Report - Standing Policy Committee on Property and Development - June 8, 2004

Item No. 12 Subdivision and Rezoning - land located on the north side of Foley Avenue at Gibbs Street
File DASZ 5/2004 [c/r DAC 4/2004]

STANDING COMMITTEE RECOMMENDATION:

On June 8, 2004, the Standing Policy Committee on Property and Development concurred in the recommendation of the Lord Selkirk-West Kildonan Community Committee and submits the following to Council.

1. That the plan of subdivision proposed under File DASZ 5/2004 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File DASZ 5/2004 dated March 30, 2004, for registration in the Winnipeg Land Titles Office, subject to the following:

   A. That the Developer enter into an Addendum to Development Agreement AG 20/98 in accordance with the report from the Administrative Coordinating Group dated March 31/2004.

2. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

3. That The Winnipeg Zoning By-Law No. 6400/94 be amended by rezoning the subject land as outlined on Schedule "A" for File DASZ 7/2004 dated March 30, 2004, to a "R1-3.5" Residential District and "PR-1" Parks and Recreation.

4. That lots with rearage on Foley Avenue [future extension of Chief Peguis Trail (Kildonan Corridor)] shall provide a minimum rear yard of 22.5 metres.

5. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

6. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary by-law in accordance with the above.

Report - Standing Policy Committee on Property and Development - June 8, 2004

7. That the subdivision section of the by-law shall come into force and effect upon execution by the City of Winnipeg of the Servicing Agreement.

8. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.

9. That the Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

10. That in the event that the necessary City of Winnipeg mylar approval signatures have not been secured within twenty-four (24) months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.

Dear Ms. Diane Timmins:

SUBDIVISION AND REZONING
N/S Foley Avenue @ Gibbs Street
Lord Selkirk - West Kildonan Community Committee
File No. DASZ 05/04

An application has been received from Novamet Development Corporation (Lynn Jones) for approval of a plan of subdivision and related zoning change to amend By-Law No. 6400/94 by rezoning the land shown below from an "M2" Industrial District and an "R1-20" Single-Family District to an "R1-3.5" Single Family District and "PR-1" Parks and Recreation District.

RELATED FILES: DASZ 20/98; DASSF 513/04; DAZ 215/04; DAC 4/2004

SITE DESCRIPTION:

Site Area: The site area is approximately 5.96 acres.

Existing Land Use and Zoning: Vacant lands zoned “M2” Industrial District and “R1-20” Single-Family District.

Surrounding Land Use and Zoning:

North: Vacant land zoned “R1-4” with a proposal to rezone to “R1-3.5”
South: Vacant land zoned “M2” (proposed Chief Pequis Trail Kildonan Corridor extension west of Main Street).
East: Mostly vacant; zoned “R1-20”
West: Winnipeg Beach CPR Rail line; vacant land zoned “A”

DEVELOPMENT DESCRIPTION:

The applicant intends to subdivide and rezone the subject property from an “M2” Industrial District and an “R1-20” Single-Family District to an “R1-3.5” Single Family District and “PR-1” Parks and Recreation District. The lands will then be included with the proposed Riverbend South residential subdivision to the north. The future residential lots will front onto Wisteria Way and back onto the proposed Chief Peguis Trail Kildonan Corridor extension west of Main Street.

Proposed Lot 2 will remain “M2” Industrial. This lot is the north section of Foley Avenue that is subject to a road closing by-law. Manitoba Hydro owns a corridor of land that is 8.084 metres wide that runs parallel to the CPR Tracks immediately north and south of Foley Avenue. The Manitoba Hydro corridor is currently zoned “M2” and lot 2 will be transferred to Manitoba Hydro.

A triangular section of lot 1 on the eastern edge of the property will be rezoned to “PR-1” Parks and Recreation to match the proposed zoning for the adjacent land to the north. The lands to the north are approximately 3.88 acres of wetland that has a historic significance, and is a habitat for the boreal chorus frogs.

