*****Please complete Part B of this application*****

Tuxedo Community Centre is beautifully situated in the heart of tuxedo, surrounded by small businesses and people in every phase of life. The TCC is the only community club serving such a large and diverse area. It is and has always been run by passionate volunteers, doing what they can for their neighbourhood.

Within the last year, there has been a shift of priorities- one from using what we have, to dreaming what it could be. Our north and south rink were in desperate need of an upgrade, and thankfully the north will be completely refurbished with new hardware, sanding, board upgrades, player box and paint! Also, the south rink is getting new asphalt and subfloor this year, correcting drainage and creating a new multiuse space all year round. No longer will it sit empty spring, summer, fall. Instead, we plan to add basketball nets and pickle ball courts to attract a more diverse and wide variety of actives to the community club.

Through the process of asphalting, it became very clear the base of the boards were in need for replacement. The bottom half was soft and molding, making it very hard to remove in order to properly create a sub floor for the new rink. We have money set aside for this project, as well as some private fundraising.

We are requesting support to purchase new boards and fencing for the south rink at Tuxedo Community Centre. New boards will create stability and longevity, as well as freshen the entire space. Our goal is not to create a new rink with great boards, our goal is to have summer camps and a place to play. It's to have a safe area to meet other community kids while playing basketball, or to learn a new sport. Our desire is to continue to bring people together outside of organized play and having a new rink would continue to support that need in our area.

Thank you for your consideration, we look forward continue to see what we can do together.

Warm regards,

[redacted]
President, Tuxedo Community Centre
