Agenda - Executive Policy Committee - June 16, 2004

Report - Standing Policy Committee on Property and Development - June 8, 2004

Item No. 40 Marketing and Sale – All Residential Properties Acquired for Operational Use – Delegation of Authority to Accept/Finalize Offers Files FI-2.1 and FI-2.4

STANDING COMMITTEE RECOMMENDATION:

On June 8, 2004, the Standing Policy Committee on Property and Development concurred in the administrative recommendation and submits the following to Council:

1. That the Director of Planning, Property and Development be authorized to:

    A. Commence marketing all surplus residential tax sale property including the Subject Properties listed in the report from the Director of Planning, Property and Development dated June 3, 2004, and all residual surplus properties acquired for operational use, in accordance with the City's standard terms and conditions for the sale of residential property,
    B. Establish the reserve sale pricing based upon internal market appraisals,
    C. Pay real estate commissions to a maximum of three (3) percent.

2. That the Chief Administrative Officer, or her designate, be authorized to accept and finalize Offers to Purchase that are:

    A. In accordance with the City's proposed terms and conditions
    B. Have a value (reserve sale price) of up to $100,000.00
    C. Have an offered price that is not less than ninety (90) percent of the reserve price

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Agenda - Executive Policy Committee - June 16, 2004

Report - Standing Policy Committee on Property and Development - June 8, 2004

DECISION MAKING HISTORY:

STANDING COMMITTEE RECOMMENDATION:

On June 8, 2004, the Standing Policy Committee on Property and Development concurred in the administrative recommendation and submitted the matter to the Executive Policy Committee and Council.

Re: Proposed Marketing and Sale of Residential Properties (Improved and Vacant Lands)
Various Communities
Various Wards

For submission to: **Standing Policy Committee on Property and Development**

Original report signed by: **Director of Planning, Property and Development**

Report date: June 3, 2004

Recommendation(s):

1. That the Standing Policy Committee on Property and Development authorize the Director of the Planning, Property and Development Department to:
   Commence marketing all surplus residential tax sale property; including the Subject Properties listed herein, and all residual surplus properties acquired for operational use, in accordance with the City's standard terms and conditions for the sale of residential property,
   Establish the reserve sale pricing based upon internal market appraisals,
   Pay real estate commissions to a maximum of 3 %, and

2. That, subject to the approval of Recommendation No. 1, Council delegate to the Chief Administrative Officer, or her designate, the authority to accept and finalize Offers to Purchase that are:
   In accordance with the City's proposed terms and conditions,
   Have a value (reserve sale price) of up to $100,000.00, and
   Have an offered price that is not less than 90% of the reserve price

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REPORT SUMMARY

Key Issues:

The Department is experiencing an increased volume of tax sale acquisitions of vacant and improved residential properties.

Winnipeg Housing and Homelessness Initiative as well as the Manitoba Housing and Renewal Corporation would be offered first choice of surplus residential properties in their respective areas.

All remaining residential properties need to be marketed as expeditiously as possible in order to sustain the Land Operating Reserve Account.

The implementation of the strategy proposed herein would expedite the sales, reduce the holding costs and enhance the realty tax base.

Implications of the Recommendation(s):

General implications:

- [X] None
- [ ] For the organization overall and/or for other departments
- [ ] For the community and/or organizations external to the City of Winnipeg
- [ ] Involves a multi-year contract

Comment(s):

Policy implications:

- [X] No
- [ ] Yes

Comment(s):

Environmental implications:

- [X] No
- [ ] Yes

Comment(s):
Given the previous residential use, these properties are not considered to be impacted by any environmental concern. However, the City's standard terms and conditions of sale do protect the City's interests in this regard

Human resources implications:

- [X] No
- [ ] Yes

Comment(s):

Financial implications:

- [X] Within approved current and/or capital budget
- [ ] Current and/or capital budget adjustment required

Comment(s):

REASON FOR THE REPORT:

Under the City Organization Bylaw, the Standing Policy Committee on Property and Development has authority to approve terms and conditions respecting land sales, including terms and conditions where there has been no delegation to the Director of the Planning, Property and Development Department. By this Report, the Department is seeking the approval

of the Committee to the proposed terms and conditions of sale, and to the payment of commissions. The Department is also seeking approval of Council to delegate authority to the Chief Administrative Officer to accept and finalize the resultant Offers to Purchase.

HISTORY:

At present, the Planning, Property and Development Department has the following delegated authorities to deal with residential sales:

To approve sales of small, unbuildable lots for consolidation purposes– Council July 21, 1993;

To approve sale or lease of lands to non-profit organizations, providing they meet specific criteria – Council October 31, 1990.

Historically, properties to be sold are acquired primarily in Tax Sale, although some have been acquired for City purposes that have since been abandoned, resulting in surplus properties. In the last five years there has been a significant increase in Tax Sale properties, many of which are improved.

The Subject Properties were primarily acquired in Tax Sale, with some having been declared surplus through the subdivision of City-owned property.

DISCUSSION:

It is City Policy that the net sale proceeds of these residential properties be deposited in the Land Operating Reserve Account. These proceeds are viewed as a major source of revenue. However, due to the trend in the past five years of increased tax sales, the cost of which is also borne by the Land Operating Reserve, this account is being depleted. It is therefore imperative to maximize the opportunities to generate sale proceeds in order to sustain the Land Operating Reserve.

It is also imperative that the sale of improved properties be expedited in order to limit the City's liability and to facilitate the timely sale of surplus property/dwellings. To accomplish these goals, the Planning, Property and Development Department recommends that authority be delegated to the Chief Administrative Officer to accept and finalize sales in accordance with the recommendations of this Report. The Chief Administrative Officer may, in turn, further delegate this authority to the Director of Planning, Property and Development Department.

The Director of Planning, Property and Development Department requires instructions from the Standing Policy Committee on Property and Development to commence the marketing of the Subject Properties, including the establishment of reserve sale pricing and the payment of real estate commissions of 3%.

The sale prices will be determined after a thorough review of appraisals, based on comparative sales in the area of the property to be sold and the assessed value. However, it should be noted that the assessed value does not always accurately correspond with true market value.

By this report, the Planning, Property and Development Department is proposing a strategy that will expand the authority of the Department to achieve maximum sales, as follows:

In the case where surplus City-owned residential property is not required by the Winnipeg Housing and Homelessness Initiative or the Manitoba Housing and Renewal Corporation,

The terms and conditions of sale will be based upon the City's standard terms plus site-specific conditions as required.

The properties will be marketed, at a minimum, through the Planning, Property and Development Website, the Winnipeg Free Press and the Winnipeg Sun.

Commissions will be provided to realtors, to a maximum of 3 % of the accepted offered price, in order to facilitate sales.

That the authority to approve the reserve prices and any subsequent price adjustments, and the authority to approve and finalize all resulting Offers to Purchase, up to a value of $100,000.00, be delegated to the Chief Administrative Officer, with the expectation that this authority would be further delegated to the Director of Planning, Property and Development. This would require Council approval. This will include the Subject Properties listed herein, as well as other surplus properties acquired through tax sale and residual surplus properties acquired for operational purposes.

All sales will be reported to the Standing Policy Committee on Property and Development on a quarterly basis.

The implementation of the strategy will enable the Planning, Property and Development Department to expedite sales and maximize the generation of sales proceeds to the Land Operating Reserve Account. Further, it will facilitate improved customer service.

Given that, typically, the properties developed with dwellings are of a condition that is not suitable for occupancy until substantial renovations or upgrading have been performed, the ability to expedite a sale will reduce the risks and costs associated with holding properties in a vacant state.

In the event that any Offer to Purchase is not in accordance with the proposed strategy, and the Director deems it worthy of further consideration, it will be referred to the Standing Policy Committee on Property and Development.

No consultation was required in the preparation of this report.

Financial Impact Statement

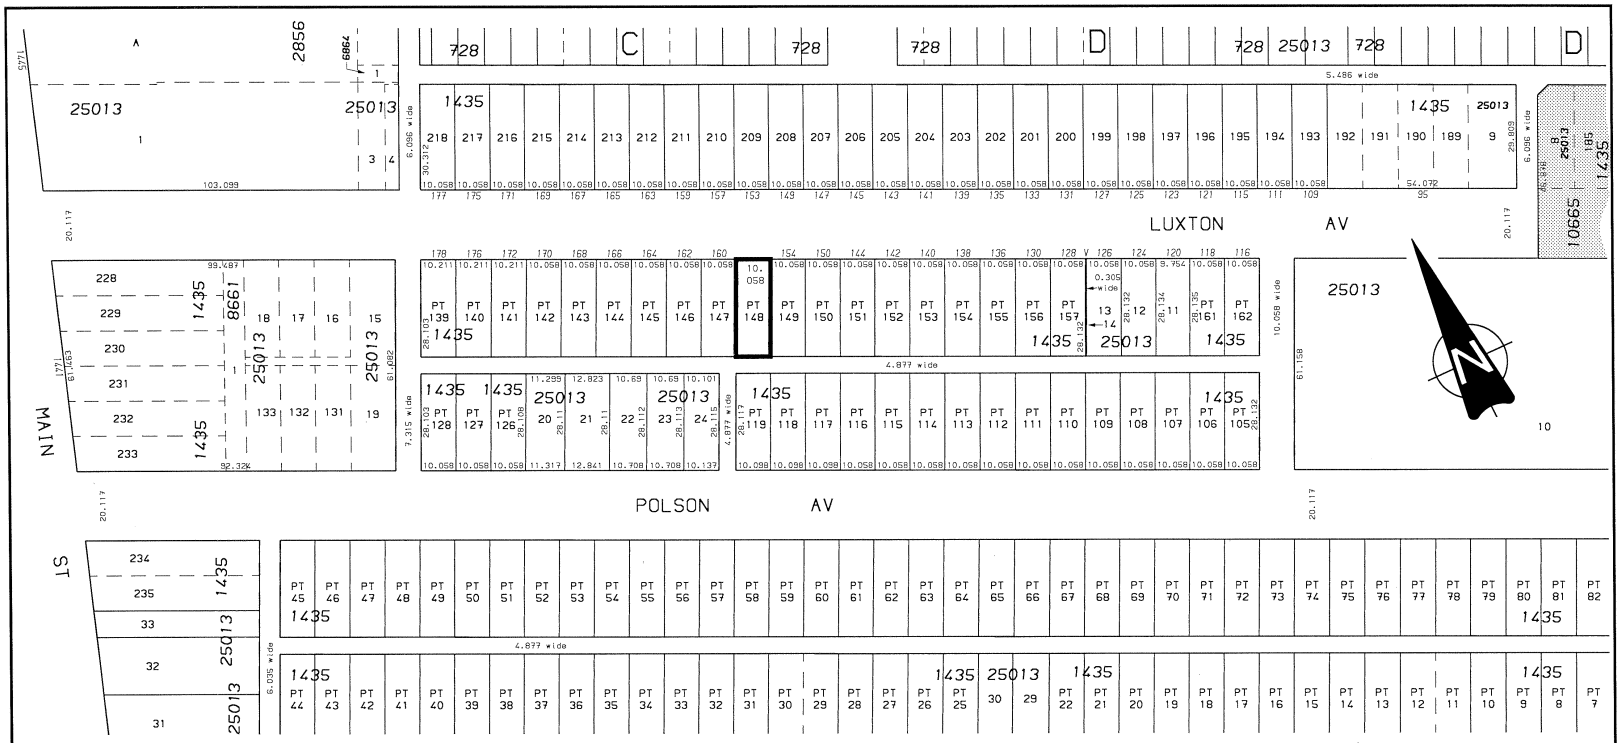

Date: May 26, 2004

COMMENTS:

The recommendations contained within this report involve requests to grant authority to the Director of P, P & D to market and sell certain properties and that authority to accept and finalize offers to purchase, subject to certain conditions, be delegated to the CAO. Approval of these recommendations will have no direct financial impact on the City at this time. Any future financial impact is likely to be net proceeds to the Land Operating Reserve Fund; however, quantification of any potential net receipts is not possible at this time.
