EXECUTIVE SUMMARY

On January 30, 2020, Council passed a motion to adopt the Welcoming Winnipeg: Reconciling our History Policy. This policy was developed to guide the City in making decisions regarding requests to create new, add to, or remove/rename historical markers and place names and resolve the absence of Indigenous histories and contributions in the stories remembered and commemorated. Welcoming Winnipeg will proactively utilize a lens of balance, inclusion, and Indigenous perspectives.

On February 12, 2021, a formal Welcoming Winnipeg request form was unveiled to the public; a request to create a new historical marker acknowledging the western terminus of the Dawson Trail, which was located in St. Boniface, was submitted. This marker will be part of a larger Interpretive Corridor that will extend from St. Boniface to Lake of the Woods, and will highlight traditional place names and seek to tell stories from the perspectives of Métis, Frist Nations and early French-speaking settlers of the area.

This policy aligns at a municipal level with Truth and Reconciliation Commission (TRC) Call to Action #43 and the United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP), particularly Article 15:

1. Indigenous peoples have the right to the dignity and diversity of their cultures, traditions, histories and aspirations which shall be appropriately reflected in education and public information.
2. States shall take effective measures, in consultation and cooperation with the Indigenous peoples concerned, to combat prejudice and eliminate discrimination and to promote tolerance, understanding and good relations among Indigenous peoples and all other segments of society.

After careful consideration, the Committee of Community Members (CCM) is recommending that Council support this request. Funding for the new historical marker has been secured by the applicant.

RECOMMENDATIONS

1. That the new proposed marker be installed in the St. Boniface Ward subject to:

    A. The text for the new marker, once finalized, be reviewed and supported by the Committee of Community Members prior to installation, which will be done in consultation with the Public Service.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

On January 30, 2020, Council concurred in the recommendation of the Executive Policy Committee (EPC) that the recommendations of the community member-based committee be forwarded to EPC and then to Council for final decision.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of this report are concurred in, a new historical marker will be placed in the ward of St. Boniface; the exact location is still to be determined, with costs fully funded by the applicant.

HISTORY/DISCUSSION

Decision-making history

On January 30, 2020, Council passed a motion to adopt the Welcoming Winnipeg: Reconciling our History Policy. This policy was developed to guide the City in making decisions regarding requests to create new, add to, or remove/rename historical markers and place names and resolve the absence of Indigenous histories and contributions in the stories remembered and commemorated. Welcoming Winnipeg will proactively utilize a lens of balance, inclusion, and Indigenous perspectives.

As recommended in this policy, the inaugural Committee of Community Members (CCM) was established in August 2020; a key function of this committee is review requests to change historical or place names and provide a recommendation to the Executive Policy Committee (EPC) and Council for final decision.

On February 12, 2021, a formal Welcoming Winnipeg request form was unveiled to the public; a request to create a new historical marker acknowledging the western terminus of the Dawson Trail, which was located in St. Boniface, was submitted. This marker will be part of a larger Interpretive Corridor that will extend from St. Boniface to Lake of the Woods, and will highlight traditional place names and seek to tell stories from the perspectives of Métis, Frist Nations and early French-speaking settlers of the area.

Considerations for this naming request

The CCM reviewed the decision-making history and the information provided by the applicant (summarized in Appendix A) and then as a delegate at the committee's April 19, 2022, meeting. Additionally, the public input that was collected over a two-week period was provided to the CCM to consider as part of their recommendation-making process. An overview of the feedback collected has been included in a Public Engagement Summary Report (Appendix B).

The CCM considered how this request meets the following definition of a "Welcoming Winnipeg" request, which was created through two phases of public engagement in 2019 and was refined by the CCM. A Welcoming Winnipeg request is one that:

- Ultimately achieves a balanced perspective/story;
- Honours Indigenous peoples as the original peoples of this land and the contemporary context in which Indigenous peoples continue to have relationship with this land;
- Promotes Indigenous reclamation of land, space and/or language;
- Offers an educational opportunity; or,
- Supports telling the complete history of Winnipeg.

Utilizing the Welcoming Winnipeg Request Assessment Tool (Appendix C), the CCM identified the following as key considerations:

1. Welcoming Winnipeg
    - It was determined that this request meets many aspects of the Welcoming Winnipeg definition; this marker will contribute to preserving and promoting the significant heritage of the Dawson Trail from the perspectives of Métis, First Nations and early French-speaking settlers. Further, the applicant is aiming to move beyond the colonial narrative of the trail's role in connecting the east and west; rather, they will explore the trail's impact on the people of the area.
2. Research and Rationale
    - This request is part of a larger project to develop an Interpretive Corridor from Winnipeg (Saint-Boniface) to the Lake of the Woods – so the version of the story as told by the people would never be forgotten. 15 markers will highlight traditional place names in Michif and French, with some Anishinabe and Cree, and will tell some of the more famous stories and some of the least known stories of the Dawson Trail. A series of small exhibits along the trail will create more mini-destinations to discover.
    - Per the applicant's submission: all content is being discussed and vetted by our Content Sub Committee which involves representatives from the Métis and Anishinabe nations.
3. Community Support
    - With respect to the public input process, in response to the question: "Do you think the Committee of Community Members should support this request", 100% of respondents to the online survey said 'yes'. There were 4 responses received.
4. Other considerations
    - Funding for the new historical marker has been secured by the applicant.

The Welcoming Winnipeg: Reconciling our History policy was adopted because of a demonstrated need for changes to how the City approaches commemoration and to ensure Indigenous perspectives are reflected in the City's historical markers and place names. This policy aligns at a municipal level with Truth and Reconciliation Commission (TRC) Call to Action #43 and the United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP), particularly Article 15:

3. Indigenous peoples have the right to the dignity and diversity of their cultures, traditions, histories and aspirations which shall be appropriately reflected in education and public information.
4. States shall take effective measures, in consultation and cooperation with the Indigenous peoples concerned, to combat prejudice and eliminate discrimination and to promote tolerance, understanding and good relations among Indigenous peoples and all other segments of society.

After careful consideration, the Committee of Community Members (CCM) is recommending that Council support this request.

FINANCIAL IMPACT

Financial Impact Statement Date: August 19, 2022

Project Name:
Creating New Marker: Dawson Trail (St. Boniface)

COMMENTS:

The financial impact of creating a new historical marker acknowledging the western terminus of the Dawson Trail will be determined by the cost of any signage approved for this location. If approved, the cost of signage will be fully offset by a funding contribution by the applicant, resulting in no net impact to the City. The design of this signage has not yet been determined so costs are not yet known.
