SUMMARIZATION OF REPRESENTATIONS AND SUBMISSIONS
MADE AT THE PUBLIC HEARING

Carol Vandal, appeared in support of the application, on behalf of the applicant. She advised Committee the rezoning application was necessary in order to establish a pharmacy and medical clinic on the ground floor, which are compatible "C2" uses with the area. Ms Vandal stated concurrence in the recommendations outlined in the report of the Manager of Planning and Land Use dated April 30, 2004 with the exception of the requirement for the ten percent (10%) land dedication. In this connection, Ms Vandal requested that the land dedication fee be waived inasmuch as their client, the Society for Manitobans with Disabilities, is a not for profit organization. In response thereto, the Chairperson stated the waiver for the ten percent (10%) land dedication is applicable only for seniors organizations, and that the land dedication fee is payable on the increased value of the land only and not on the entire value.

Maxine Kehler, on behalf of the Society for Manitobans with Disabilities, also appeared in support of the application, and advised Committee that she has been informed by the Administration that the ten percent (10%) land dedication will amount to $10,000.00.

Dear Ms. Diane Timmins:

REZONING
825 Sherbrook
Lord Selkirk - West Kildonan Community Committee
File No. DAZ 224/04

An application has been received from Shelter Canadian Properties (Carol Vandal) to amend By-Law No. 6400/94 by rezoning the land shown below from a “RM-L” Multiple Family Residential District to a “C2” Commercial District for commercial uses.

SITE DESCRIPTION:

Site Area: 0.749 acres (3,032 square metres)

Existing Land Use and Zoning: Multi Tenant Office zoned "RM-L"

Surrounding Land Use and Zoning:

North: Across Bannatyne, single family dwellings zoned "RM-L"
South: Across rear public lane, multiple family dwelling zoned "RM-L".
East: Across Furby Street, Sacre Coeur School "RM-L".
West: Across Sherbrook Street, Health Science Centre zoned "C2"

DEVELOPMENT DESCRIPTION:

The applicant is proposing to convert the ground floor into a pharmacy and medical clinic. The entrances will use the existing doorways on Bannatyne and the rear public lane. A new entrance door will be added to connect the pharmacy to Sherbrooke. The entire project will take up 3,235 square feet – the pharmacy will be 1,665 square feet and the medical clinic 1,570 square feet.

PLAN WINNIPEG:

The proposed concept complies with Plan Winnipeg in that a commercial rezoning is allowed in Neighbourhood Policy Areas.

ADMINISTRATIVE COMMENTS:

The Planning and Land-Use Division supports the rezoning application. The proposed "C2" zoning category accurately represents the existing office uses that have long been in the building. There are existing "C2" Commercial land-uses along Sherbrooke Avenue, and Furby Street near the Health Science Centre, which is an high traffic area supporting intensive commercial lands uses.

Ground floor commercial will help add character to the street and encourage pedestrians. "C2" commercial is also appropriate for this location given the regional nature of the HSC directly across the street. The building can be converted back into a residential use and the ground floor commercial activity would still be compatible given the character of Sherbrooke at this location.

There are also a number of "C2" uses that would not be appropriate for this location given the characteristics of the surrounding area. These uses are generally considered intensive commercial

users with associated sound, smells and/or visual impacts that would be detrimental to the adjacent residents. These uses would also be detrimental to the pedestrian characteristics of Sherbrook Street at this site.

Signage is a particular concern considering the close proximity of the residential dwellings directly to the north and south. It would not be appropriate to have signage on the north side of the building since it may cause a negative impact on the neighbours. Flashing signage and free standing signs in excess of the allowable amount would also prove detrimental to the adjacent residents.

The applicant has also applied for a variance to allow a change of use. This would permit the applicant to establish the proposed medical clinic and drug store immediately while the rezoning by-law continues its process towards Council. A variance is also required for substandard parking on the subject property for the proposed uses.

RECOMMENDATION:

That By-law 6400/94 be amended by rezoning the subject land as shown on Schedule “A”, for file DAZ 224/04, attached hereto and dated, April 30, 2004, to a “C2” Commercial District subject to the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Subsection 240(1) of The City of Winnipeg Charter Act, to provide for the following:
