EXECUTIVE SUMMARY

On September 30, 2020 Council concurred in the recommendation of the Executive Policy Committee and approved a rezoning under file DAZ 200/2020.

Council's approval of File No. DAZ 200/2020 included a requirement that the Developer enter into a Servicing Agreement to construct a sidewalk on the south side of Pacific Avenue between McPhillips Avenue and the proposed private approach, and other ancillary clauses as deemed necessary by the Director of Public Works.

After further discussion with the Developer, Public Works has subsequently determined that the proposed sidewalk is not required in Pacific Avenue, as the building use is not changing as a result of the rezoning application.

The Developer has submitted a request to amend the Council conditions under file DAZ 200/2020 to eliminate the requirement to construct a sidewalk on Pacific Avenue, and other ancillary clauses as deemed necessary; the Public Service supports this request.

6. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing

REASON FOR THE REPORT

Council approval is required to amend conditions imposed on a subdivision and rezoning application.

IMPLICATIONS OF THE RECOMMENDATIONS

If the Recommendation(s) are concurred in, the Developer will no longer be required to enter into a servicing agreement with the City to construct a sidewalk on the south side of Pacific Avenue, and all ancillary clauses as deemed necessary.

HISTORY/DISCUSSION

On September 30, 2020 Council concurred in the recommendation of the Executive Policy Committee and approved a rezoning under file DAZ 200/2020.

Council's approval of File No. DAZ 200/2020 included a requirement that the Developer enter into a Servicing Agreement to construct a sidewalk on the south side of Pacific Avenue between McPhillips Avenue and the proposed private approach, and other ancillary clauses as deemed necessary by the Director of Public Works.

Subsequent to Council's approval, Public Works has had additional discussions with the Developer with respect to the installation of a sidewalk. The Developer has confirmed that the building tenant fronting Pacific Avenue (Winnipeg Fire Paramedic Service) has not changed and they do not want to encourage pedestrian traffic in the vicinity of their overhead doors. Further, there are utility poles in the boulevard that would need to be relocated to accommodate the proposed sidewalk.

The Developer has submitted a request to amend the Council conditions under file DAZ 200/2020 to eliminate the requirement to construct a sidewalk on Pacific Avenue, and other ancillary clauses as deemed necessary; the Public Service supports this request.

Attn: **Greg Jasper,** Land Development Administrator

Dear Sir;

Re: LETTER OF INTENT
225/235 McPHILLIPS STREET & 1030 PACIFIC AVENUE

At City Council's meeting held on November 26, 2020, By-law No. 105/2020 was passed. This By-law requires MBT One 909 Inc., Owner of 225/235 McPHILLIPS STREET & 1030 PACIFIC AVENUE, to undertake certain work as described in Schedule "B", Section II – Servicing Conditions of the Administration's Report attached to the Council directive.

In subsequent discussions with the city administration, the Owner expressed its desire to have the requirement for a Servicing Agreement removed from the Council directive. Specifically, the Owner feels that the requirement to construct a sidewalk on the north side of the subject property, parallel to Pacific Avenue, be deleted for the following reasons:

1. A sidewalk along the north side of the Subject Property would not connect to any other property east of the Subject Property as no there is no existing sidewalk beyond the Subject Property.
2. The path of a sidewalk in this area would be interrupted by the Subject Property's main electrical transformer.
3. More importantly, the Owner's long-term tenant (Winnipeg Fire Paramedic Service) does not want pedestrian traffic in close proximity to their main overhead door entrance. The WFPS use this space for cleaning and restocking of ambulances on a 24/7 basis. There are numerous vehicles accessing and departing these premises during the day.
4. On September 29,2021 Council concurred in the SPCPD recommendation to declare the Ross Avenue right-of-way surplus to the City's needs and enter into an agreement of Purchase and Sale with the Owner. As this property is immediately adjoining the Subject Property, we believe that one agreement be entered into that encompasses the entire property, including 225/235 McPHILLIPS STREET & 1030 PACIFIC AVENUE and ROSS AVENUE (east of McPhillips Street).

The Owner is respectfully requesting that Council's Directive be amended by deleting the requirement for a Servicing Agreement as referenced in its November 26, 2020 Order.

Yours truly,

Wayne Bollman
