Agenda – Executive Policy Committee – January 19, 2022

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – January 17, 2022

Moved by Councillor

That Rule 10(3) of The Procedure By-law No. 50/2007 be suspended in order that the following item, which was received less than four business days preceding the committee meeting, be considered by Committee.

Item No. 4 Subdivision and Rezoning – 307 and 311 Grassie Boulevard (Transcona Ward)
File DASZ 31/2021 [c/r DAV 179290/2021D]

STANDING COMMITTEE RECOMMENDATION:

On January 17, 2022, the Standing Policy Committee on Property and Development, Heritage and Downtown Development concurred in the recommendation of the East Kildonan-Transcona Community Committee and submitted the following to Council:

1. That the subdivision under Development Application No. DASZ 31/2021 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor in accordance with the map dated October 4, 2021, and attached as Schedule "A" to this report, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office, subject to the following conditions:

    A. That the developer be required to enter into a Servicing Agreement with the City pursuant to subsection 259(1) of The City of Winnipeg Charter in accordance with the report of the Administrative Coordinating Group dated September 14, 2021, and attached as Schedule "B" to this report, with the following amendments:

        i. In Section III – Servicing Conditions:

            a. Delete Condition 2) (b) and replace it with the following:

                "2) <u>Jacques Avenue</u>

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – January 17, 2022

STANDING COMMITTEE RECOMMENDATION (continued):

(b) The Developer shall, at no expense to the City, construct and install Portland cement concrete pavement(s), and all related works, within Jacques Avenue and/or Orum Drive, as required to accommodate the proposed private approach from the Planned Area to Jacques Avenue, all as determined by and to the satisfaction of the Director of Public Works."

b. Add the following new Conditions:

"10) Traffic Calming Devices

(a) The Developer shall, at no expense to the City, construct traffic calming devices, and all related works, on Jacques Avenue between Orum Drive and Silver Fields Lane, as determined by and to the satisfaction of the Director of Public Works.

(b) The Developer shall endeavour to install up to (3) traffic calming devices, with one located between each of the three intersections on Jacques Avenue west of Silver Fields Lane. The actual location and number of traffic calming devices shall be as determined by and to the satisfaction of the Director of Public Works.

11) Private Approaches

(a) The Public Works Department has advised that private approaches require separate application to their Department. Please contact Public Works at PWDPrivateAccess@winnipeg.ca to discuss further.

(b) Consideration should be given to a "right-in, right-out" private approach, subject to review and approval of the Director of Public Works."

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – January 17, 2022

STANDING COMMITTEE RECOMMENDATION (continued):

B. That the City enter into, execute and deliver with the Developer a Servicing Agreement in accordance with Recommendation 1.A., and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

C. That authority be delegated to the City's Director of Planning, Property and Development to negotiate and approve the terms and conditions of the Servicing Agreement, and any Ancillary Agreements, in accordance with this report and such other terms and conditions determined necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

2. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land to an "RMF-M" Residential Multi-Family (Medium) District as shown on the map dated October 4, 2021, and attached as Schedule "A" to this report.

3. That in lieu of the dedication of land, the developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of Development Application No. DASZ 31/2021, as determined by the City's Director of Planning, Property and Development.

4. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the plan of subdivision (the "Plan") as prepared by the Manitoba Land Surveyor in accordance with Recommendation 1 is not submitted to the City for preparation of a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

5. That upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare and bring it directly to Council for enactment the By-law in accordance with the above.

6. That the subdivision section of the By-law will come into force when the Servicing Agreement is fully executed and the Plan is registered in the Winnipeg Land Titles Office.

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – January 17, 2022

STANDING COMMITTEE RECOMMENDATION (continued):

7. That the zoning section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

8. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan is not registered in accordance with recommendation 6 unless the Developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

9. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approval signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

11. That Variance Order DAV 21-179290D shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DASZ 31/2021.

Agenda – Executive Policy Committee – January 19, 2022

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – January 17, 2022

DECISION MAKING HISTORY:

STANDING COMMITTEE RECOMMENDATION:

On January 17, 2022, the Standing Policy Committee on Property and Development, Heritage and Downtown Development concurred in the recommendation of the East Kildonan-Transcona Community Committee and submitted the matter to the Executive Policy Committee and Council.

COMMUNITY COMMITTEE RECOMMENDATION:

On December 17, 2021, the East Kildonan-Transcona Community Committee concurred in the recommendation of the Winnipeg Public Service, with the following amendments:

- In Recommendation 1.A., delete the period after "Schedule "B" of this report", and replace with the following:

  ", with the following amendments:

  "i. In Section III – Servicing Conditions:

  a. Delete Condition 2) (b) and replace it with the following:

  "2) <u>Jacques Avenue</u>

  (b) The Developer shall, at no expense to the City, construct and install Portland cement concrete pavement(s), and all related works, within Jacques Avenue and/or Orum Drive, as required to accommodate the proposed private approach from the Planned Area to Jacques Avenue, all as determined by and to the satisfaction of the Director of Public Works."

  b. Add the following new Conditions:

  "10) <u>Traffic Calming Devices</u>

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – January 17, 2022

DECISION MAKING HISTORY (continued):

COMMUNITY COMMITTEE RECOMMENDATION (continued):

(a) The Developer shall, at no expense to the City, construct traffic calming devices, and all related works, on Jacques Avenue between Orum Drive and Silver Fields Lane, as determined by and to the satisfaction of the Director of Public Works.

(b) The Developer shall endeavour to install up to (3) traffic calming devices, with one located between each of the three intersections on Jacques Avenue west of Silver Fields Lane. The actual location and number of traffic calming devices shall be as determined by and to the satisfaction of the Director of Public Works.

