Agenda – Council – June 23, 2022

Report – Executive Policy Committee – June 15, 2022

Item No. 6 Results of the March 14, 2022 Advertisement of the Proposed Asphaltic Concrete Lane Pavement Local Improvement Project (St. Boniface Ward)

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On June 15, 2022, the Executive Policy Committee concurred in the recommendation of the Winnipeg Public Service and submitted the following to Council:

1. That the following Local Improvement Project proceed as part of the Local Improvement Program which is funded 50/50 through the Local Improvement Program and the Public Works Granular Roads Capital account, namely:

Local Improvement	***Location***
Asphaltic Concrete Lane Pavement 16’ x 5”	On the east-west lane in the block bounded by Kavanagh Street, Giroux Street, Dufresne Avenue, and east of the Seine River.

2. That a by-law to authorize the proposed local improvements outlined in Recommendation 1 of this Report (draft by-law attached as schedule ‘A’), be enacted.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report – Executive Policy Committee – June 15, 2022

DECISION MAKING HISTORY:

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On June 15, 2022, the Executive Policy Committee concurred in the recommendation of the Winnipeg Public Service and submitted the matter to Council.

COMMUNITY COMMITTEE RECOMMENDATION:

On May 24, 2022, the Riel Community Committee concurred in the recommendation of the Winnipeg Public Service and forwarded the matter to the Executive Policy Committee.

ADMINISTRATIVE REPORT

Title: Results of the March 14th, 2022 advertisement of the proposed Asphaltic Concrete Lane Pavement local improvement project.

Critical Path: Riel Community Committee – Executive Policy Committee - Council

AUTHORIZATION

EXECUTIVE SUMMARY

This Administrative Report provides information regarding local improvement advertisement and subsequent objections that have been returned to the City of Winnipeg by property owners.

This report addresses the proposed local improvement and communicates the results of the local improvement advertisement to the area Councilors. The local improvement proposed in this report has not received sufficient objections to defeat the project and therefore is considered successful.

The Public Service recommends that this local improvement project proceed as part of Local Improvement program in conjunction with the City of Winnipeg's pilot project for Asphalt Lane Pavement.

RECOMMENDATIONS

1. That the following Local Improvement Project **proceed** as part of the Local Improvement Program which is funded 50/50 through the Local Improvement Program and the Public Works Granular Roads Capital account, namely:

Local Improvement	***Location***
Asphaltic Concrete Lane Pavement 16' x 5"	On the east-west lane in the block bounded by Kavanagh Street, Giroux Street, Dufresne Avenue, and east of the Seine River.

2. That City Council enact a by-law to authorize the proposed local improvements outlined in Recommendation 1 of this Report. (draft by-law attached as schedule 'A')

3. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Since this proposed Local Improvement Project is within the Riel Community and St. Boniface Ward boundary, the Riel Community Committee is requested to review and provide a recommendation to Council as to whether the proposed Local Improvement Project should proceed.

A by-law to authorize the proposed local improvement projects is required in order for the said local improvement projects to proceed, and only Council may enact a by-law.

IMPLICATIONS OF THE RECOMMENDATIONS

Budget for the proposed local improvement is within the local improvement capital budget and the Public Works Granular Road capital accounts.

