If the recommendation is concurred in, the Developer will be allowed a time extension to April 26, 2023, to complete the necessary registrations at the Winnipeg Land Titles Office.

HISTORY/DISCUSSION

On December 11, 2013, Council adopted Item No. 2 of the Report of the Standing Policy Committee on Property and Development, Heritage and Downtown Development dated December 3, 2013 which recommended approval of a subdivision and rezoning to a "C4" Commercial Regional District under Winnipeg Zoning By-Law 200/2006. See Appendix "A" map attached.

Recommendation 5 contained in the report stipulates:

> "That in the event the matter is not proceeded with expeditiously and the by-law is not passed within two years after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of the two-year period and Council approves the extension."

The necessary by-law was not passed and the two-year period was due to expire on December 11, 2015.

On February 24, 2016, Council adopted Item No. 12 of the Report of the Standing Policy Committee on Property and Development, Heritage and Downtown Development dated February 16, 2016 which recommended approval of an extension of time for the enactment of the necessary rezoning by-law be extended to September 30, 2016.

On November 16, 2016, Council adopted Item No. 14 of the Report of the Standing Policy Committee on Property and Development, Heritage and Downtown Development dated November 8, 2016 which recommended approval of an extension of time for the enactment of the necessary rezoning by-law be extended to December 30, 2016.

On March 22, 2017, Council adopted Item No. 7 of the Report of the Standing Policy Committee on Property and Development, Heritage and Downtown Development dated March 7, 2017 which recommended approval of an extension of time for the enactment of the necessary rezoning by-law be extended to April 28, 2017.

On April 26, 2017, By-law No. 27/2017 was enacted by Council. Section 3 of By-law No. 27/2017 stipulated the following:

Coming into force

3(1) Section 1 comes into force when The City of Winnipeg executes the Development Agreement referred to in that section, which execution notwithstanding passage of this By-law shall remain in the absolute discretion of City Council.

3(2) Section 2 comes into force when the plan of subdivision is registered in the Winnipeg Land Titles Office and Zoning Agreement DASZ 33/2013 is registered in the Winnipeg Land Titles Office by caveat against the subject land within one year from the date this By-law is passed, failing which this By-law will expire unless an extension of time is applied for prior to expiry, Council approves the extension, and the caveat is registered before the extended date.

On July 19, 2018, Council adopted Item No. 17 of the Report of the Standing Policy Committee on Property and Development, Heritage and Downtown Development dated June 25, 2018 which recommended approval of a fourth extension of time in order to complete the necessary registration of the Plan of Subdivision and the required Zoning Agreement DASZ 33/2013 by caveat in the Winnipeg Land Titles Office.

On July 18, 2019, Council adopted item No. 9 of the Report of the Standing Policy Committee on Property and Development, Heritage and Downtown Development dated June 24, 2019 which recommended approval of a fifth extension of time in order to complete the necessary registration of the Plan of Subdivision and the required Zoning Agreement DASZ 33/2013 by caveat in the Winnipeg Land Titles Office.

On May 29, 2020, Council adopted item No. 12 of the Report of the Standing Policy Committee on Property and Development, Heritage and Downtown Development dated May 21, 2020 which recommended approval of a sixth extension of time in order to complete the necessary registration of the Plan of Subdivision and the required Zoning Agreement DASZ 33/2013 by caveat in the Winnipeg Land Titles Office.

On June 24, 2021, Council adopted item No. 15 of the Report of the Standing Policy Committee on Property and Development, Heritage and Downtown Development dated June 8, 2021 which recommended approval of a seventh extension of time in order to complete the necessary registration of the Plan of Subdivision and the required Zoning Agreement DASZ 33/2013 by caveat in the Winnipeg Land Titles Office.

By-law No. 27/2017 has not come into force by the registration of the Plan of Subdivision and the required Zoning Agreement in the Winnipeg Land Titles Office which includes the final execution of the required Development Agreement. The Development Agreement has been finalized by the City and was provided to the Developer to execute and return back to the City. The By-law's current time limit expired on April 26, 2021.

On April 20, 2022, the applicant Mr. Justin Zarnowski of Shindico Realty Inc., 200 – 1355 Taylor Avenue, Winnipeg, Manitoba, R3M 3Y9 on behalf of the Developer, 2514109 Manitoba Limited, submitted a request for an extension of time in order to complete the necessary registrations at the Winnipeg Land Titles Office. See Appendix "B" attached.

The Winnipeg Public Service has reviewed this request for an extension of time and is of the opinion that approval of the subject extension of time would be acceptable and circumstances leading to the original approval remain unchanged.

DASZ 33/13 – Extension of Time

Please be advised that we are requesting a further extension of time for the above subdivision and rezoning of one year. This application was brought as part of an area process which the City of Winnipeg asked the owner, and the owner agreed to participate in. This allowed certain regional infrastructure to be installed, including the extension of Reenders, which to date as been paid by the owner of this parcel.

Significant changes have occurred with respect to retail developments such that the original concept is no longer economically feasible and this has required significant changes to the servicing plans. The rise in e-commerce and more recently the pandemic have resulted in very little demand for "mid-box" retail space, which sizes range from 10,000 to 50,000 sq. ft.

We will continue to engage with our civil engineers at Stantec, as well as the City administration and are committed to finalizing this process during this extension.

Yours truly,