Before: East Kildonan-Transcona Community Committee
Councillor Nason, Chairperson
Councillor Browaty
Councillor Schreyer

Public Hearing: December 17, 2021
November 22, 2021
October 25, 2021
Council Building, 510 Main Street

Applicant: R.G. Wyatt Consulting and Advisory Services (Russ Wyatt)

Subject:

Premises Affected: 307 and 311 Grassie Boulevard

For submission to: The Standing Policy Committee on Property and Development, Heritage and Downtown Development

Prepared by: Tamara Pomanski, Committee Clerk
East Kildonan-Transcona Community Committee

Report date: December 17, 2021

Community Committee Recommendation:

On December 17, 2021, the East Kildonan-Transcona Community Committee concurred in the recommendation of the Winnipeg Public Service, as amended, and recommended to the Standing Policy Committee on Property and Development, Heritage and Downtown Development:

1. That the subdivision under Development Application No. DASZ 31/2021 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor in accordance with the map dated October 4, 2021, and attached as Schedule "A" to this report, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office, subject to the following conditions:

    A. That the developer be required to enter into a Servicing Agreement with the City pursuant to subsection 259(1) of The City of Winnipeg Charter in accordance with the report of the Administrative Coordinating Group dated September 14, 2021, and attached as Schedule "B" to this report, ***with the following amendments:***

        i. In Section III – Servicing Conditions:

            a. Delete Condition 2) (b) and replace it with the following:

                "2) <u>Jacques Avenue</u>

                (b) The Developer shall, at no expense to the City, construct and install Portland cement concrete pavement(s), and all related works, within Jacques Avenue and/or Orum Drive, as required to accommodate the proposed private approach from the Planned Area to Jacques Avenue, all as determined by and to the satisfaction of the Director of Public Works."

            b. Add the following new Conditions:

                "10) <u>Traffic Calming Devices</u>

(a) The Developer shall, at no expense to the City, construct traffic calming devices, and all related works, on Jacques Avenue between Orum Drive and Silver Fields Lane, as determined by and to the satisfaction of the Director of Public Works.

(b) The Developer shall endeavour to install up to (3) traffic calming devices, with one located between each of the three intersections on Jacques Avenue west of Silver Fields Lane. The actual location and number of traffic calming devices shall be as determined by and to the satisfaction of the Director of Public Works.

11) <u>Private Approaches</u>

(a) The Public Works Department has advised that private approaches require separate application to their Department. Please contact Public Works at PWDPrivateAccess@winnipeg.ca to discuss further.

(b) Consideration should be given to a "right-in, right-out" private approach, subject to review and approval of the Director of Public Works."

B. That the City enter into, execute and deliver with the Developer a Servicing Agreement in accordance with Recommendation 1.A., and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

C. That authority be delegated to the City's Director of Planning, Property and Development to negotiate and approve the terms and conditions of the Servicing Agreement, and any Ancillary Agreements, in accordance with this report and such other terms and conditions determined necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

2. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land to an "RMF-M" Residential Multi-Family (Medium) District as shown on the map dated October 4, 2021, and attached as Schedule "A" to this report.

3. That in lieu of the dedication of land, the developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of Development Application No. DASZ 31/2021, as determined by the City's Director of Planning, Property and Development.

4. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the plan of subdivision (the "Plan") as prepared by the Manitoba Land Surveyor in accordance with Recommendation 1 is not submitted to the City for preparation of a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

5. That upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare and bring it directly to Council for enactment the By-law in accordance with the above.

6. That the subdivision section of the By-law will come into force when the Servicing Agreement is fully executed and the Plan is registered in the Winnipeg Land Titles Office.

7. That the zoning section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

8. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan is not registered in accordance with recommendation 6 unless the Developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

9. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approval signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

11. That Variance Order DAV 21-179290D shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DASZ 31/2021.

Note: The wording in bold and italics denotes amendments made by the Community Committee.

The East Kildonan-Transcona Community Committee provided the following supporting reasons for its recommendation:

1. This was a very difficult consideration. I know the established neighbourhood, I know it well. I've got several friends that live in that area, that are a little distressed by this. I've heard the public with respect to the concerns about traffic, and I hope that what we get is a stronger Jacques Avenue and a stronger neighbourhood. I am concerned from that perspective and that is why I moved the motion with conditions that are there. Whereas, the public delegations overwhelmingly mentioned traffic as a major concern for Grassie Avenue approaching Lagimodiere and neighbourhood local streets directly north of Grassie. Whereas, the report from the applicant which was produced from a reputable Engineering firm indicated that this Development would have negligible impacts on the current traffic in the area and whereas concerns over safety in the local streets specifically along Jacques must be a consideration of this matter.

2. This is without a doubt a change in that area, but it's one that just opposite is evolving as well. We have a public service report that was duly considered. The OurWinnipeg, Complete Communities, the Area Structure Plan, the number of units that were allowed. I believe it was a maximum of 75 units that could be considered without Variance. The work was done and this was not a rubber stamp, this was not a done deal.

3. This incident with this development, there is consultation, whether you like the outcome or not, there is consultation. This Developer heard from the residents and lowered their expectations considerably. They worked hard with the public service to find common ground. I did not want to open Jacques. I wanted to contain this solely to Grassie, but listening to traffic concerns, listening to neighbourhood concerns, this was the only way forward.

ADMINISTRATIVE REPORT

Title: DASZ 31/2021 – 307 and 311 Grassie Boulevard

Issue: For consideration at the public hearing for a Subdivision and Rezoning to create one lot zoned "RMF-M" Residential Multi-Family (Medium) and a widening of the Grassie Boulevard Public Street Right-of-Way and to develop a multi-family dwelling containing 72 dwelling units and parking areas containing 108 parking spaces.

Critical Path: East Kildonan – Transcona Community Committee → Standing Policy Committee on Property and Development, Heritage and Downtown Development → Executive Policy Committee → Council as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*

AUTHORIZATION

Author	Department Head	CFO	CAO
Glen Doney, RPP, MCIP	n/a	n/a	

RECOMMENDATIONS

1. That the subdivision under Development Application No. DASZ 31/2021 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor in accordance with the map dated October 4, 2021, and attached as Schedule "A" to this report, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office, subject to the following conditions:

   A. That the developer be required to enter into a Servicing Agreement with the City pursuant to subsection 259(1) of The City of Winnipeg Charter in accordance with the report of the Administrative Coordinating Group dated September 14, 2021, and attached as Schedule "B" to this report.