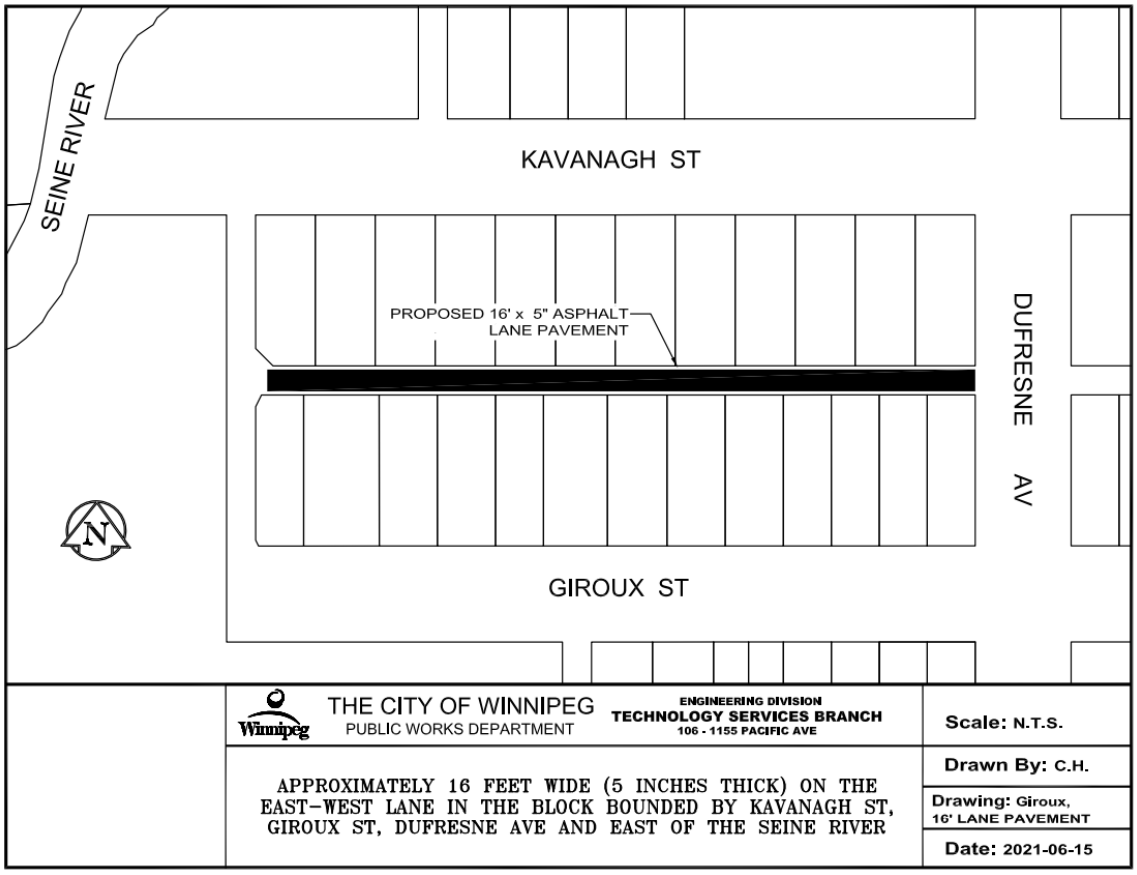

HISTORY/DISCUSSION

On July 19, 2018, City Council, adopted the recommendation that the Granular Lane Improvement program be extended for resident-initiated Local Improvements to pave granular lanes with asphaltic concrete based on a first come, first serve basis.

Council further directed that the current Local Improvement process be amended by extending the pilot project, adopted by Council on November 20, 2013, for an additional six years, expiring in 2024, whereby the City of Winnipeg will finance asphalt local improvements to the maximum of 50% of the total costs for asphaltic concrete pavement and consistent with current practice, the City will finance the cost of land drainage sewer required to implement the Local Improvement, and that the $1,000,000 Granular Lane Improvement Program Fund (2018 Adopted Capital Budget 2-23) and the $500,000 Land Drainage Sewers fund (2018 Adopted Capital Budget 2-231) continue to be utilized as a funding source for the City's share of the amended Local Improvement Program.

Asphaltic Concrete Lane Pavement 16' x 5"
Approximately 16 feet wide (5 inches thick) on the east-west lane in the block bounded by Kavanagh Street, Giroux Street, Dufresne Avenue, and east of the Seine River.

On November 1, 2021, a "Petition For" was issued to Leslie Wilkinson who resides at 473 Giroux Street for a proposed Asphaltic Concrete Lane Pavement Local Improvement Project within the Riel Community and St Boniface Ward boundary which is depicted in the following drawing:

A Filing Deadline of January 30th, 2022 was determined for the *"Petition For"* form to be returned to the City Clerk's Department. (90 days after the first signature is dated on the *"Petition For" form).*

The Assessment and Taxation Department received the *"Petition For"* form from City Clerk's Department on November 9, 2021. As the petition was signed by the registered owners representing 67.69% of the total assessable frontage, it was recommended that this project proceed to be advertised.

On January 5, 2022 the Riel Community Committee received as information that the proposed Asphaltic Concrete Lane Pavement Local Improvement Project be advertised.

On March 14th, 2022, this proposed local improvement project was advertised in the Winnipeg Free Press newspaper.

Per Section 409 of The City of Winnipeg Charter, the deadline set for objections to the proposed local improvement must be at least 30 days after the notice is published. A deadline of April 13th, 2022 was published for filing of objections for this proposed Local Improvement Project. Subsequent to the advertisement, the Manager of Taxation and Finance confirmed that a "*Notice of Objection"* was not requested, however, letters of objection were received by the City Clerk's Department.

The City Clerk's Department received the signed *"Letter of Objections"* before the advertisement deadline of April 13, 2022.

In compliance with Section 125 of *The City of Winnipeg Charter*, it was ascertained and certified by the Manager of Taxation and Finance that the signatures obtained from the benefiting registered property owners on *"Letter of Objections"* represent 8.06% of the total assessable frontage, as summarized below:

Total Assessable Frontage	988 Feet
Less City Share	0 Feet
Total Assessable Frontage (City Share Factored Out)	988 Feet
Petitioners Object Represent	79.6 Feet
Percentage Signed	***8.06%***

In analysis it has been noted that two property owners submitted letters of objection, the total frontage feet for these two properties totaled 79.6 feet. The Public Service has considered all objections received in the calculation of the percentage during the advertisement period.

Per Section 411 of *The City of Winnipeg Charter,* where registered owners of at least 3/5 (60%) of the total real property that is to be benefited by a proposed local improvement object to the local improvement, the proposed local improvement must not be proceed with.

Given the result of 8.06%, and that the 3/5 threshold for objections has not been met, the Winnipeg Public Service recommends that this project **proceed** as part of the Local Improvement Program in conjunction with the City of Winnipeg's pilot project for Asphalt Lane Pavement. This project will be funded 50/50 through the Local Improvement Float and Public Work's Granular Roads Capital Account.

It is estimated that the total cost of the project is $225,000.00 of which 41.72% is to be recovered from the registered property owners' share.

Net Budget Adjustment Required	$ -	$ -	$ -	$ -	$ -

Additional Comments:

1. Capital expenditures required represent the estimated construction cost for these local improvements which will be funded by the 2020 Local Improvement Program and the 2022 Local Street Program.
2. The costs to be recovered from the registered property owners is 41.72%. Note that this project has a local improvement term of 10 years and therefore the recoverable amount will be fully included on the property tax bills of the respective property owners in the year of tax imposition, expected to start in 2024. Recovery from property owners is $12,400 per year using the Local Improvement Financing Rates of 3.75% plus 1% administration fee. The Recovery from property owners beyond 2026 is $86,798.
3. Annual Debt & Finance Charges are calculate at 6.28% interest per annum over the term of each local improvement. The Debt & Finance charges beyond 2026 is $179,110.
4. Incremental Revenue/Recovery represents the corporate administration and interest overheads.
