Comments in writing: Audit #2: Signals blunders in the headlines: Mr. Mansky is already stretched thin. It seems very wrong to throw this failure of the management of city staff into his lap. Are there no performance reviews among public works staff? Is everyone so afraid of hurt feelings that we must shield our eyes from even the most blatant mistakes? Perhaps the October election will bring in new faces, with the backbone to fix what is wrong. The years of delay on this topic prove that this will does not exist now at city hall.