   B. That the City enter into, execute and deliver with the developer a Servicing Agreement in accordance with recommendation 1.A., and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

   C. That authority be delegated to the City's Director of Planning, Property and Development to negotiate and approve the terms and conditions of the Servicing Agreement, and any Ancillary Agreements, in accordance with this report and such other terms and conditions determined necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

2. That The Winnipeg Zoning By-law No. 200/06 be amended by rezoning the subject land to an “RMF-M” Residential Multi-Family (Medium) District as shown on the map dated October 4, 2021, and attached as Schedule “A” to this report.

3. That, in lieu of the dedication of land, the developer shall provide a cash payment in an amount equal to ten percent (10%) of the appraised value of Development Application No. DASZ 31/2021, as determined by the City’s Director of Planning, Property and Development.

4. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the plan of subdivision (the “Plan”) as prepared by the Manitoba Land Surveyor in accordance with Recommendation 1 is not submitted to the City for preparation of a by-law to implement this report (the “By-law”) is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

5. That, upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare and bring it directly to Council for enactment the By-law in accordance with the above.

6. That the subdivision section of the By-law will come into force when the Servicing Agreement is fully executed and the Plan is registered in the Winnipeg Land Titles Office.

7. That the zoning section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

8. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan is not registered in accordance with recommendation 6 unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

9. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approval signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

11. That Variance Order DAV 21-179290D shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DASZ 31/2021.

REASONS FOR REPORT

This report is required because a proposed plan of subdivision and rezoning application requires a public hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of the Urban Planning and Design Division are concurred in, the proposed plan of subdivision and rezoning can proceed in accordance with Schedule “A” to this report.

CONSULTATION

The Land Development Branch was consulted in the preparation of this report.

OURWINNIPEG POLICY ALIGNMENT

The Key Direction of *OurWinnipeg* that applies to the subject site states:

> *Enhance the quality, diversity, completeness and sustainability of stable neighbourhoods and expand housing options for Winnipeg’s changing population.*

The proposed plan of subdivision and rezoning application aligns with this Key Direction and with *OurWinnipeg* in general because it would facilitate a development that would increase the supply of new apartment-style dwelling units in a location that:

- Has the full range of municipal infrastructure;
- Is approximately three kilometres from a range of retail sales and service uses; and
- Is serviced by public transit.

WINNIPEG CLIMATE ACTION PLAN ALIGNMENT

One of the Strategic Opportunities in the *Winnipeg Climate Action Plan* states: “*Facilitate compact, complete development and increase density*.”

The proposed plan of subdivision and rezoning application aligns with this Key Direction and with *OurWinnipeg* in general because it would facilitate a development that would increase the supply of new apartment-style dwelling units in a location that:

- Has the full range of municipal infrastructure;
- Is only approximately three kilometres from a range of retail sales and service uses; and
- Is serviced by public transit.

- Is immediately east of Ham Street;
- Is in the Grassie Neighbourhood and the Transcona Ward;
- Consist of two parcels of land that, together, are 53,667 square feet (1.23 acres);
- Contains two single-family dwellings and several trees;
- Is zoned “R1-L” Residential Single-Family (Large) and “RR5” Rural Residential 5;
- Is in the Existing Low Density Residential Policy Area of the *Transcona West Area Structure Plan*; and
- Is in a Recent Communities Policy Area of *OurWinnipeg* and *Complete Communities*.

Also of note is that the easterly parcel (311 Grassie) is subject to a City caveat that requires the portion of this property encompassing an existing public sidewalk (approximately 686 square feet) to be sold to the City of Winnipeg (in order to widen the Grassie Boulevard Public Street Right-of-Way accordingly).

