This application is contingent on DAC 13/2003, an application to close the portion of Cleveland Street adjacent to No. 2401 Inkster Boulevard. If the applicant for DAC 13/2003 purchases the portion of the street adjacent to his property, the turnaround area on Cleveland will not be required.

REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

The streets proposed to be closed were created in 1907. Mobile Street and the portion of Cleveland Street adjacent to the property at 2401 Inkster Boulevard are paved and used by the adjacent property owners for access. Wolf Avenue and the balance of Cleveland Street do not physically exist, and serve no apparent public purpose.

In May of 2003, the Planning, Property and Development Department received a request from Jennifer Bailey, representing Mr. Alfredo Santos of Al-San Underground Ltd. to purchase the portions of the streets adjacent to his property.

This proposal has been circulated and notice of the public hearing has been posted under Application No. DAC 8/2003. Additional opening requirements have been incorporated into the proposal and the application is now filed as DAOC 4/2003.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

The Transportation Division of the Public Works Department has advised that industrial type turnaround areas will be required at the northerly termini of Cleveland and Mobile Streets. These areas are to be dedicated as public street.

This application is contingent on Application No. DAC 13/2003, an application by Mr. William Stolar to purchase the portion of Cleveland Street illustrated on the attached Misc. Plan No. 11932. If either application is rejected, or if either applicant decides not to proceed with the purchase of the property, the authority given by this Committee will be exercised differently. For example, Mr. Santos will not be required to dedicate land for the turnaround at the north terminus of the proposed closing of Cleveland Street shown as "Proposed Openings" on the attached Misc. Plan No. 11917/1 if Mr. Stolar acquires the balance of the street. Conversely, if Mr. Santos does not acquire the portion of Cleveland Street, the ramifications of closing the lesser portion of Cleveland will have to be reviewed, and Mr. Stolar's application may not proceed.

Easements

Manitoba Hydro has advised that there are Hydro, MTS, and Shaw Cable facilities in portions of the streets proposed to be closed. An easement area or areas will be required for the maintenance of these facilities. No improvements other than paving or fencing will be allowed in these easement areas.

Transfer of Jurisdiction Over Public Rights-of-Way

The streets must be legally closed before they may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
