REASON FOR THE REPORT

All costs associated with the openings are the responsibility of the Public Works Department, are within the approved current and/or capital budget, and are considered immaterial in nature.

HISTORY/DISCUSSION

The Public Service is proceeding with an application to open the east and west sides of King Edward Street, on the north side of Dublin Avenue to facilitate necessary physical works undertaken as part of the bridge/culvert over Omand's Creek, which improvements were identified under the Waterway Crossings and Grade Separations Annual Program (the "Program").

At its meeting of December 16, 2020, Council approved the 2021 Capital Budget which included funding for the Program. Inspections conducted by the Public Works Department identified the need for physical upgrade work to the bridge/culvert crossing Omand's Creek at King Edward Street and Dublin Avenue. The upgrades resulted in the need for the openings identified on Misc. Plan No. 15812, attached to this report as Appendix A. An aerial view of the proposed openings is also shown in Appendix B.

Manitoba Hydro advised that it has existing facilities that will be located within the proposed openings. Hydro, Centra Gas, BellMTS, Bell Canada, Shaw Cablesystems, Rogers Communications, TC Energy, Fibre.Ca Inc., Crown Pipeline Ltd., and the Canadian Pacific Railway Company have all indicated that they have no concerns or objections. Telus Communications, Canadian National Railway, Imperial Oil, and Teraspan Networks did not respond to the request for comment on this application.

Plan 6454, registered in the Winnipeg Land Titles Office on February 9, 1957, opened King Edward Street, and Plan No. 6669 registered in the Winnipeg Land Titles Office on December 13, 1947, opened Dublin Avenue.

The Ward Councillor was notified as to the intentions of the Public Service.
