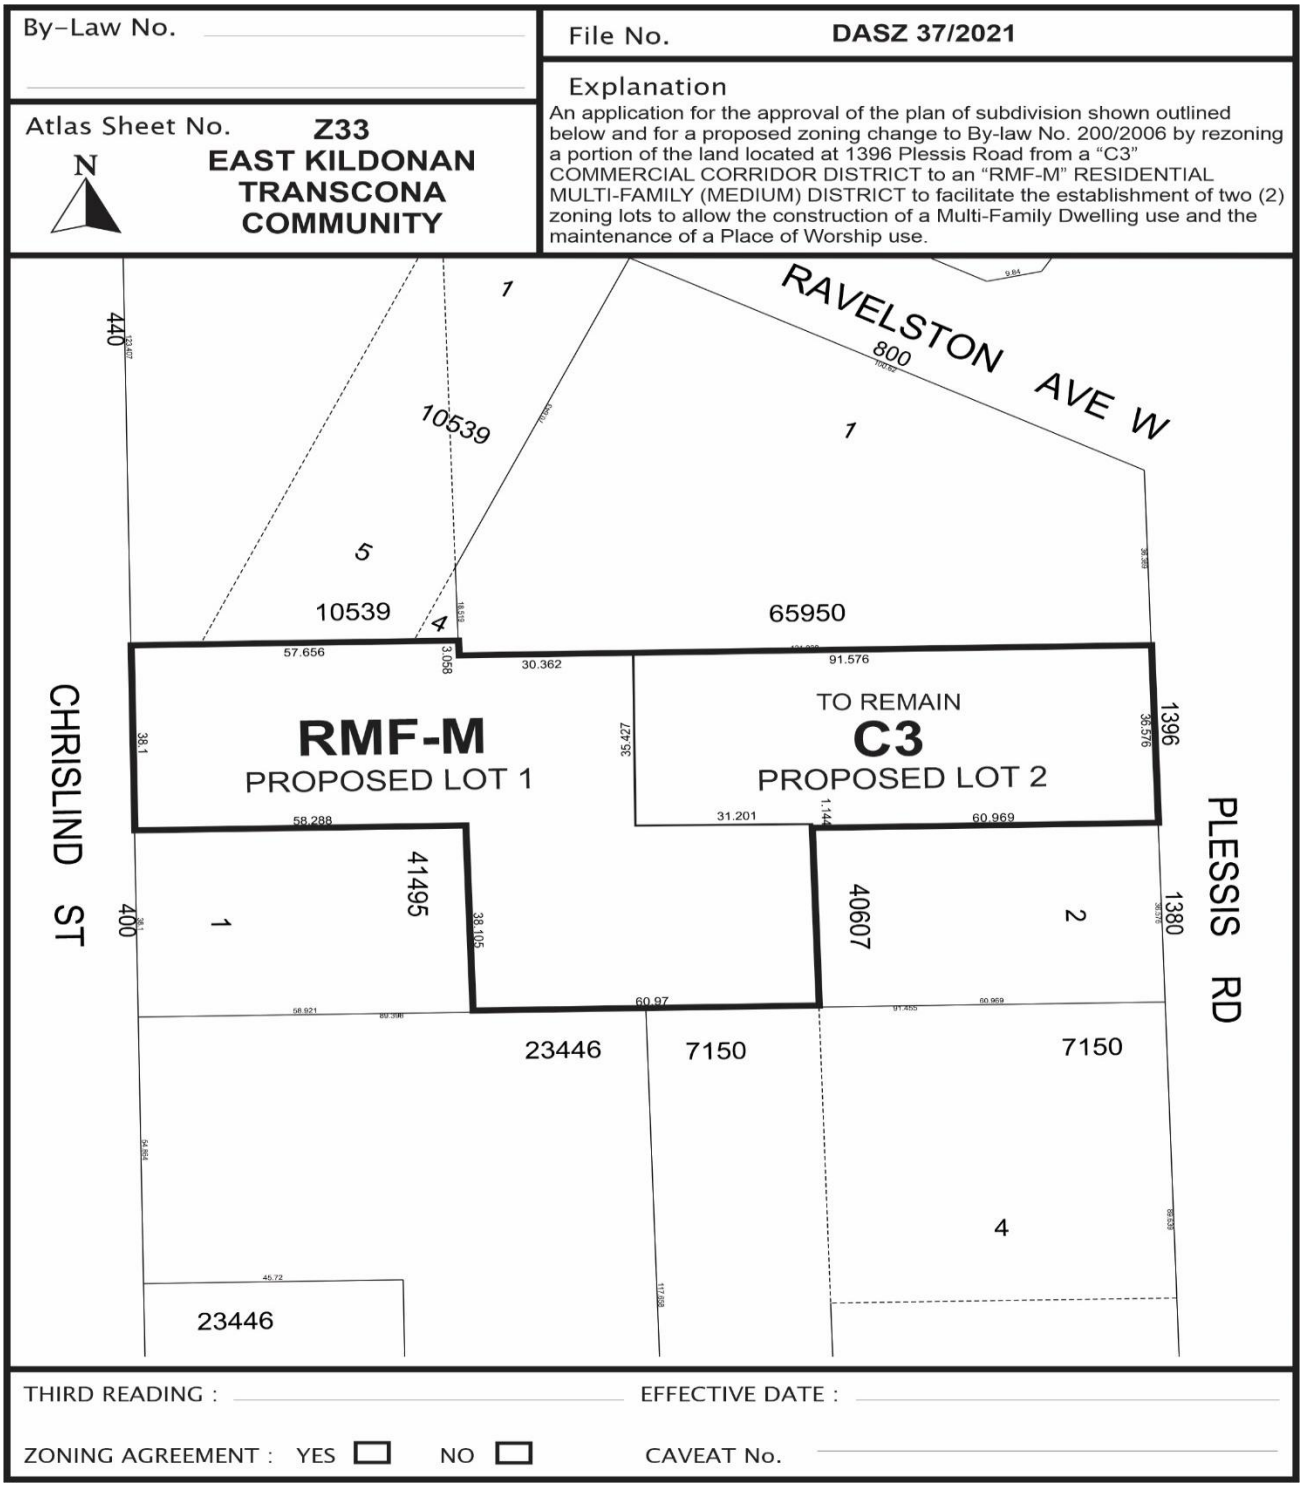

The Urban Planning Division recommends **approval** for the following reasons:

- The proposed plan of subdivision and rezoning are consistent with *Complete Communities Direction Strategy*.
- Rezoning the subject property to an "RMF-M" Residential Multi-Family district will facilitate a development that is compatible with the existing development north of the subject site.
- The subject site is in close proximity to a Regional Mixed-Use Corridor where major intensification is encouraged.
- The proposed subdivision and rezoning will not have any adverse effect on the existing context as well as future development in the area.

SCHEDULE B

REPORT OF THE ADMINISTRATIVE COORDINATING GROUP

RE: PROPOSED SUBDIVISION AND REZONING OF LAND LOCATED AT 1396 PLESSIS ROAD

The Administrative Coordinating Group (ACG) reviewed the servicing requirements for DASZ 37/2021. The Developer should take into consideration the following servicing and design requirements and considerations in the redevelopment of the site:

Section I – General Comments

1) The Public Works Department wishes to advise that the proposed private approach is non-conforming under the Private Access By-law Section 17(1)(b), as there is less than 3m between the approach and the adjacent lot line and a proposed fence is abutting the approach.

2) The Public Works Department recommends the private approach be located a minimum of 3.0m from the lot line. The private approach may also be required to be widened to accommodate bi-directional traffic. Private approach applications are required to be submitted directly to the Public Works Department.

3) The Water and Waste Department wishes to advise that there is adequate servicing for the proposed development based on the provided development plans. Additional review will be required by their Department should the plans of development change during the design process.

Section II – Servicing Considerations

1) Joint Servicing Easement Agreement

The Developer shall enter into, and register and maintain in perpetuity by way of caveat against the titles to the “affected lots” (all lots which are to be services jointly), an appropriate joint services agreement or private easement agreement with owners of the other affected lots to enable the joint servicing of lots in the Planned Area not fronting on streets with land drainage services. Said agreement shall further absolve the City from any costs or responsibility for the private joint services.

2) Sidewalks

The Developer shall pay to the City, in cash, prior to the release of subdivision mylars for registration in the Winnipeg Land Titles Office, their share of the cost to construct a 1.5m wide by 100mm thick Portland cement concrete sidewalk along the east side of Chrisland Street abutting the Planned Area, as determined by and to the satisfaction of the Director of Public Works.