PLAN WINNIPEG:

The proposed concept complies with Plan Winnipeg in that a residential rezoning is allowed in Neighbourhood Policy Areas. The development constitutes infill development and supports compact urban form.

ADMINISTRATIVE COMMENTS:

The Department supports single family residential uses on the subject lands. The proposed use is consistent with the surrounding residential uses. The applicant intends to construct a variety of new single family dwellings that will diversify the housing stock and provide residents with different options.

Public Works has recommended a special rear yard setback be established to provide sound attenuation for the future Chief Peguis Trail, which will be south of Foley Avenue. The original rezoning for DASZ 20/1998 allowed for rear yards of a minimum 17.5 metre rear yards, in addition to a 20 metre (width) road widening reserve. The Developer also was given the option to construct a sound attenuation berm along the future corridor extension and reduce the road widening reserve to 10 metres (width). This second option would require the minimum rear yards be increased to 27.5 metres. The Developer has indicated they will be constructing a berm along the south end of the lots fronting Wisteria Way. The north half of Foley Avenue will be closed and sold to the Developer. Public Works is now prepared to support a rear yard of 22.5 metres as a setback from Foley Avenue to any habitable portion of the dwellings on Wisteria Way.

RECOMMENDATION:

A. That the plan of subdivision proposed under File No. DASZ 05/2004 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 05/2004, attached hereto and dated March 30, 2004, for registration in the Winnipeg Land Titles Office, subject to the following:

    1. That the Developer enter into an Addendum to Development Agreement AG 20/98 in accordance with the ACG's report dated March 31/04.

B. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

C. That Zoning By-Law No. 6400/94 be amended by rezoning the subject land as shown on Schedule "A" for File No. DASZ 7/2004, attached hereto and dated March 30, 2004, to a "R1-3.5" Residential District and "PR-1" Parks and Recreation.

D. That lots with rearage on Foley Avenue (future extension of Chief Peguis Trail (Kildonan Corridor) shall provide a minimum rear yard of 22.5 metres.

E. That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

F. That the City Solicitor be requested to prepare the necessary by-law in accordance with the above.

G. That the subdivision section of the by-law shall come into force and effect upon execution by the City of Winnipeg of the Servicing Agreement.

H. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office **provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.**

I. The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

J. In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within 24 months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.

Final

Yours truly,

C. Knoll

Re: Proposed subdivision and rezoning on land located south of Wisteria Way east of the Canadian Pacific Railway – DASZ 5/04

An application has been submitted by Novamet Development Corporation to subdivide and rezone land located south of Wisteria Way east of the Canadian Pacific Railway. The land is surplus to the City's needs for the Chief Peguis Trail and is located immediately south and adjacent to the land covered under Development Agreement AG 20/98 with Novamet Development Corporation.

It is recommended that the Developer amend its plan by delineating the triangular parcel created by extending the western boundary of the City's future wetland park southerly across the subject land as Public Reserve. This land will be zoned "PR1" Parks and Recreation District.

It is recommended that approval of the amended plan be subject to the Developer entering into an Addendum to Development Agreement AG 20/98 as follows:

1. By attaching the approved plan of subdivision to the development agreement;
2. By adding a clause requiring the Developer to pay cash in lieu of dedication of land in accordance with City policy. (The Developer will receive a credit of approximately 6.4% against the land dedication requirement of 8.0% in consideration of the triangular Public Reserve being dedicated to the City.)
3. By adding clauses requiring the Developer to construct a berm and a sound attenuation fence at the rear of all residential lots backing onto the future Chief Peguis Trail.
4. By adding a clause requiring the Developer to pay $1,200.00 per acre to defray the City's administration and related costs associated with the preparation and implementation of the Addendum.
5. By adding a clause requiring the Developer to pay the TSR applicable to the land being developed. The 2004 rate is $11,352.00 per acre.
