Agenda – Council – July 21, 2022

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – July 4, 2022

Item No. 2 Annual Review of Part II Section 3 (Land Value) of the 2002 Development Agreement Parameters

STANDING COMMITTEE RECOMMENDATION:

On July 13, 2022, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Property and Development, Heritage and Downtown Development and submitted the following to Council:

1. That the annual market value for Part II, Section 3 (Land Value) of the Development Agreement Parameters be $130,000 per acre for Non-Industrial developments.

2. That the annual market value for Part II, Section 3 (Land Value) of the Development Agreement Parameters be $70,000 per acre for Industrial developments.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – July 4, 2022

DECISION MAKING HISTORY:

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On July 13, 2022 the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Property and Development, Heritage and Downtown Development and submitted the matter to Council.

STANDING COMMITTEE RECOMMENDATION:

On July 4, 2022, the Standing Policy Committee on Property and Development, Heritage and Downtown Development concurred in the recommendation of the Winnipeg Public Service and submitted the matter to the Executive Policy Committee and Council.

ADMINISTRATIVE REPORT

Title: Annual Review of Part II Section 3 (Land Value) of the 2002 Development Agreement Parameters

Critical Path: Standing Policy Committee on Property and Development, Heritage and Downtown Development – Executive Policy Committee – Council

AUTHORIZATION

EXECUTIVE SUMMARY

According to Part II, Section 3 (Land Value) of the 2002 Development Agreement Parameters, the City is required to annually determine the appraised market land value for raw acreage that has imminent development potential.

An appraisal was completed, and the Public Service is recommending that the 2022 appraised market value be $130,000 per acre for Non-Industrial land, and $70,000 per acre for Industrial land. The recommended values increased from the previous year based on market value increases.

RECOMMENDATIONS

1. That the annual market value for Part II, Section 3 (Land Value) of the Development Agreement Parameters be $130,000 per acre for Non-Industrial developments.

2. That the annual market value for Part II, Section 3 (Land Value) of the Development Agreement Parameters be $70,000 per acre for Industrial developments.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Pursuant to Part II, Section 3 (Land Value) of the Development Agreement Parameters adopted by Council on July 17, 2002, the cost or value of land acquired by the City through Development Agreements is to be determined annually by the City.

IMPLICATIONS OF THE RECOMMENDATIONS

The City's cost to purchase land in accordance with Part II, Section 3 (Land Value) of the Development Agreement Parameters will increase from the previous year.

HISTORY/DISCUSSION

On July 17, 2002, Council adopted the Development Agreement Parameters; Part II, Section 3 (Land Value) which states:

> "The cost or value of land will be determined by the City annually upon the appraised market value of raw acreage that has imminent development potential."

The interpretation of the phrase "imminent development" is considered to be lands, recently purchased, with a development expectation within the foreseeable future (approximately one to three years), as opposed to any immediate development.

The Land Value section of the Parameters is applied to several clauses within Part II, Section 18 (Street Rights-of-Way).

An internal appraisal was completed, and the Public Service recommends that the 2022 appraised market value be $130,000 per acre for Non-Industrial land, and $70,000 per acre for Industrial land. The recommended values have increased from $115,000 and $45,000 respectively from the previous year based on market value increases.
