DECISION MAKING HISTORY:

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On February 16, 2022, the Executive Policy Committee passed the following motion:

WHEREAS in April 2020 City Council delegated the authority to the Director of Planning, Property and Development to consider and make decisions on "C" conditional use and variance applications which would otherwise be considered by the Board of Adjustment;

AND WHEREAS the delegation of authority was made in response to the COVID-19 pandemic in order to limit the number of meetings which have to occur in the Council Chamber;

AND WHEREAS on October 28, 2021, City Council changed that delegation of authority from the Director to the relevant community committee;

AND WHEREAS the Planning, Property and Development Department has advised that applications referred to community committee take approximately 60-90 days for consideration as opposed to an average of 34 days when considered by the Director;

AND WHEREAS it is estimated that the delegation of authority to community committees will result in an average of 5 additional public hearings per committee, per month, adding more time to what are already lengthy meetings;

AND WHEREAS continuing the delegation of authority to the Director of Planning, Property and Development to consider and approve "C" conditional use and variance applications will lead to faster decision-making while maintaining the right for applicants or residents to appeal these decisions to the Appeals Committee;

AND WHEREAS the Appeals Committee is comprised of elected City Councillors who hear appeals on a rotational basis.

THEREFORE BE IT RESOLVED:

1. That the Development Procedures By-law No. 104/2020 be amended to allow for the temporary delegated authority to the Director of Planning, Property and Development to consider and make decisions on 'C' conditional use and 'C' variance development applications, by resolution of Council.