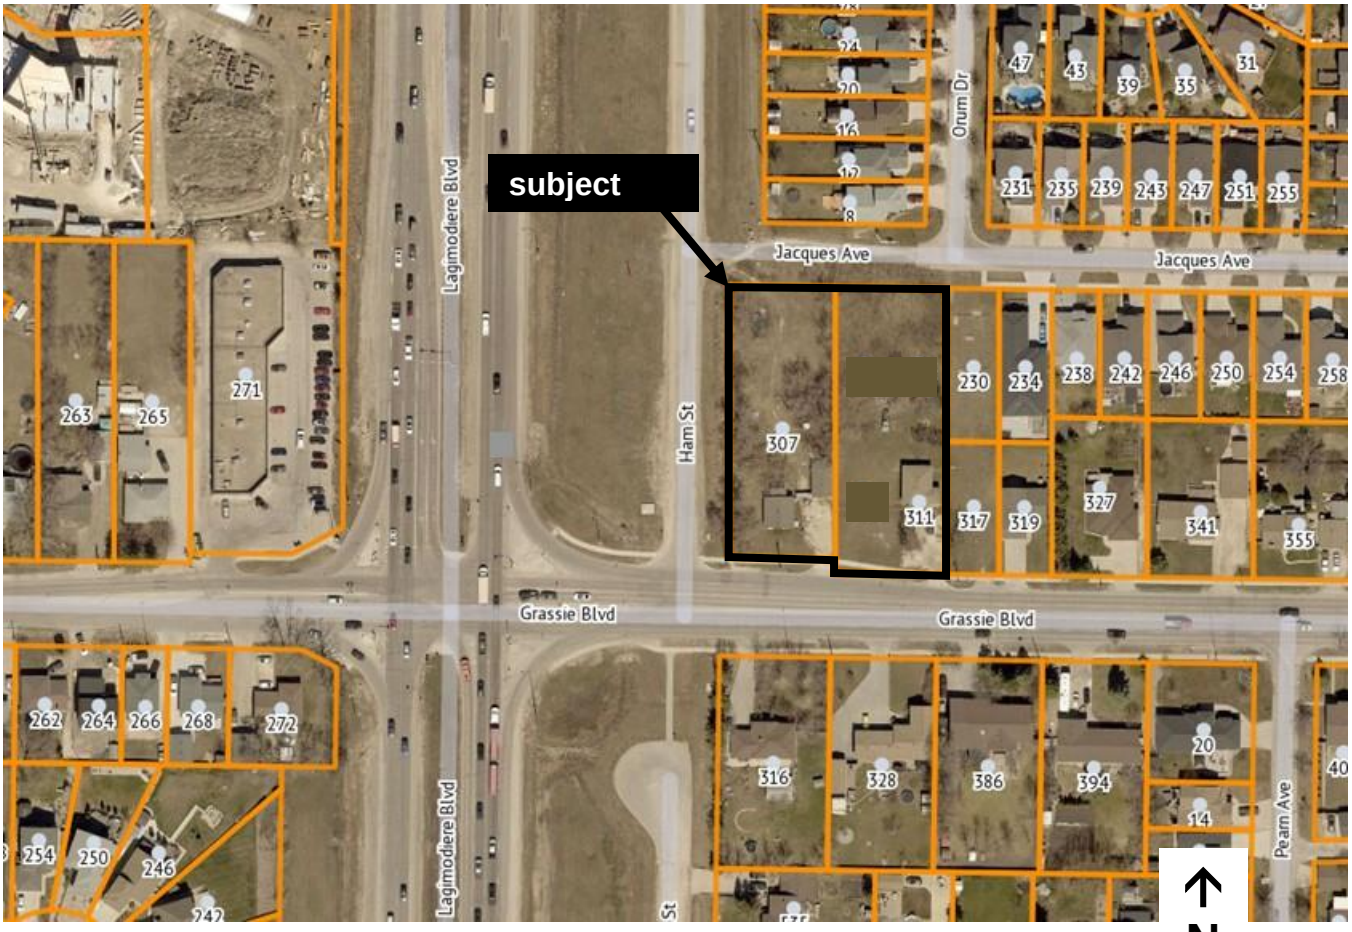

Figure 1: 2021 Aerial Photography & Existing Assessment

SURROUNDING LAND USE AND ZONING

The area in which the site is located is shown on Figures 1 and 2:

North: Jacques Avenue then single-family dwellings zoned "R1-M" Residential Single-Family (Medium).

East: Two vacant lots, one zoned "R1-M" Residential Single-Family (Medium) and one zoned "R1-L" Residential Single-Family (Large), then single-family dwellings, some zoned "R1-M" and some zoned "R1-L."

South: Grassie Boulevard then single-family dwellings zoned "R1-L" Residential Single-Family (Large).

West: Ham Street then Lagimodiere Boulevard, then a clinic, retail sales and service uses zoned "C2" Commercial Community.

Also of note:

- The site is in a neighbourhood with the full-range of municipal infrastructure and is approximately three kilometres north of retail sales and service uses alongside Lagimodiere.
- Grassie Boulevard, in front of the site, and Lagimodiere Boulevard are arterial roads.
- Multi-family developments are existing at and near the intersection of Grassie and Molson, which is approximately 415 metres west of the site.
- A public transit route is on Grassie Boulevard.

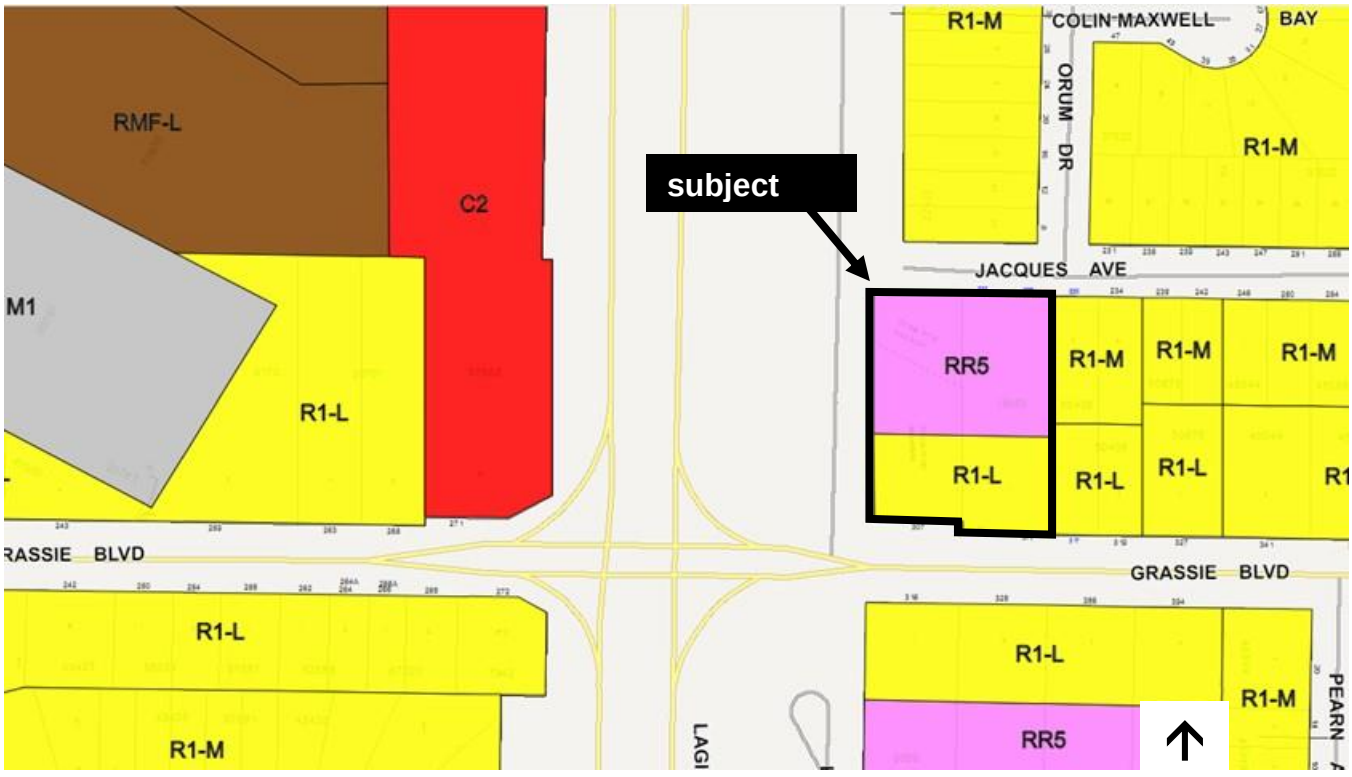

Figure 2: Existing Zoning

DESCRIPTION OF THE PROPOSED DEVELOPMENT

The proposed plan of subdivision and rezoning would create one "RMF-M" Residential Multi-Family (Medium) lot and one public street widening from the subject site.

