On July 19, 2017 Council adopted the Board of Revision Practices and Procedures Manual and directed a review of the Manual to be undertaken five years after implementation.

On September 29, 2021 Council received as information the Board of Revision Audit which contained 17 recommendations for the City Clerk's Department to address to improve the Board of Revision processes.

Amendments to the Board of Revision Practices and Procedures Manual require Council approval.

IMPLICATIONS OF THE RECOMMENDATIONS

The Board of Revision Practices and Procedures Manual will be updated in accordance with recommendations 1, 2, 3, 4, 5, 6, and 14 of the of the Board of Revision Audit submitted to Council on September 29, 2021.

The implementation of the recommendations will also satisfy the requirement for review of the Manual five years after its adoption, as directed by Council on July 19, 2017.

HISTORY/DISCUSSION

The Municipal Assessment Act of Manitoba requires Council to appoint a Board of Revision to hear applications for revision (appeals) of property and business assessments. In a typical general reassessment year, which occurs every two years, the Board of Revision will hear over 5,000 appeals in a period of approximately six months, representing a total assessed value in excess of $16 billion.

The Municipal Assessment Act further provides that:

> "A board may determine the rules of practice and procedure to govern the conduct of business before the board or a panel of the board, but the rules do not come into force until approved by the council of the municipality."

On July 19, 2017 Council adopted the Board of Revision Practices and Procedures Manual which formalized key processes, procedures, roles and responsibilities and performance management functions for the Board of Revision. Council further directed that a review of the Manual be undertaken five years after its adoption.

The 2019 - 2020 Strategic and Audit Plan submitted to Council on April 25, 2019, indicated that a performance audit of the Board of Revision would be undertaken in 2019 to review the property assessment appeal process by evaluating the quality of information and support provided to the Board, adherence to governing authorities, and communication and consistency of rendered decisions. The findings of the Audit submitted to Council on September 29, 2021, contained 17 recommendations for improvements to the Board of Revision practices and procedures and one recommendation for the Assessment and Taxation Department to enhance its communication to residents with the Assessment Notices. The majority of the recommendations regarding the Board of Revision require amendments to the Board of Revision Practices and Procedures Manual.

This report is recommending that the updated Board of Revision Practices and Procedures Manual (Attachment A) with the changes noted in red be adopted to address recommendations 1, 2, 3, 4, 5, 6, and 14 of the of the Audit. Recommendation 7 to appoint a Deputy Chair, was implemented on May 27, 2021. An additional report to address the implementation of the remaining 9 recommendations under the purview of the City Clerk's Department will be submitted to Council by the end of the second quarter of 2022.
