EXECUTIVE SUMMARY

The Annual Report of the City of Winnipeg Records Committee provides Council with operational information and summary statistics on corporate recordkeeping, archival programming and access and privacy initiatives managed by the City Clerk's Department, Archives and Records Control Branch.

RECOMMENDATIONS

1. That the 2021 Annual Report of the City of Winnipeg Records Committee, as attached, be received as information.

REASON FOR THE REPORT

On July 14, 2022, the City of Winnipeg Records Committee approved its 2021 Annual Report. This report satisfies section 13(d) of Records Management By-law 123/2020, which requires a report from the Records Committee annually to Council.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no implications of the recommendation as the report is to be received as information.

HISTORY/DISCUSSION

Civic government records and information are critical assets that enable the City to achieve short- and long-term outcomes. Information drives collaboration and communication, preserves public knowledge for reference and reuse, outlines responsibilities, supports decision-making and makes up the corporate memory of the City. These assets are equally relevant and valuable to the larger community and to business.

Division 2 of *The City of Winnipeg Charter Act* establishes requirements for the management, retention, safekeeping, disposition and destruction of the City's records. To meet these requirements, Council has enacted *Records Management By-Law 123/2020*, and the Records Committee has adopted the recordkeeping system developed by the City Archivist. The recordkeeping system requires all City employees create, manage and dispose of records/information according to established policies, an administrative standard, and formal records retention schedules approved by Council.

The Archives and Records Control Branch supports records and information management City-wide, manages access and privacy responsibilities for the City, and operates the City of Winnipeg Archives, the official repository for the archival records of the City.

The attached report details the activities of the Records Committee, as well as the 3 program areas of the Archives and Records Control Branch in 2021.