The proposed lot would be developed as follows:

- A four storey multi-family dwelling containing 72 dwelling units would be built.
- 78 parking spaces would be built in the proposed building and 30 would be outside surface parking (a total of 108 spaces).
- All the existing structures and trees would be removed.
- 76 shrubs and 56 trees would be planted.
- All but five of the proposed trees would be planted alongside all of the lot limits.
- Motor-vehicle access would be from Grassie Boulevard.

The submitted plans show the following:

- One portion of the building would be four storeys and two portions would be three storeys plus a rooftop terrace;
- The four storey portion would be 42.5 feet in height and the three storey portions would be 31.5 feet in height, measured to the top of the roof surface.
- The portions with a rooftop terrace would be closer to the northern and eastern lot limits than the four storey portion.
- The proposed building's setbacks from the southern, western, northern and eastern lot limits would be 16.17 feet, nine feet, 20.71 feet and 44 feet, respectively.
- 51 of the proposed trees would be planted alongside all of the lot limits;

Also of note is the arborist's report, which states: *"...there are very few high value trees on these properties."* It also states that only nine trees are rated Class 5 (good or average) or higher.

Variances are needed to accommodate the proposed development. An application and an administrative report have been submitted. The report recommends approval of the application, which is File Number DAV 21-179290D.

PUBLIC ENGAGEMENT

The applicant submitted a document called *Community Information Meeting Summary.* It states and shows the following:

- A "Community Information Session" was held on September 24, 2020.
- 44 people signed the sign-in sheet at the Session.
- An exit survey was provided to the attendees.
- Most of those who filled out the survey strongly disagreed with the question: "*Do you support the Multi-Family Residential Project presented on the information boards*?"
- However, the proposed building shown on the drawings was six storeys.

- After the Community Information Session the proposal was revised to the current proposal, which is the subject of this report.

ANALYSIS AND ISSUES

OURWINNIPEG AND COMPLETE COMMUNITIES

OurWinnipeg is the City's development plan and *Complete Communities* is a "Direction Strategy" of *OurWinnipeg* that provides additional directions and policies on land use and development in the city.

The Key Direction of *OurWinnipeg* and *Complete Communities* that applies to the Recent Communities Policy Area is in the Areas of Stability sections of these plans. It states:

> *Enhance the quality, diversity, completeness and sustainability of stable neighbourhoods and expand housing options for Winnipeg's changing population.*

Certain policies under Direction 1 of the Areas of Stability section of *Complete Communities* apply to the proposal. They state:

- *Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complementary to the existing scale, character and built form.*
- *Promote the form of buildings and spaces that are sensitive to the community context and address the transition between new and existing developments.*
- *Encourage intensification to occur at centres and along corridors.*
- *Focus housing growth to areas that have municipal service capacity to support intensification, in addition to commercial and recreational amenities.*
- *Support Complete Communities by ensuring diverse and high quality housing stock.*
- *In order to meet the full life-cycle of housing needs within the community, promote a mix of housing type and tenure, such as duplexes, low rise apartments, secondary suites, semi-detached homes, townhouses.*

Direction 1 of Subsection 04-2, Recent Communities, states:

- *Within Recent Communities, intense and diverse development will be encouraged in Centres and Corridors.*

The plan of subdivision and rezoning application and the associated development proposal comply with the aforementioned Directions and policies for the following reasons:

- From a transportation perspective, the site is in an appropriate location for multi-family because Grassie Boulevard, in front of the site, and Lagimodiere Boulevard are arterial roads and because vehicle site access and egress would be from/to Grassie Boulevard only.
- The proposed development includes 1.5 parking spaces per dwelling unit, which would result in demand for on-street parking being relatively low.
- The proposed development will add 72 new apartment style dwelling units to the area.

- The portions of the proposed building that would be closest to existing residential properties would be only three storeys and 31.5 feet in height.
- Multi-family developments are existing at and near the intersection of Grassie and Molson, which is approximately 415 metres west of the site.
- 51 of the proposed trees would be planted alongside all of the site limits.
- Based on currently available information, the existing municipal servicing capacities (pipes and roads) can accommodate the proposed development.

TRANSCONA WEST AREA STRUCTURE PLAN

The key sections of the *Transcona West Area Structure Plan* that apply to the subject site, which is in an Existing Low Density Residential Policy Area, are as follows:

4.2 Application of Plan Policy

Section 5.0 of the Plan contains policies that apply to specific land use areas and symbols shown on Maps 3 and 4. Except where stated, policies contained within this plan apply primarily to those uses and plan elements identified on the Land Use Concept Map and the Almey - Ravelston Special Planning Area Map as "proposed".

The Land Use Concept contained within this plan recognizes and maintains the existing use of land or buildings as they are currently zoned and developed in accordance with the Zoning Bylaw.

Nothing in this Plan precludes the opportunity for the rezoning of uses shown on the Land Use Concept Map as "existing" to another category of land use.

6.1.2 Policies

(1) Low Density Residential Areas

(a) The required residential density to be achieved within the low density residential areas shall be a minimum of 10.0 units per gross developable hectare (4 units per gross developable acre) and a maximum of 17.3 units per gross developable hectare (7.0 units per gross developable acre).

(3) Application of Density Range

(a) At the Development Application stage, the density requirements of subsection 6.1.2(1) shall apply to…

(ii) Each Development Application submission in the community unless a developer can demonstrate that any inconsistency with the density requirements can be addressed through a future Development Application submission in the community.

The site is in the area designated Existing Low Density Residential that is north of Grassie Boulevard, as shown on Figure 3. City data shows that two dwelling units are on the subject site and that 303 dwelling units are in the rest of this area. City data also shows that this area is 58.1 acres.

Therefore, if the proposal proceeds, the number of dwelling units in the area would be 375 and the number of dwelling units per gross developable acre would be 6.5 (375/58.1).

This shows that the proposal complies with the *Transcona West Area Structure Plan*.

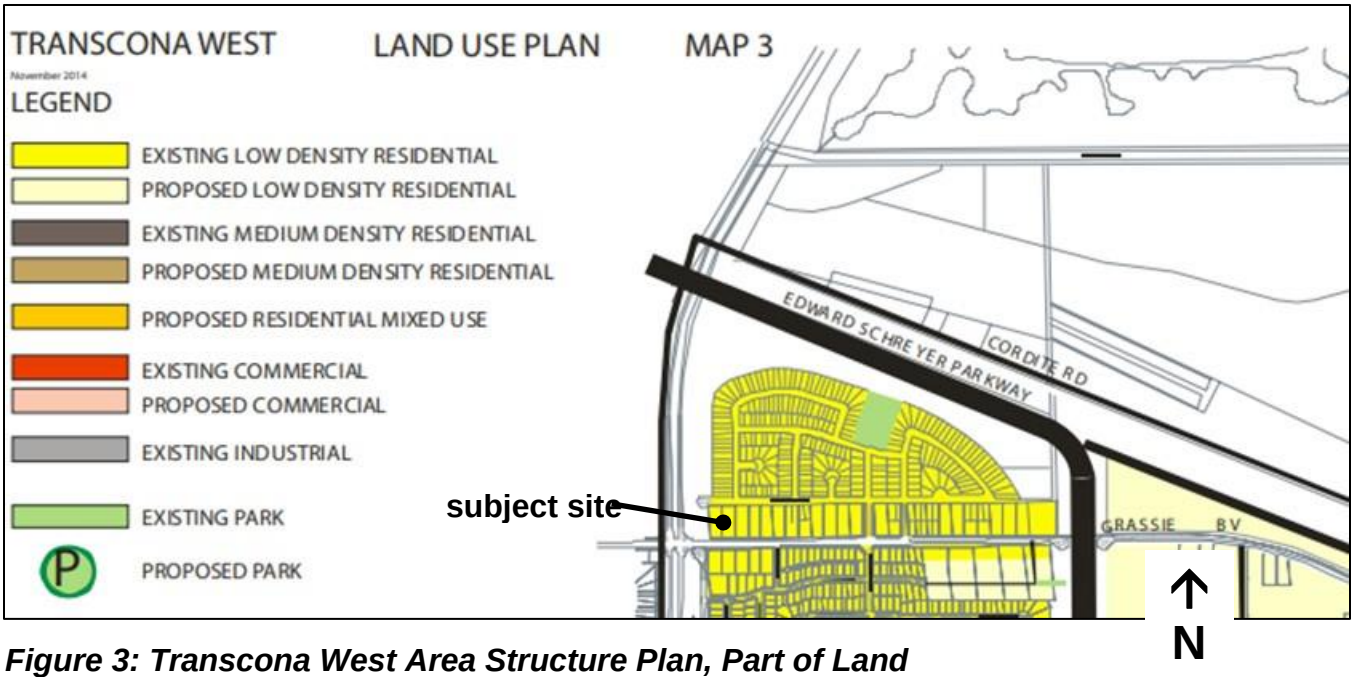

Figure 3: Transcona West Area Structure Plan, Part of Land

REASONS FOR THE RECOMMENDATIONS

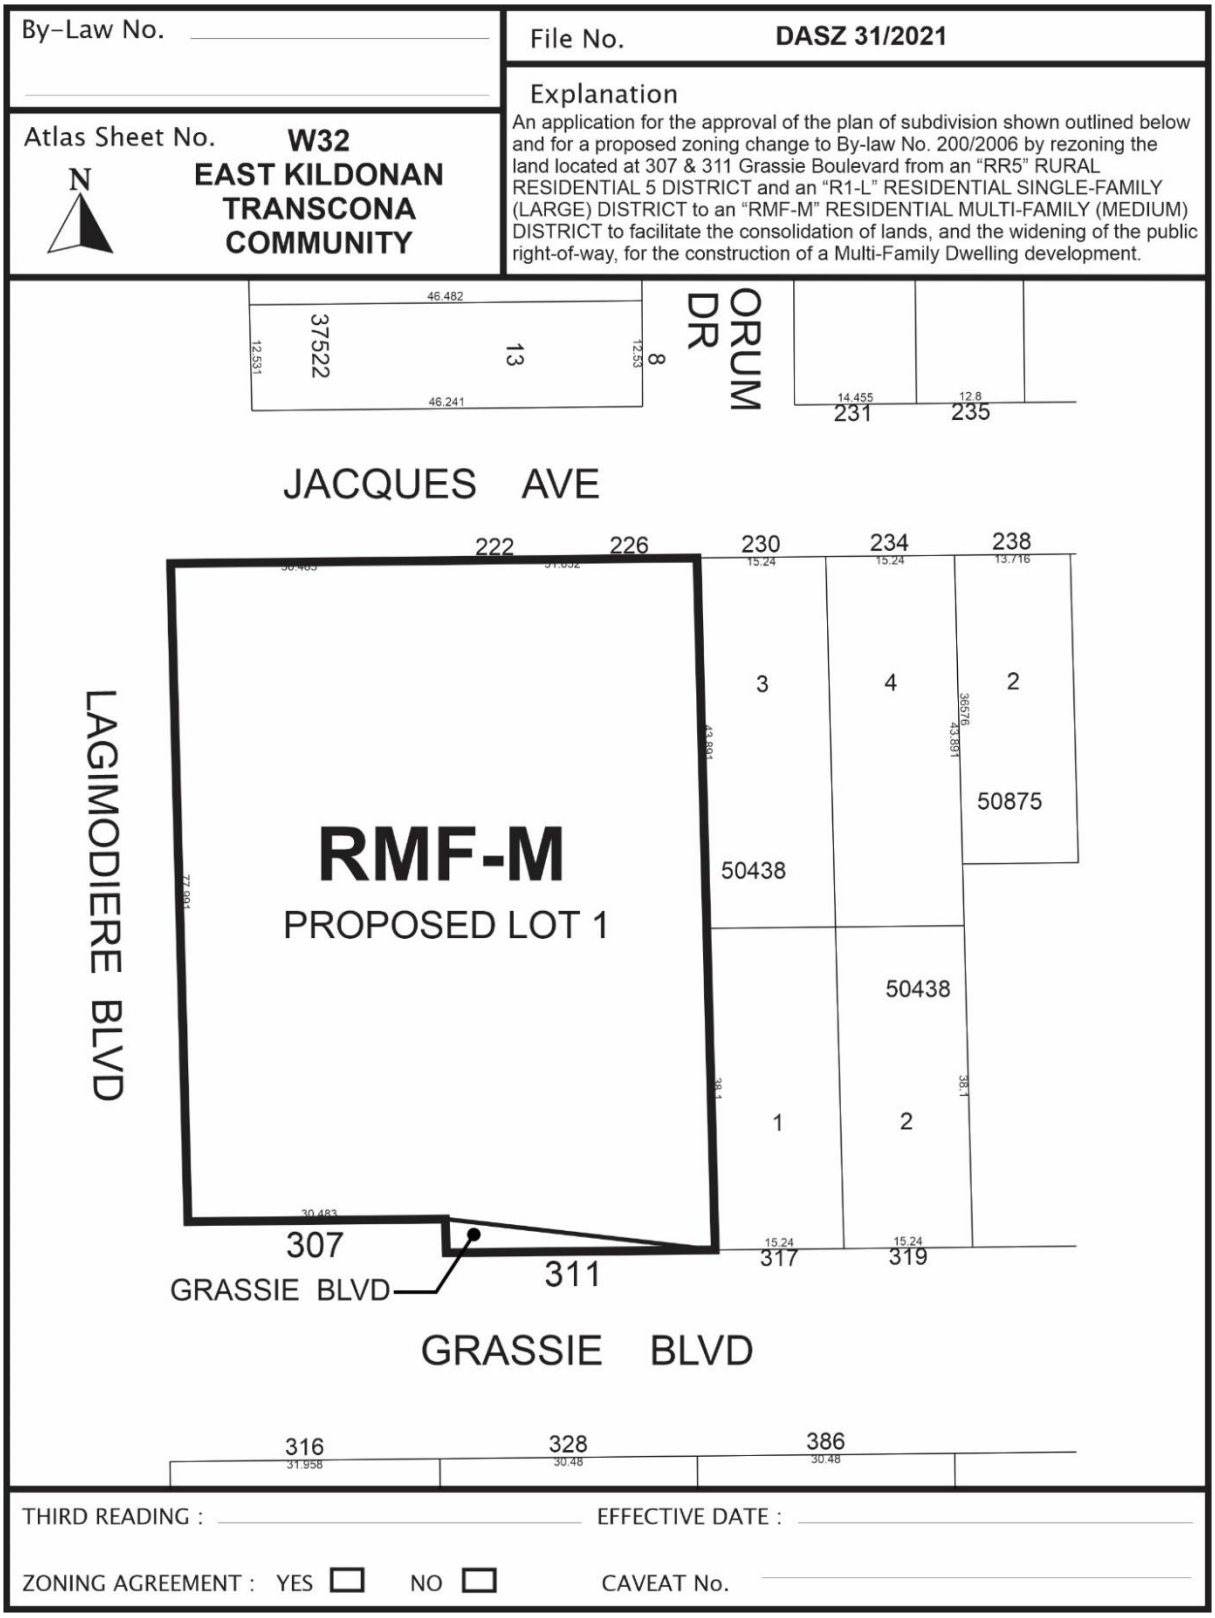

The Urban Planning and Design Division recommends approval of Schedule "A" to this report because:

- The proposed plan of subdivision and rezoning, and the associated development, comply with *OurWinnipeg*, *Complete Communities* and the *Transcona West Area Structure Plan*.

This Report Submitted by:
Planning, Property and Development Department
Urban Planning and Design Division

Report Prepared by: Glen Doney, RPP, MCIP
PPD File #: DASZ 31/2021

SCHEDULE "A" OF FILE DASZ 31/2021, East Kildonan – Transcona Community Committee,
dated October 4, 2021

SCHEDULE "B" – REPORT OF THE ADMINISTRATIVE COORDINATING GROUP
RE: PROPOSED SUBDIVISION AND REZONING OF LAND LOCATED AT 307 and 311 Grassie Boulevard,
dated September 14, 2021

It is recommended that the approval of DASZ 31/2021, if granted, be subject to the applicant entering into a Servicing Agreement and address the following items where applicable:

Section I – General Comments

1) Please note that the Developer shall be required to preserve and protect all existing trees within City-owned lands (including rights-of-way), and the Developer shall be required to compensate the City for any damage or removal thereof, as determined by Director of Public Works. Additional information can be found here:

   https://winnipeg.ca/publicworks/parksOpenSpace/UrbanForestry/PDF/Tree_Removal_Guidelines.pdf

2) The Water and Waste Department has advised that there is adequate water servicing and wastewater capacity for the proposed development (provided that wastewater flows are directed to Jacques Avenue), based on the plans of development provided. Additional review will be required by their Department should the plans of development change during the design process.

Section II – Engineering Studies

1) The Developer shall, at no expense to the City, conduct geotechnical investigations and develop pavement designs in accordance with the City's "Guidelines for Site Investigation Requirements for Public Works Street Projects", all to the satisfaction of the Director of Public Works.

Section III – Servicing Conditions

1) Grassie Boulevard

   The Developer shall pay its share of the cost of the following services previously installed by others in Grassie Boulevard, including but not limited to:

   i. Portland cement concrete pavement at and in the vicinity of the intersection of Grassie Boulevard and Lagimodiere Boulevard;
   ii. Boulevard landscaping;
   iii. Sidewalks;
   iv. Ornamental street lighting;
   v. Land drainage sewers;

vi. Traffic control signals at the intersection of Grassie Boulevard and McLellan Drive;

vii. Traffic control signals at the intersection of Grassie Boulevard and Lagimodiered Boulevard;

viii. Water mains; and,

ix. Wastewater sewers

All as determined by and to the satisfaction of the Director of Public Works and the Director of Water and Waste.

2) Jacques Avenue

(a) The Developer shall pay its share of the cost of the following services previously installed by others in Jacques Avenue, including but not limited to:

i. Land drainage sewers;

ii. Water mains; and,

iii. Wastewater sewers

All as determined by and to the satisfaction of the Director of Public Works and the Director of Water and Waste.

(b) The Developer shall, at no expense to the City, remove pavement and curb at the intersection of Jacques Avenue and Orum Drive and reconstruct the curb, boulevard and all related works, all as determined by and to the satisfaction of the Director of Public Works.

3) Regional Land Drainage System

The Developer shall pay to the City, in cash, prior to the release of subdivision mylars for registration in the Winnipeg Land Titles Office, their share of the cost of the regional land drainage system, as determined by and to the satisfaction of the Director of Public Works and the Director of Water and Waste.

4) Sidewalks

(a) The Developer shall, at no expense to the City, construct a 1.5m wide by 100mm thick Portland cement concrete sidewalk and all related works, on the standard alignment, 0.3m from the property line, on the south side of Jacques Avenue from the existing sidewalk to the pathway connection within the Jacques Avenue right-of-way, as determined by and to the satisfaction of the Director of Public Works.

(b) The Developer shall, at no expense to the City, construct an east-west asphaltic multi-use pathway within the Jacques Avenue right-of-way from the sidewalk on the south side of Jacques Avenue to Ham Street, and all related works including but not limited to bollards, landscaping, and fencing within private property, all as determined by and to the satisfaction of the

Director of Public Works. The pathway alignment and related works are to be designed to ensure vehicles are not permitted to access Ham Street from Jacques Avenue.

(c) The Developer is to permit the City to file a caveat against the title of each of these proposed lots abutting the Jacques Avenue right-of-way requiring the owners to maintain and/or replace the fence as originally constructed, to the satisfaction of the Director of Public Works.

5) Boulevards

(a) The Developer shall, at no expense to the City, sod and plant trees on all boulevards within and fronting on the Planned Area, as required, all in accordance with City specifications and guidelines and, where required, with concept plans prepared by the Developer and submitted to, and approved by, the Director of Public Works.

(b) The Developer shall, at no expense to the City, maintain the sod for a period of one year and the trees for a period of two years, in accordance with specifications approved by the Director of Public Works.

6) Construction Traffic

(a) The Developer shall ensure that construction traffic uses access routes determined by the Director of Public Works;

(b) The Developer shall, at no expense to the City, maintain those access routes in a clean, dust-free condition, free of dropped and tracked-on mud; and shall undertake the regular scraping and sweeping, of streets until building construction, including landscaping, is complete, all as determined by and to the satisfaction of the Director of Public Works.

7) Utilities

(a) The Developer shall, at no expense to the City, cause underground electrical and telephone services to be installed to serve the Planned Area and pay the full cost to convert any existing overhead services within the Planned Area to underground to the satisfaction of the Director of Public Works.

(b) The Developer shall pay all costs associated with the relocation of street lights and other utilities made necessary as a result of, or required to accommodate, the works to be constructed by the Developer to serve the Planned Area, as determined by and to the satisfaction of the Director of Public Works.

8) Litter and Refuse Control and Clean-Up

The Developer shall, at no expense to the City, and of its own volition, initiate and control the regular cleanup of litter and refuse related to construction and development of the Planned Area, both on-site and off-site, during the installation of services and construction of buildings, until completion of all construction, as determined by and to the satisfaction of the Director of Public Works.

9) Survey Monuments

(a) Subsequent to completion of the Planned Area, as determined by the Director of Planning, Property and Development, the Developer shall pay the full costs of having all survey monuments within the Planned Area verified and restored as required by a Manitoba Land Surveyor and shall prepare a Plan of Survey Perpetuating Certain Monuments, confirming the position of all the survey monumentation within the Planned Area, for filing in The Winnipeg Land Titles Office.

(b) Where the Director of Planning, Property and Development determines that all the survey monuments within the Planned Area have been found or restored to their original positions, the Director of Planning, Property and Development may waive the requirements for Plan of Survey Perpetuating Certain Monuments under clause (a).

Section IV – Costs and Fees

1) By-laws and Approvals

The Developer shall pay all of its and the City's costs, fees, and expenses associated with the preparation and attainment of approval for registration of the Zoning By-law(s) and plan(s) of subdivision, including all Municipal Board, Land Titles Office and other fees and expenses, all survey, engineering and advertising fees and costs, and all expenses incidental to the preparation of this Agreement and the physical development of the Planned Area.

2) Professional Fees

(a) The Developer shall pay the full cost of all design services, including preliminary engineering studies, servicing reports, servicing criteria, construction drawings and specifications, and grading and landscaping plans and specifications, to be provided by Consulting Engineer(s) approved by the City, for the design of the municipal services, parklands, parkways and associated works required to serve the Planned Area;

(b) The Developer shall pay the full cost of construction and landscaping supervision services provided by or on behalf of the City for field inspection, preparation of progress estimates, provision of as-built drawings by March 31 of the year following substantial performance of the work, and all other

engineering consulting services related to the installation and acceptance of municipal services, and all associated works to serve the Planned Area.

3) Administration Fees

The Developer shall pay to the City, prior to the release of the subdivision mylars for registration in the Land Titles Office, an administration fee plus applicable GST to help defray the City's administration and related costs associated with the preparation and implementation of the Development Agreement.
